## AMERCO AND CONSOLIDATED ENTITIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

## 1.Basis of Presentation

AMERCO, a Nevada corporation ("AMERCO"), has a third fiscal quarter that ends on the 3 1 st of December for each year that is referenced. Our insurance company subsidiaries have a third quarter that ends on the 3 0 th of September for each year that is referenced. They have been consolidated on that basis. Our insurance companies' financial reporting processes conform to calendar year reporting as required by state insurance departments. Management believes that consolidating their calendar year into our fiscal year financial statements does not materially affect the financial position or results of operations. The Company discloses any material events occurring during the intervening period. Consequently, all references to our insurance subsidiaries' years 201 5 and 20 14 correspond to fiscal 201 6 and 201 5 for AMERCO.

Accounts denominated in non-U.S. currencies have been translated into U.S. dollars. Certain amounts reported in previous years have been reclassified to conform to the current presentation.

The condensed consolidated balance sheet as of December 31, 2015 and the related condensed consolidated statements of operations, comprehensive income (loss) for the third quarter and first nine months and cash flows for the first nine months of fiscal 201 6 and 201 5 are unaudited.

In our opinion, all adjustments necessary for the fair presentation of such condensed consolidated financial statements have been included. Such adjustments consist only of normal recurring items. Interim results are not necessarily indicative of results for a full year. The information in this Quarterly Report on Form 10-Q ("Quarterly Report") should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations and financial statements and notes thereto included in our Annual Report on Form 10-K for the fiscal year ended March 31, 201 5.

Intercompany accounts and transactions have been eliminated.

## Description of Legal Entities

AMERCO is the holding company for:

U-Haul International, Inc. ("U-Haul"),

Amerco Real Estate Company ("Real Estate"),

Rep w est Insurance Company ("Rep w est"), and

Oxford Life Insurance Company ("Oxford").

Unless the context otherwise requires, the term s "Company," "we," "us" or "our" refer to AMERCO and all of its legal subsidiaries.

## **Description of Operating Segments**

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

The Property and Casualty Insurance operating segment ("Property and Casualty Insurance") includes Rep w est and its wholly-owned subsidiaries and ARCOA R isk R etention G roup, Inc. ("ARCOA"). Property and Casualty Insurance provides loss adjusting and claims handling for U-Haul through regional offices across North America. Property and Casualty Insurance also underwrites components of the Safemove, Safetow, Safemove Plus, Safestor and Safestor Mobile protection packages to U-Haul customers. The business plan for Property and Casualty Insurance includes offering property and casualty products in other U-Haul related programs. ARCOA is a group captive insurer owned by us and our wholly-owned subsidiaries whose purpose is to provide insurance products related to the moving and storage business.

The Life Insurance operating segment ("Life Insurance") includes Oxford and its wholly-owned subsidiaries. Life Insurance provides life and health insurance products primarily to the senior market through the direct writing and reinsuring of life insurance, Medicare supplement and annuity policies.

### 2. Earnings per Share

Our earnings per share is calculated by dividing our earnings available to common stockholders by the weighted average common shares outstanding, basic and diluted.

The weighted average common shares outstanding exclude post-1992 shares of the employee stock ownership plan that have not been committed to be released. The unreleased shares, net of shares committed to be released, were 7,587 and 14,063 as of December 31, 2015 and 2014, respectively.

## 3. Investments

Expected maturities may differ from contractual maturities as borrowers may have the right to call or prepay obligations with or without call or prepayment penalties.

We deposit bonds with insurance regulatory authorities to meet statutory requirements. The adjusted cost of bonds on deposit with insurance regulatory authorities was \$ 17.5 million and \$16.4 million at December 31, 2015 and March 31, 2015, respectively.

The available for sale table s include gross unrealized losses that are not deemed to be other-than-temporarily impaired, aggregated by investment category and length of time that individual securities have been in a continuous unrealized loss position.

We sold available-for-sale securities with a fair value of \$129.3 million during the first nine months of fiscal 201 6. The gross realized gains on these sales totaled \$4.1 million. The gross realized losses on these sales totaled \$0.6 million.

The unrealized losses of more than twelve months in the available-for-sale table are considered temporary declines. We track each investment with an unrealized loss and evaluate them on an individual basis for other-than-temporary impairments including obtaining corroborating opinions from third party sources, performing trend analysis and reviewing management's future plans. Certain of these investments may have declines that we determine to be other-than-temporary and we recognized these write-downs, if any, through earnings. There were no write downs in the third quarter or for the first nine months of fiscal 2016 or 2015.

The investment portfolio primarily consists of corporate securities and U.S. government securities. We believe we monitor our investments as appropriate. Our methodology of assessing other-than-temporary impairments is based on security-specific analysis as of the balance sheet date and considers various factors including the length of time to maturity, the extent to which the fair value has been less than the cost, the financial condition and the near-term prospects of the issuer, and whether the debtor is current on its contractually obligated interest and principal payments. Nothing has come to our attention that would lead to the belief that each issuer would not have the ability to meet the remaining contractual obligations of the security, including payment at maturity. We have the ability and intent not to sell our fixed maturity and common stock investments for a period of time sufficient to allow us to recover our costs.

The significant inputs utilized in the evaluation of mortgage backed securities credit losses include ratings, delinquency rates, and prepayment activity. The significant inputs utilized in the evaluation of asset backed securities credit losses include the time frame for principal recovery and the subordination and value of the underlying collateral.

There were no credit losses recognized in earnings for which a portion of an other-than-temporary impairment was recognized in accumulated other comprehensive income (loss) for the third quarter or first nine months of fiscal 2016.

The adjusted cost and estimated market value of available-for-sale investments by contractual maturity, were as follows:

Various subsidiaries of U-Haul International, Inc. entered into a revolving fleet loan for \$70 million. The loan matures in May 2019. This agreement contains an option to extend the maturity through February 2020. At December 31, 2015, the applicable LIBOR was 0.23 % and the margin was 1.85%, the sum of which was 2.08 %. Only interest is paid during the first five years of the loan with principal due upon maturity. As of December 31, 2015, the outstanding balance was \$65.0 million.

### Capital Leases

We regularly enter into capital leases for new equipment with the terms of the leases between 5 and 7 years. At December 31, 2015, the balance of these leases was \$ 608.3 million. The net book value of the corresponding capitalized assets was \$ 799.3 million at December 31, 2015.

## Other Obligations

In February 2011, the Company and U.S. Bank, NA (the "Trustee") entered into the U-Haul Investors Club Indenture. The Company and the Trustee entered into this indenture to provide for the issuance of notes by us directly to investors over our proprietary website, uhaulinvestorsclub.com ("U-Notes"). The U-Notes are secured by various types of collateral including rental equipment and real estate. U-Notes are issued in smaller series that vary as to principal amount, interest rate and maturity. U-Notes are obligations of the Company and secured by the associated collateral; they are not guaranteed by any of the Company's affiliates or subsidiaries.

At December 31, 2015, the aggregate outstanding principal balance of the U-N otes issued was \$65.1 million of which \$5.8 million is held by our insurance subsidiaries and eliminated in consolidation. Interest rates range between 3.00% and 8.00% and maturity dates range between 2016 and 204 5.

## 5. Derivatives

We manage exposure to changes in market interest rates. Our use of derivative instruments is limited to highly effective interest rate swaps to hedge the risk of changes in cash flows (future interest payments) attributable to changes in LIBOR swap rates, the designated benchmark interest rate being hedged on certain of our LIBOR indexed variable rate debt and a variable rate operating lease . The interest rate swaps effectively fix our interest payments on certain LIBOR indexed variable rate debt. We monitor our positions and the credit ratings of our counterparties and do not currently anticipate non-performance by the counterparties. Interest rate swap agreements are not entered into for trading purposes.

Gains or losses recognized in income on derivatives are recorded as interest expense in the statements of operations. At December 31, 2015, we expect to reclassify \$10.5 million of net losses on interest rate contracts from accumulated other comprehensive income (loss) to earnings as interest expense over the next twelve months. During the first nine months of fiscal 2016, we recognized an increase in the fair value of our cash flow hedges of \$5.6 million, net of taxes. Embedded in this gain was \$9.7 million of losses reclassified from accumulated other comprehensive income (loss) to interest expense during the first nine months of fiscal 2016, net of taxes.

### 8. Contingent Liabilities and Commitments

We lease a portion of our rental equipment and certain of our facilities under operating leases with terms that expire at various dates substantially through 2019. As of December 31, 2015, we have guaranteed \$39.1 million of residual values for these rental equipment assets at the end of the respective lease terms. Certain leases contain renewal and fair market value purchase options as well as mileage and other restrictions. At the expiration of the lease, we have the option to renew the lease, purchase the asset for fair market value, or sell the asset to a third party on behalf of the lessor. We have been leasing equipment since 1987 and ha ve experienced no material losses relating to these types of residual value guarantees.

## 9 . Contingencies

## PODS Enterprises, Inc. v. U-Haul International, Inc.

On July 3, 2012, PODS Enterprises, Inc. ("PEI"), filed a lawsuit against U-Haul International, Inc. ("U-Haul"), in the United States District Court for the Middle District of Florida, Tampa Division, alleging (1) Federal Trademark Infringement under Section 32 of the Lanham Act, (2) Federal Unfair Competition under Section 43(a) of the Lanham Act, (3) Federal Trademark dilution by blurring in violation of Section 43(c) of the Lanham Act, (4) common law trademark infringement under Florida law, (5) violation of the Florida Dilution; Injury to Business Reputation statute, (6) unfair competition and trade practices, false advertising and passing off under Florida common law, (7) violation of the Florida Deceptive and Unfair Trade Practices Act. and (8) unjust enrichment under Florida law.

The claims arose from U-Haul's use of the word "pod" and "pods" as a generic term for its U-Box moving and storage product. PEI alleged that such use is an inappropriate use of its PODS mark. Under the claims alleged in its Complaint, PEI sought a Court Order permanently enjoining U-Haul from: (1) the use of the PODS mark, or any other trade name or trademark confusingly similar to the mark; and (2) the use of any false descriptions or representations or committing any acts of unfair competition by using the PODS mark or any trade name or trademark confusingly similar to the mark. PEI also sought a Court Order (1) finding all of PEI's trademarks valid and enforceable and (2) requiring U-Haul to alter all web pages to promptly remove the PODS mark from all websites owned or operated on behalf of U-Haul. Finally, PEI sought an award of damages in an amount to be proven at trial, but which are alleged to be approximately \$70 million. PEI also sought pre-judgment interest, trebled damages, and punitive damages.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (CONTINUED)

U-Haul does not believe that PEI's claims have merit and vigorously defended the lawsuit. On September 17, 2012, U-Haul filed its Counterclaims, seeking a Court Order declaring that: (1) U-Haul's use of the term "pods" or "pod" does not infringe or dilute PEI's purported trademarks or violate any of PEI's purported rights; (2) The purported mark "PODS" is not a valid, protectable, or registrable trademark; and (3) The purported mark "PODS PORTABLE ON DEMAND STORAGE" is not a valid, protectable, or registrable trademark. U-Haul also sought a Court Order cancelling the marks at issue in the case.

The case was tried to a jury, beginning on September 8, 2014. On September 19, 2014, the Court granted U-Haul's motion for directed verdict on the issue of punitive damages. The Court deferred ruling on U-Haul's motion for directed verdict on its defense that the words "pod" and "pods" were generic terms for a container used for the moving and storage of goods at the time PEI obtained its trademark ("genericness defense"). Closing arguments were on September 22, 2014.

On September 25, 2014, the jury returned a unanimous verdict, finding in favor of PEI and against U-Haul on all claims and counterclaims. The jury awarded PEI \$45 million in actual damages and \$15.7 million in U-Haul's alleged profits attributable to its use of the term "pod" or "pods."

On October 1, 2014, the Court ordered briefing on U-Haul's oral motion for directed verdict on its genericness defense, the motion on which the Court had deferred ruling during trial. Pursuant to the Court's order, the parties' briefing on that motion was completed by October 21, 2014.

On March 11, 2015, the Court denied U-Haul's Renewed Motion for Directed Verdict, For Judgment as a Matter of Law, Or in the Alternative, Motion for a New Trial. Also on March 11, 2015, the Court entered Judgment on the jury verdict in favor of PEI and against U-Haul in the amount of \$60.7 million.

The parties have filed a series of post-Judgment motions:

On March 25, 2015, PEI filed a motion for an award of attorneys' fees and expenses in the amount of \$6.5 million. On April 27, 2015, U-Haul filed its opposition brief to that motion.

On March 25, 2015, PEI filed a Proposed Bill of Costs in the amount of \$186,411. On April 14, 2015, U-Haul filed an opposition to PEI's proposed bill of costs. On May 1, 2015, PEI filed an amended bill of costs in the amount of \$196,133.

On April 6, 2015, U-Haul filed, with PEI's consent, a motion to stay execution of the Judgment, pending the trial court's rulings on U-Haul's post-Judgment motions. That motion was supported by a supersedeas bond in the amount of \$60.9 million, which represents 100% of the Judgment plus post-Judgment interest at the rate of 0.25% per year for 18 months. PEI and U-Haul both reserved the right to modify the amount of the bond in the event the Judgment is modified by the Court's rulings on the parties' post-Judgment motions (described below). On April 7, 2015, the Court granted U-Haul's motion on consent, staying the Judgment pending rulings on U-Haul's post-Judgment motions.

On April 8, 2015, U-Haul filed its Renewed Motion for Judgment As Matter of Law, or in the Alternative, Motion for New Trial, or to Alter the Judgment. U-Haul argued that it is entitled to judgment as a matter of law because even when all evidence is viewed in PEI's favor, it was legally insufficient for the jury to find for PEI. Alternatively, U-Haul argued that it is entitled to a new trial because the verdict is against the weight of the evidence. Alternatively, U-Haul argued that the Court should reduce the damages and profits award under principles of equity. On April, 27, 2015, PEI filed its opposition brief.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (CONTINUED)

On April 8, 2015, PEI filed a Motion to Amend the Judgment pursuant to Fed. R. Civ. P. 59(e), in which it asked that the Judgment be amended to include (i) the entry of a permanent injunction; (ii) an award of pre-Judgment interest in the amount of \$4.9 million; (iii) an award of post-Judgment interest in the amount of \$11,441 and continuing to accrue at the rate of 0.25% while the case proceeds; (iv) doubling of the damages award to \$121.4 million; and (v) the entry of an order directing the Patent and Trademark Office to dismiss the cancellation proceedings that U-Haul filed, which sought cancellation of the PODS trademarks. On April 27, 2015, U-Haul filed its opposition brief arguing, among other things, that (1) PEI is not entitled to recover double the windfall the jury incorrectly awarded it; (2) PEI is not entitled to the overreaching injunction it seeks; (3) PEI is not entitled to pre-judgment interest; (4) PEI has overstated the amount of post-Judgment interest to which it is entitled; and (5) PEI's request that the Court order the Trademark Trial and Appeal Board to dismiss U-Haul's cancellation proceeding is premature.

On April 9, 2015, U-Haul filed a protective Notice of Appeal. We expect that this notice of appeal will be automatically stayed and will become effective upon the disposition of (1) U-Haul's renewed motion for judgment or a new trial or alteration of the Judgment or (2) PEI's motion to alter or amend the Judgment, whichever comes later.

On August 24, 2015, the trial court entered two orders resolving the parties' post-trial motions. In short, U-Haul's efforts at setting aside the judgment, getting a new trial or reducing the amount of the jury award were denied, PEI's motions to enhance (i.e., double) the jury award and receive an award for attorneys' fees were denied, but the Court entered a permanent injunction, and awarded PEI \$4.9 million in pre-judgment interest, \$82,727 in costs, and post-judgment interest at the rate of 0.25%, beginning March 11, 2015, computed daily and compounded annually.

On September 4, 2015, U-Haul filed in the trial court its (i) amended notice of appeal, (ii) motion on consent of PEI to approve the bond and stay execution of the judgment pending appeal, and (iii) motion to stay or modify the injunction.

On September 8, 2015, the trial court entered an Order granting U-Haul's Motion on Consent to Approve Bond and Stay Execution of Judgment. The Judgment, as amended by the trial court's orders adding an award of costs and pre-judgment interest, is stayed pending resolution of appeals.

On October 15, 2015, the trial court denied U-Haul's motion to modify or stay the injunction pending appeal. But in the process, the Court clarified that (i) the reach of the injunction is limited to "advertising, promoting, marketing, or describing any products or services" and (ii) use of the terms "pod" and "pods" in comparative advertising is not prohibited, thereby allowing "nominative fair use" and truthful communications in customer dialogue and making clear that "nothing in the injunction mandates censorship with respect to consumer comments."

PEI's deadline for filing a notice of cross-appeal was September 23, 2015, and PEI did not file a notice of cross-appeal.

On September 23, 2015, the Eleventh Circuit Court of Appeals granted the parties' joint motion for an extension of time for filing their respective briefs on appeal. U-Haul's initial brief was due on December 17, 2015, PEI's response brief is due on March 16, 2016, and U-Haul's reply is due on April 29, 2016.

On September 24, 2015, the Eleventh Circuit Court of Appeals issued a Notice setting a telephonic mediation for November 16, 2015, beginning at 2:00 p.m., Eastern Time. The mediation was unsuccessful.

U-Haul filed its opening brief on appeal with the Eleventh Circuit Court of Appeals on December 17, 201 5. PEI's response brief is due on March 16, 2016, and U-Haul's reply is due on April 29, 2016.

### Environmental

Compliance with environmental requirements of federal, state and local governments may significantly affect Real Estate's business operations. Among other things, these requirements regulate the discharge of materials into the air, land and water and govern the use and disposal of hazardous substances. Real Estate is aware of issues regarding hazardous substances on some of its properties. Real Estate regularly makes capital and operating expenditures to stay in compliance with environmental laws and has put in place a remedial plan at each site where it believes such a plan is necessary. Since 1988, Real Estate has managed a testing and removal program for underground storage tanks.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (CONTINUED)

Based upon the information currently available to Real Estate, compliance with the environmental laws and its share of the costs of investigation and cleanup of known hazardous waste sites are not expected to result in a material adverse effect on AMERCO's financial position or results of operations.

#### Otho

We are named as a defendant in various other litigation and claims arising out of the normal course of business. In management's opinion, none of these other matters will have a material effect on our financial position and results of operations.

## 10 . Related Party Transactions

As set forth in the Audit Committee Charter and consistent with N ASDAQ Listing Rules, our Audit Committee (the "Audit Committee") reviews and maintains oversight over related party transactions which are required to be disclosed under the Securities and Exchange Commission ("SEC") rules and regulations and in accordance with the generally accepted accounting principles ("GAAP"). Accordingly, all such related party transactions are submitted to the Audit Committee for ongoing review and oversight.

Our internal processes are designed to ensure that our legal and finance departments identify and monitor potential related party transactions that may require disclosure and Audit Committee oversight.

AMERCO has engaged in related party transactions and has continuing related party interests with certain major stockholders, directors and officers of the consolidated group as disclosed below. Management believes that the transactions described below and in the related notes were completed on terms substantially equivalent to those that would prevail in arm's-length transactions.

SAC Holding Corporation and SAC Holding II Corporation, (collectively, "SAC Holdings") were established in order to acquire and develop self-storage properties. These properties are being managed by us pursuant to management agreements. In the past, we sold real estate and various self-storage properties to SAC Holdings, and such sales provided significant cash flows to us.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (CONTINUED)

During the first nine months of fiscal 201 6, a subsidiary of ours held a junior unsecured note from SAC Holdings. Substantially all of the equity interest of SAC Holdings is controlled by Blackwater Investments, Inc. ("Blackwater"). Blackwater is wholly-owned by Mark V. Shoen, a significant stock holder of AMERCO. We do not have an equity ownership interest in SAC Holdings. We received cash interest payments of \$ 3.4 million and \$ 4.6 million from SAC Holdings during the first nine months of fiscal 201 6 and 201 5, respectively. The largest aggregate amount of notes receivable outstanding during the first nine months of fiscal 201 6 was \$ 50.4 million and the aggregate notes receivable balance at December 31, 2015 was \$ 49.6 million. In accordance with the terms of th is note, SAC Holdings may prepay the note without penalty or premium at any time. The scheduled maturity of th is note is 2017.

During the first nine months of fiscal 201 6, AMERCO held a junior note issued by Private Mini Storage Realty, L.P. ("Private Mini"). The equity interests of Private Mini are ultimately controlled by Blackwater. We received cash interest payments of \$1.5 million and \$4.0 million from Private Mini during the first nine months of fiscal 201 6 and 201 5, respectively. The largest aggregate amount outstanding during the first nine months of fiscal 201 6 was \$56.5 million. In July 2015, Private Mini repaid its note and all outstanding interest due AMERCO totalling \$56.8 million.

We currently manage the self-storage properties owned or leased by SAC Holdings, Mercury Partners, L.P. ("Mercury"), Four SAC Self-Storage Corporation ("4 SAC"), Five SAC Self-Storage Corporation ("5 SAC"), Galaxy Investments, L.P. ("Galaxy") and Private Mini pursuant to a standard form of management agreement, under which we receive a management fee of between 4% and 10% of the gross receipts plus reimbursement for certain expenses. We received management fees, exclusive of reimbursed expenses, of \$ 21.4 million and \$20.6 million from the above mentioned entities during the first nine months of fiscal 201 6 and 201 5, respectively. This management fee is consistent with the fee received for other properties the Company previously managed for third parties. SAC Holdings, 4 SAC, 5 SAC, Galaxy and Private Mini are substantially controlled by Blackwater. Mercury is substantially controlled by Mark V. Shoen. James P. We lease space for marketing company offices, vehicle repair shops and hitch installation centers from subsidiaries of SAC Holdings, 5 SAC and Galaxy. The terms of the leases are similar to the terms of leases for other properties owned by unrelated parties that are leased to us.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (CONTINUED)

At December 31, 2015, subsidiaries of SAC Holdings, 4 SAC, 5 SAC, Galaxy and Private Mini acted as U-Haul independent dealers. The financial and other terms of the dealership contracts with the aforementioned companies and their subsidiaries are substantially identical to the terms of those with our other independent dealers whereby commissions are paid by the Company based upon equipment rental revenues.

These agreements and notes with subsidiaries of SAC Holdings, 4 SAC, 5 SAC, Galaxy and Private Mini, excluding Dealer Agreements, provided revenues of \$21.5 million, expenses of \$ 2.0 million and cash flows of \$ 77.8 million during the first nine months of fiscal 201 6. Revenues and commission expenses related to the Dealer Agreements were \$ 202.8 million and \$ 43.7 million, respectively during the first nine months of fiscal 201 6.

Pursuant to the variable interest entity model under ASC 810 – Consolidation ("ASC 810"), Management determined that the junior notes of SAC Holdings and Private Mini as well as the management agreements with SAC Holdings, Mercury, 4 SAC, 5 SAC, Galaxy, and Private Mini represent potential variable interests for us. Management evaluated whether it should be identified as the primary beneficiary of one or more of these VIEs using a two - step approach in which management (i) identified all other parties that hold interests in the VIEs, and (ii) determined if any variable interest holder has the power to direct the activities of the VIEs that most significantly impact their economic performance.

Management determined that they do not have a variable interest in the holding entities SAC Holding II Corporation, Private Mini, Mercury, 4 SAC, 5 SAC, or Galaxy based upon management agreements which are with the individual operating entities or through the issuance of junior debt; therefore, we are precluded from consolidating these entities.

We have junior debt with SAC Holding Corporation which represents a variable interest. Though we have certain protective rights within th is debt agreement, we have no present influence or control over th is holding entity unless their protective rights become exercisable, which management considers unlikely based on their payment history. As a result, we have no basis under ASC 810 to consolidate this entity.

We do not have the power to direct the activities that most significantly impact the economic performance of the individual operating entities which have management agreements with U-Haul. There are no fees or penalties disclosed in the management agreement for termination of the agreement. Through control of the holding entities 'assets, and its ability and history of making key decisions relating to the entity and its assets, Blackwater, and its owner, are the variable interest holder with the power to direct the activities that most significantly impact each of the individual holding entities and the individual operating entities' performance. As a result, we have no basis under ASC 810 to consolidate these entities.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (CONTINUED)

We have not provided financial or other support explicitly or implicitly during the quarter ended December 31, 2015 to any of these entities that we were not previously contractually required to provide. In addition, we currently have no plan to provide any financial support to any of these entities in the future. The carrying amount and classification of the assets and liabilities in our balance sheet s that relate to our variable interests in the aforementioned entities are as follows, which approximate the maximum exposure to loss as a result of our involvement with these entities:

## 11. Consolidating Financial Information by Industry Segment

AMERCO's three reportable segments are:

- Moving and Storage, comprised of AMERCO, U-Haul, and Real Estate and the subsidiaries of U-Haul and Real Estate,
- · Property and Casualty Insurance, comprised of Rep w est and its subsidiaries and ARCOA, and
- Life Insurance, comprised of Oxford and its subsidiaries.

Management tracks revenues separately, but does not report any separate measure of the profitability for rental vehicles, rentals of self-storage spaces and sales of products that are required to be classified as a separate operating segment and accordingly does not present these as separate reportable segments. Deferred income taxes are shown as liabilities on the condensed consolidating statements.

The information includes elimination entries necessary to consolidate AMERCO, the parent, with its subsidiaries.

Investments in subsidiaries are accounted for by the parent using the equity method of accounting.

## 14. Fair Value Measurements

Fair values of cash equivalents approximate carrying value due to the short period of time to maturity. Fair values of short term investments, investments available-for-sale, long term investments, mortgage loans and notes on real estate, and interest rate swap contracts are based on quoted market prices, dealer quotes or discounted cash flows. Fair values of trade receivables approximate their recorded value.

Our financial instruments that are exposed to concentrations of credit risk consist primarily of temporary cash investments, trade receivables, reinsurance recoverables and notes receivable. Limited credit risk exists on trade receivables due to the diversity of our customer base and their dispersion across broad geographic markets. We place our temporary cash investments with financial institutions and limit the amount of credit exposure to any one financial institution.

We have mortgage receivables, which potentially expose us to credit risk. The portfolio of notes is principally collateralized by self- storage facilities and commercial properties. Historically, we have not experienced any material losses related to the notes from individual or groups of notes in any particular industry or geographic area. The estimated fair values were determined using the discounted cash flow method and using interest rates currently offered for similar loans to borrowers with similar credit ratings.

The carrying amount of long term debt and short term borrowings are estimated to approximate fair value as the actual interest rate is consistent with the rate estimated to be currently available for debt of similar term and remaining maturity.

Other investments including short term investments are substantially current or bear reasonable interest rates. As a result, the carrying values of these financial instruments approximate fair value.

#### **AMERCO AND CONSOLIDATED SUBSIDIARIES**

# NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - (CONTINUED)

A ssets and liabilities are recorded at fair value on the condensed consolidated balance sheets and are measured and classified based upon a three tiered approach to valuation. ASC 820 - Fair Value Measurements and Disclosure ("ASC 820") requires that financial assets and liabilities recorded at fair value be classified and disclosed in one of the following three categories:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Quoted prices for identical or similar financial instruments in markets that are not considered to be active, or similar financial instruments for which all significant inputs are observable, either directly or indirectly, or inputs other than quoted prices that are observable, or inputs that are derived principally from or corroborated by observable market data through correlation or other means; and
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and are unobservable. These reflect management's assumptions about the assumptions a market participant would use in pricing the asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following table represents the financial assets and liabilities on the condensed consolidated balance sheet at December 31, 2015 and March 31, 2015, that are subject to ASC 820 and the valuation approach applied to each of these items.

#### ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

#### General

We begin Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") with the overall strategy of AMERCO, followed by a description of , and strategy related to, our operating segments to give the reader an overview of the goals of our businesses and the direction in which our businesses and products are moving. We then discuss our critical accounting policies and estimates that we believe are important to understanding the assumptions and judgments incorporated in our reported financial results. Next, we discuss our results of operations for the third quarter of fiscal 201 6, compared with the third quarter of fiscal 201 5, and for the first nine months of fiscal 2016, compared with the first nine months of fiscal 2015, which are followed by an analysis of changes in our balance sheets and cash flows, and a discussion of our financial commitments in the sections entitled Liquidity and Capital Resources - Summary and Disclosures about Contractual Obligations and Commercial Commitments and a discussion of off-balance sheet arrangements . We conclude this MD&A by discussing our current outlook for the remainder of fiscal 201 6.

This MD&A should be read in conjunction with the other sections of this Quarterly Report, including the Notes to Condensed Consolidated Financial Statements. The various sections of this MD&A contain a number of forward-looking statements, as discussed under the caption, Cautionary Statements Regarding Forward-Looking Statements, all of which are based on our current expectations and could be affected by the uncertainties and risk s described throughout this filing or in our most recent Annual Report on Form 10-K for the fiscal year ended March 31, 201 5. Many of these risks and uncertainties are beyond our control and our actual results may differ materially from these forward-looking statements.

AMERCO, a Nevada corporation ("AMERCO"), has a third fiscal quarter that ends on the 3 1 st of December for each year that is referenced. Our insurance company subsidiaries have a third quarter that ends on the 3 0 th of September for each year that is referenced. They have been consolidated on that basis. Our insurance companies' financial reporting processes conform to calendar year reporting as required by state insurance departments. Management believes that consolidating their calendar year into our fiscal year financial statements does not materially affect the financial position or results of operations. The Company discloses any material events occurring during the intervening period. Consequently, all references to our insurance subsidiaries' years 201 5 and 20 14 correspond to fiscal 201 6 and 201 5 for AMERCO.

# **Overall Strategy**

Our overall strategy is to maintain our leadership position in the North American "do-it-yourself" moving and storage industry. We accomplish this by providing a seamless and integrated supply chain to the "do-it-yourself" moving and storage market. As part of executing this strategy, we leverage the brand recognition of U-Haul with our full line of moving and self-storage related products and services and the convenience of our broad geographic presence.

Our primary focus is to provide our customers with a wide selection of moving rental equipment, convenient self-storage rental facilities and related moving and self-storage products and services. We are able to expand our distribution and improve customer service by increasing the availability of moving equipment and storage rooms and portable moving and storage units available for rent, expanding the number of independent dealers in our network and expanding and taking advantage of our eMove <sup>®</sup> capabilities.

Property and Casualty Insurance is focused on providing and administering property and casualty insurance to U-Haul and its customers, its independent dealers and affiliates

Life Insurance is focused on long-term capital growth through direct writing and reinsuring of life, Medicare supplement and annuity products in the senior marketplace.

# **Description of Operating Segments**

AMERCO's three reportable segments are:

- Moving and Storage, comprised of AMERCO, U-Haul, and Real Estate and the subsidiaries of U-Haul and Real Estate,
- · Property and Casualty Insurance, comprised of Repwest and its subsidiaries and ARCOA, and
- Life Insurance, comprised of Oxford and its subsidiaries.

#### Moving and Storage Operating Segment

Moving and Storage consists of the rental of trucks, trailers, portable moving and storage units, specialty rental items and self-storage spaces primarily to the household mover as well as sales of moving supplies, towing accessories and propane. Operations are conducted under the registered trade name U-Haul <sup>®</sup> throughout the United States and Canada.

With respect to our truck, trailer, specialty rental items and self-storage rental business, we are focused on expanding our dealer network, which provides added convenience for our customers and expanding the selection and availability of rental equipment to satisfy the needs of our customers.

U-Haul brand self-moving related products and services, such as boxes, pads and tape allow our customers to, among other things; protect their belongings from potential damage during the moving process. We are committed to providing a complete line of products selected with the "do-it-yourself" moving and storage customer in mind.

uhaul.com is an online marketplace that connects consumers to Company operations as well as independent Moving Help <sup>®</sup> service providers and thousands of independent Self-Storage Affiliates. Our network of customer - rated providers and affiliates provide pack and load help, cleaning help, self-storage and similar services, all over North America. Our goal is to further utilize our web-based technology platform to increase service to consumers and businesses in the moving and storage market.

Since 1945 U-Haul has incorporated sustainable practices into its everyday operations. We believe that our basic business premise of equipment sharing helps reduce greenhouse gas emissions and reduces the inventory of total large capacity vehicles. We continue to look for ways to reduce waste within our business and are dedicated to manufacturing reusable components and recyclable products. We believe that our commitment to sustainability, through our products and services and everyday operations, has helped us to reduce our impact on the environment.

#### Property and Casualty Insurance Operating Segment

Property and Casualty Insurance provides loss adjusting and claims handling for U-Haul through regional offices across North America. Property and Casualty Insurance also underwrites components of the Safemove, Safetow, Safemove Plus and Safestor protection packages to U-Haul customers. We continue to focus on increasing the penetration of these products into the moving and storage market. The business plan for Property and Casualty Insurance includes offering property and casualty products in other U-Haul related programs.

#### Life Insurance Operating Segment

Life Insurance provides life and health insurance products primarily to the senior market through the direct writing and reinsuring of life insurance, Medicare supplement and annuity policies.

# **Critical Accounting Policies and Estimates**

Our financial statements have been prepared in accordance with GAAP in the United States. The methods, estimates and judgments we use in applying our accounting policies can have a significant impact on the results we report in our financial statements. Certain accounting policies require us to make difficult and subjective judgments and assumptions, often as a result of the need to estimate matters that are inherently uncertain.

In the following pages we have set forth, with a detailed description, the accounting policies that we deem most critical to us and that require management's most difficult and subjective judgments. These estimates are based on historical experience, observance of trends in particular areas, information and valuations available from outside sources and on various other assumptions that are believed to be reasonable under the circumstances and which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual amounts may differ from these estimates under different assumptions and conditions; such differences may be material.

We also have other policies that we consider key accounting policies, such as revenue recognition; however, these policies do not meet the definition of critical accounting estimates, because they do not generally require us to make estimates or judgments that are difficult or subjective. The accounting policies that we deem most critical to us, and involve the most difficult, subjective or complex judgments include the following:

#### Principles of Consolidation

We appl y ASC 810 - Consolidation ("ASC 810") in our principles of consolidation. ASC 810 addresses arrangements where a company does not hold a majority of the voting or similar interests of a variable interest entity ("VIE"). A company is required to consolidate a VIE if it has determined it is the primary beneficiary. ASC 810 also addresses the policy when a company owns a majority of the voting or similar rights and exercises effective control.

As promulgated by ASC 810, a VIE is not self-supportive due to having one or both of the following conditions: (i) it has an insufficient amount of equity for it to finance its activities without receiving additional subordinated financial support or (ii) its owners do not hold the typical risks and rights of equity owners. This determination is made upon the creation of a variable interest and is re-assessed on an on-going basis should certain changes in the operations of a VIE, or its relationship with the primary beneficiary trigger a reconsideration under the provisions of ASC 810. After a triggering event occurs the facts and circumstances are utilized in determining whether or not a company is a VIE, which other company(s) have a variable interest in the entity, and whether or not the company's interest is such that it is the primary beneficiary.

We will continue to monitor our relationships with the other entities regarding who is the primary beneficiary, which could change based on facts and circumstances of any reconsideration events.

## Recoverability of Property, Plant and Equipment

Our p roperty, plant and equipment is stated at cost. Interest expense ,if any, incurred during the initial construction of buildings and rental equipment is considered part of cost. Depreciation is computed for financial reporting purposes using the straight-line or an accelerated method based on a declining balance formula over the following estimated useful lives: rental equipment 2-20 years and buildings and non-rental equipment 3-55 years. We follow the deferral method of accounting based on ASC 908 - Airlines for major overhauls in which engine and transmission overhauls are currently capitalized and amortized over three years. Routine maintenance costs are charged to operating expense as they are incurred. Gains and losses on dispositions of property, plant and equipment are netted against depreciation expense when realized. Equipment depreciation is recognized in amounts expected to result in the recovery of estimated residual values upon disposal, i.e., minimize gains or losses. In determining the depreciation rate, historical disposal experience, holding periods and trends in the market for vehicles are reviewed.

We regularly perform reviews to determine whether facts and circumstances exist which indicate that the carrying amount of assets, including estimates of residual value, may not be recoverable or that the useful life of assets are shorter or longer than originally estimated. Reductions in residual values (i.e., the price at which we ultimately expect to dispose of revenue earning equipment) or useful lives will result in an increase in depreciation expense over the life of the equipment. Reviews are performed based on vehicle class, generally subcategories of trucks and trailers. We assess the recoverability of our assets by comparing the projected undiscounted net cash flows associated with the related asset or group of assets over their estimated remaining lives against their respective carrying amounts. We consider factors such as current and expected future market price trends on used vehicles and the expected life of vehicles included in the fleet. Impairment, if any, is based on the excess of the carrying amount over the fair value of those assets. If asset residual values are determined to be recoverable, but the useful lives are shorter or longer than originally estimated, the net book value of the assets is depreciated over the newly determined remaining useful lives.

M anagement determined that additions to the fleet resulting from purchase s should be depreciated on an accelerated method based upon a declining formula. Under the declining balances method (2.4 times declining balance), the book value of a rental truck is reduced approximately 16%, 13%, 11%, 9%, 8%, 7%, and 6% during years one through seven, respectively, and then reduced on a straight line basis to a salvage value of 20 % by the end of year fifteen. Beginning in October 2012, rental equipment subject to this depreciation schedule will be depreciated to a salvage value of 15%. Comparatively, a standard straight line approach would reduce the book value by approximately 5. 7 % per year over the life of the truck.

Although we intend to sell our used vehicles for prices approximating book value, the extent to which we realize a gain or loss on the sale of used vehicles is dependent upon various factors including but not limited to, the general state of the used vehicle market, the age and condition of the vehicle at the time of its disposal and the depreciation rates with respect to the vehicle. We typically sell our used vehicles at our sales centers throughout North America, on our web site at uhaul.com/trucksales or by phone at 1-866-404-0355. Additionally, we sell a large portion of our pickup and cargo van fleet at automobile dealer auctions.

### Insurance Reserves

Liabilities for life insurance and certain annuity and health policies are established to meet the estimated future obligations of policies in force, and are based on mortality, morbidity and withdrawal assumptions from recognized actuarial tables which contain margins for adverse deviation. In addition, liabilities for health, disability and other policies include estimates of payments to be made on insurance claims for reported losses and estimates of losses incurred, but not yet reported. Liabilities for annuity contracts consist of contract account balances that accrue to the benefit of the policyholders.

Insurance reserves for Property and Casualty Insurance and U-Haul take into account losses incurred based upon actuarial estimates and are management's best approximation of future payments. These estimates are based upon past claims experience and current claim trends as well as social and economic conditions such as changes in legal theories and inflation. These reserves consist of case reserves for reported losses and a provision for losses incurred but not reported ("IBNR"), both reduced by applicable reinsurance recoverables, resulting in a net liability.

Due to the nature of the underlying risks and high degree of uncertainty associated with the determination of the liability for future policy benefits and claims, the amounts to be ultimately paid to settle these liabilities cannot be precisely determined and may vary significantly from the estimated liability, especially for long-tailed casualty lines of business such as excess workers' compensation. As a result of the long-tailed nature of the excess workers compensation policies written by Repwest during 1983 through 200 1, it may take a number of years for claims to be fully reported and finally settled.

I nsurance reserve adequacy is reviewed on a regular basis by management to determine if existing assumptions need to be updated. In determining the assumptions for calculating workers' compensation reserves, management considers multiple factors including the following:

- Claimant longevity
- Cost trends associated with claimant treatments
- · Changes in ceding entity and third party administrator reporting practices

- Changes in environmental factors including legal and regulatory
- Current conditions affecting claim settlements
- Future economic conditions including inflation

We have reserved each claim based upon the accumulation of current claim costs projected through each claimant's life expectancy, and then adjusted for applicable reinsurance arrangements. Management reviews each claim bi-annually to determine if the estimated life-time claim costs have increased and then adjusts the reserve estimate accordingly at that time. We have factored in an estimate of what the potential cost increases could be in our IBNR liability. We have not assumed settlement of the existing claims in calculating the reserve amount, unless it is in the final stages of completion.

Continued increases in claim costs, including medical inflation and new treatments and medications could lead to future adverse development resulting in additional reserve strengthening. Conversely, settlement of existing claims or if injured workers return to work or expire prematurely, could lead to future positive development.

#### Impairment of Investments

Investments are evaluated pursuant to guidance contained in ASC 320 - *Investments - Debt and Equity Securities* to determine if and when a decline in market value below amortized cost is other-than-temporary. Management makes certain assumptions or judgments in its assessment including but not limited to: our ability and intent to hold the security, quoted market prices, dealer quotes or discounted cash flows, industry factors, financial factors, and issuer specific information such as credit strength. Other-than-temporary impairment in value, if any, is recognized in the current period operating results. There were no write downs in the third quarter or first nine months of fiscal 2016 or 2015.

#### Income Taxes

We file a consolidated tax return with all of our legal subsidiaries.

Our tax returns are periodically reviewed by various taxing authorities. The final outcome of these audits may cause changes that could materially impact our financial results.

#### Fair Values

Fair values of cash equivalents approximate carrying value due to the short period of time to maturity. Fair values of short term investments, investments available-for-sale, long term investments, mortgage loans and notes on real estate, and interest rate swap contracts are based on quoted market prices, dealer quotes or discounted cash flows. Fair values of trade receivables approximate their recorded value.

Our financial instruments that are exposed to concentrations of credit risk consist primarily of temporary cash investments, trade receivables, reinsurance recoverables and notes receivable. Limited credit risk exists on trade receivables due to the diversity of our customer base and their dispersion across broad geographic markets. We place our temporary cash investments with f inancial institutions and limit the amount of credit exposure to any one financial institution.

We have mortgage receivables, which potentially expose us to credit risk. The portfolio of notes is principally collateralized by self- storage facilities and commercial properties. We have not experienced any material losses related to the notes from individual or groups of notes in any particular industry or geographic area. The estimated fair values were determined using the discounted cash flow method and using interest rates currently offered for similar loans to borrowers with similar credit ratings.

The carrying amount of long term debt and short term borrowings are estimated to approximate fair value as the actual interest rate is consistent with the rate estimated to be currently available for debt of similar term and remaining maturity.

Other investments including short term investments are substantially current or bear reasonable interest rates. As a result, the carrying values of these financial instruments approximate fair value.

#### Subsequent Events

Our management has evaluated subsequent events occurring after December 31, 2015, the date of our most recent balance sheet, through the date our financial statements were issued. We do not believe any subsequent events have occurred that would require further disclosure or adjustment to our financial statements.

#### Recent Accounting Pronouncements

In March 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-03, Simplifying the Presentation of Debt Issuance Costs. The amendments in this update require that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The recognition and measurement guidance for debt issuance costs are not affected by the amendments in this update. The guidance is effective for interim periods and annual period beginning after December 15, 2015; however early adoption is permitted. The adoption of this standard is not expected to have a material impact on our consolidated financial statements.

In August 2015, the FASB issued ASU 2015-14, Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date. The amendment in this update extends the effective date of ASU 2014-09, Revenue from Contracts with Customers, to fiscal periods beginning after December 15, 2017 from December 15, 2016.

In January 2016, the FASB issued ASU 2016-01, "Financial Instruments-Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities." The amendments in ASU 2016-01, among other things, requires equity investments (except those accounted for under the equity method of accounting, or those that result in consolidation of the investee) to be measured at fair value with changes in fair value recognized in net income; requires public business entities to use the exit price notion when measuring the fair value of financial instruments for disclosure purposes; requires separate presentation of financial assets and financial liabilities by measurement category and form of financial asset (i.e., securities or loans and receivables); eliminates the requirement for public business entities to disclose the method(s) and significant assumptions used to estimate the fair value that is required to be disclosed for financial instruments measured at amortized cost. The amendments in this ASU are effective for public companies for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. The Company is currently in the process of evaluating the impact of the adoption on its consolidated financial statements.

From time to time, new accounting pronouncements are issued by the FASB or the SEC that are adopted by us as of the specified effective date. Unless otherwise discussed, these ASU's entail technical corrections to existing guidance or affect guidance related to specialized industries or entities and therefore will have minimal, if any, impact on our financial position or results of operations upon adoption.

## Quarter Ended December 31, 2015 compared with the Quarter Ended December 31, 2014

Listed below on a consolidated basis are revenues for our major product lines for the third quarter of fiscal 201 6 and the third quarter of fiscal 201 5:

	_	Quarter Ended December 3		
		2015	2014	
		(Unaudite	d)	
		(In thousan	ids)	
Self-moving equipment rentals	\$	517,403 \$	487,415	
Self-storage revenues		63,164	53,503	
Self-moving and self-storage products and service sales		50,038	49,081	
Property management fees		8,170	7,497	
Life insurance premiums		40,657	39,026	
Property and casualty insurance premiums		14,105	13,584	
Net investment and interest income		19,026	20,752	
Other revenue		32,188	35,497	
Consolidated revenue	\$	744,751 \$	706,355	

Self-moving equipment rental revenues increased \$ 30.0 million during the third quarter of fiscal 201 6, compared with the third quarter of fiscal 201 5. Revenue and transactions from both our In-Town and one-way truck and trailer markets increased compared to the same period last year. During the quarter we continued to add new independent dealers and Company-owned locations to our distribution network.

Self-storage revenues increased \$9.7 million during the third quarter of fiscal 201 6, compared with the third quarter of fiscal 201 5. The average monthly amount of occupied square feet increased by 14.5% during the third quarter of fiscal 201 6 compared with the same period last year. The growth in revenues and square feet rented comes from a combination of improved occupancy at existing locations as well as the addition of new facilities to the portfolio. Over the last twelve months we have added approximately 3.6 million net rentable square feet to the self-storage portfolio with over 1.2 million of that coming on during the third quarter.

Sales of self-moving and self-storage products and services increased \$ 1.0 million during the third quarter of fiscal 201 6, compared with the third quarter of fiscal 201 5. Increases were recognized in the sales of moving supplies and towing accessories and related installations.

Life insurance premiums in c reased \$ 1.6 million during the third quarter of fiscal 201 6, compared with the third quarter of fiscal 2015 due primarily to increased life and Medicare supplement premiums.

Property and casualty insurance premiums increased \$ 0.5 million during the third quarter of fiscal 2016, compared with the third quarter of fiscal 2015 due to an increase in Safestor and Safetow sales which is a reflection of increased equipment and storage rental transactions.

Net investment and interest income de creased \$ 1.7 million during the third quarter of fiscal 2016, compared with the third quarter of fiscal 2015. Reduced note balances due from SAC Holdings and Private Mini resulted in decreased interest income at Moving and Storage combined with a decline at Oxford from lower option income.

Other revenue decreased \$ 3.3 million during the third quarter of fiscal 2016, compared with the third quarter of fiscal 2015 caused primarily by reduced revenue in the U-Box TM program.

As a result of the items mentioned above, revenues for AMERCO and its consolidated entities were \$744.8 million for the third quarter of fiscal 201 6, compared with \$706.4 million for the third quarter of fiscal 201 5.

Listed below are revenues and earnings from operations at each of our operating segments for the third quarter of fiscal 201 6 and the third quarter of fiscal 201 5. The insurance companies third quarters ended September 30, 201 5 and 20 14.

Earnings from operations	157,902	133,152

Total costs and expenses in creased \$ 13.6 million during the third quarter of fiscal 201 6, compared with the third quarter of fiscal 201 5. The insurance companies were responsible for \$3.0 million of the increase as a result of costs associated with increased new business.

Moving and Storage accounted for \$10.7 million of the increase. Operating expenses for Moving and Storage increased \$16.5 million. Personnel and overhead cost increases were partially offset by decreased direct operating costs associated with the U-Box program. Depreciation expense increased \$7.4 million; however, gains from the disposal of property, plant and equipment increased \$3.5 million. This resulted in a net increase of \$3.9 million in depreciation expense, net. We have increased the number of trucks sold compared with the same quarter last year and the resale market for these trucks remains strong. Lease expense decreased \$8.2 million as a result of our shift in financing new equipment on the balance sheet versus through operating leases.

As a result of the above mentioned changes in revenues and expenses, earnings from operations increased to \$ 157.9 million for the third quarter of fiscal 201 6, compared with \$ 133.2 million for the third quarter of fiscal 201 5.

Interest expense for the third quarter of fiscal 2016 was \$ 25.4 million, compared with \$ 25.7 million for the third quarter of fiscal 201 5 primarily due to lower borrowing costs .

Income tax expense was \$ 50.7 million for the third quarter of fiscal 201 6 , compared with \$ 40.9 million for the third quarter of fiscal 201 6 .

As a result of the above mentioned items, earnings available to common shareholders were \$81.8 million for the third quarter of fiscal 201 6, compared with \$66.5 million for the third quarter of fiscal 201 5.

Basic and diluted earnings per share for the third quarter of fiscal 201 6 were \$ 4.17, compared with \$ 3.40 for the third quarter of fiscal 201 5.

The weighted average common shares outstanding basic and diluted were 19,599,352 for the third quarter of fiscal 201 6, compared with 19,5 90, 555 for the third quarter of fiscal 201 5.

#### Moving and Storage

## Quarter Ended December 31, 2015 compared with the Quarter Ended December 31, 2014

Listed below are revenues for the major product lines at our Moving and Storage operating segment for the third quarter of fiscal 201 6 and the third quarter of fiscal 201 5:

As a result of the above mentioned changes in revenues and expenses, earnings from operations for the Moving and Storage operating segment before consolidation of the equity in the earnings of the insurance subsidiaries, increased to \$ 144.1 million for the third quarter of fiscal 2016, compared with \$117.9 million for the third quarter of fiscal 2015.

Equity in the earnings of AMERCO's insurance subsidiaries was \$ 9.1 million and \$ 10.1 million for the third guarter of fiscal 201 6 and 201 5, respectively.

As a result of the above mentioned changes in revenues and expenses, earnings from operations increased to \$ 153.2 million for the third quarter of fiscal 201 6, compared with \$ 128.0 million for the third quarter of fiscal 201 5.

#### **Property and Casualty Insurance**

### Quarter Ended September 30, 201 5 compared with the Quarter Ended September 30, 2014

Net premiums were \$ 14.1 million and \$1.3 . 6 million for the third quarters ended September 30, 2015 and 2014, respectively . A significant portion of Repwest's premiums are from policies sold in conjunction with U-Haul rental transactions. The premium increase corresponded with the increased moving and storage transactions at U-Haul during the same time period as well as from sales of Safestor through independent storage operators not owned or managed by U-Haul.

Net investment income was \$ 3.3 million and \$ 3.0 million for the third quarters ended September 3 0, 2015 and 2014, respectively primarily from increases in real estate income.

Net operating expenses were \$ 7.0 million and \$ 6.1 million for the third quarters ended September 30, 2015 and 2014, respectively due primarily to an increase in commissions.

Benefits and losses incurred were \$4.0 million and \$3.5 million for the third quarters ended September 30, 2015 and 2014, respectively, as a result of increased claims associated with our Safemove and SafeStor business.

As a result of the above mentioned changes in revenues and expenses, pretax earnings from operations were \$ 6.3 million and \$ 6.9 million for the third quarters ended September 30, 201 5 and 201 4, respectively.

#### Life Insurance

#### Quarter Ended September 30, 2015 compared with the Quarter Ended September 30, 20 14

Net premiums were \$ 40.7 million and \$39.0 million for the quarters ended September 30, 2015 and 2014, respectively. Medicare Supplement premiums increased \$1.7 million due to the increased sales of new policies. Annuity deposits, which are accounted for on the balance sheet as deposits, were \$122.7 million, an increase of \$104.0 million compared with the same period last year. Of the increase, \$30.0 million represents a deposit on the funding agreement with the Federal Home Loan Bank of San Francisco ("FHLB").

Net investment and interest income was \$ 14.0 million and \$1.0 million for the quarters ended September 30, 2015 and 2014, respectively. A reduction of \$0.8 million was primarily due to a decrease in income associated with equity market options purchased to hedge our indexed annuity business. Realized gains decreased \$0.3 million compared with the same period last year.

Net operating expenses were \$5.8 million and \$5.6 million for the quarters ended September 30, 2015 and 2014, respectively.

Benefits and losses incurred were \$ 37.5 million and \$ 36.6 million for the quarters ended September 30, 2015 and 2014, respectively. Incurred Medicare supplement benefits increased \$2.8 million resulting from new business. Incurred claims on life policies de creased \$ 0.6 million. As a result of a significant decline in the S&P index, interest credited to policyholders decreased \$ 1.2 million. Interest credited to policyholders decreased \$ 1.2 million. Interest credited to policyholders on indexed annuities is based on S&P performance.

Amortization of deferred acquisition costs ("DAC"), sales inducement asset ("SIA") and the value of business acquired ("VOBA") was \$ 5.1 million and \$ 4.7 million for the quarters ended September 30, 2015 and 2014, respectively. The variance was primarily due to an increase in the annuity and Medicare Supplement DAC asset base from sales of a new annuity product and Medicare Supplement policies.

As a result of the above mentioned changes in revenues and expenses, pretax earnings from operations were \$7.7 million and \$8.5 million for the quarters ended September 30, 2015 and 2014, respectively.

#### **AMERCO** and Consolidated Entities

## Nine months Ended December 31, 2015 compared with the Nine months Ended December 31, 2014

Listed below on a consolidated basis are revenues for our major product lines for the first nine months of fiscal 201 6 and the first nine months of fiscal 201 5:

	Nine Months Ended December 31,			
	2015	2014		
	(Unaudite	d)		
	(In thousan	ds)		
Self-moving equipment rentals	\$ 1,844,908 \$	1,716,424		
Self-storage revenues	182,415	155,623		
Self-moving and self-storage products and service sales	197,999	191,603		
Property management fees	20,601	18,970		
Life insurance premiums	121,438	115,997		
Property and casualty insurance premiums	38,033	35,665		
Net investment and interest income	63,149	63,654		
Other revenue	123,916	133,865		
Consolidated revenue	\$ 2,592,459 \$	2,431,801		

Self-moving equip ment rental revenues increased \$128.5 million during the first nine months of fiscal 201 6, compared with the first nine months of fiscal 201 5. Revenue and transactions from both our In-Town and one-way truck and trailer markets increased compared to the same period last year. For the nine months ended December 31, 2015, we increased the number of trucks, trailers and towing devices in the fleet and added new independent dealers and Company-owned locations to our distribution network.

Self-storage revenues increased \$ 26.8 million during the first nine months of fiscal 201 6, compared with the first nine months of fiscal 201 5. The average monthly amount of occupied square feet increased by 13.5 % during the first nine months of fiscal 201 6 compared with the same period last year. The growth in revenues and square feet rented comes from a combination of improved occupancy at existing locations as well as the addition of new facilities to the portfolio. Over the last twelve months we have added approximately 3.6 million net rentable square feet to the self-storage portfolio with over 2.9 million of that coming on during the first nine months of fiscal 2016.

Sales of self-moving and self-storage products and services increased \$ 6.4 million during the first nine months of fiscal 201 6, compared with the first nine months of fiscal 201 5. Increases were recognized in the sales of moving supplies and towing accessories and related installations.

Life insurance premiums in c reased \$ 5.4 million during the first nine months of fiscal 201 6, compared with the first nine months of fiscal 2015 due primarily to increased life and Medicare supplement premiums.

Property and casualty insurance premiums inc reased \$ 2.4 million during the first nine months of fiscal 2016, compared with the first nine months of fiscal 2015 due to an increase in Safestor and Safetow sales which is a reflection of the increased equipment and storage rental transactions.

Net investment and interest income de creased \$ 0.5 million during the first nine months of fiscal 2016, compared with the first nine months of fiscal 2015. Reduced note balances due from SAC Holdings and Private Mini resulted in decreased interest income at Moving and Storage. This was partially offset by larger invested asset base at our insurance companies.

Other revenue decreased \$ 9.9 million during the first nine months of fiscal 2016, compared with the first nine months of fiscal 2015 caused primarily by lower sales relating to the U-Box TM program.

As a result of the items mentioned above, revenues for AMERCO and its consolidated entities were \$ 2,592.5 million for the first nine months of fiscal 201 6, as compared with \$ 2,431.8 million for the first nine months of fiscal 201 5.

Listed below are revenues and earnings from operations at each of our operating segments for the first nine months of fiscal 201 6 and the first nine months of fiscal 201 5. The insurance companies ' first nine months ended September 30, 201 5 and 20 14.

	Nine Months Ended December 31

Consolidated results			
Revenues	2,592,459	2,431,801	
Earnings from operations	760,078	628,187	

Total costs and expenses in creased \$ 28.8 million during the first nine months of fiscal 201 6, compared with the first nine months of fiscal 201 5. The insurance segments accounted for \$12.4 million of the increase primarily due to expenses associated with additional new business written.

Moving and Storage experienced a \$16.4 million rise in total costs and expenses. Operating expenses for Moving and Storage in creased \$37.6 million. Personnel and overhead cost increases were partially offset by decreased direct operating costs associated with the U-Box program. During the nine months ended December 31, 2015, we accrued an additional \$5.0 million of expenses associated with the PEI litigation. Depreciation expense increased \$27.7 million; however, gains from the disposal of property, plant and equipment increased \$37.8 million. This resulted in a net decrease of \$10.2 million in depreciation expense, net. We have increased the number of trucks sold compared to the same period last year and the resale market for these trucks remains strong. Lease expense decreased \$20.7 million as a result of our shift in financing new equipment on the balance sheet versus through operating leases.

As a result of the above mentioned changes in revenues and expenses, earnings from operations increased to \$ 760.1 million for the first nine months of fiscal 2016, as compared with \$ 628.2 million for the first nine months of fiscal 2015.

Interest expense for the first nine months of fiscal 2016 was \$ 71.5 million, compared with \$ 74.7 million for the first nine months of fiscal 2015. Fiscal 2015 included \$4.1 million of costs associated with defeased debt. In fiscal 2016 lower costs of borrowing are partially offsetting the effect of an increased borrowing base.

Income tax expense was \$ 252.2 million for the first nine months of fiscal 201 6, compared with \$ 202.1 million for first nine months of fiscal 201 5 due to higher pretax earnings for the first nine months of fiscal 201 6.

As a result of the above mentioned items, earnings available to common shareholders were \$ 436.4 million for the first nine months of fiscal 201 6, compared with \$ 347.3 million for the first nine months of fiscal 201 5.

Basic and diluted earnings per common share for the first nine months of fiscal 201 6 were \$ 22.27, compared with \$ 17.73 for the first nine months of fiscal 201 5.

The weighted average common shares outstanding basic and diluted were 19,597,735 for the first nine months of fiscal 201 6, compared with 19,5 84, 183 for the first nine months of fiscal 201 5.

#### Moving and Storage

## Nine months Ended December 31, 2015 compared with the Nine months Ended December 31, 2014

As a result of the above mentioned changes in revenues and expenses, earnings from operations for the Moving and Storage operating segment before consolidation of the equity in the earnings of the insurance subsidiaries increased to \$ 721.8 million for the first nine months of fiscal 2016, compared with \$589.1 million for the first nine months of fiscal 2015

Equity in the earnings of AMERCO's insurance subsidiaries was \$ 25.2 million for the first nine months of fiscal 201 6, compared with \$25.8 million for the first nine months of fiscal 201 5.

As a result of the above mentioned changes in revenues and expenses, earnings from operations increased to \$ 747.0 million for the first nine months of fiscal 2016, compared with \$ 614.9 million for the first nine months of fiscal 2015.

#### **Property and Casualty Insurance**

#### Nine months Ended September 30, 201 5 compared with the Nine months Ended September 30, 201 4

Net premiums were \$ 38.0 million and \$ 35.7 million for the first nine months ended September 30, 2015 and 2014, respectively. A significant portion of Repwest's premiums are from policies sold in conjunction with U-Haul rental transactions. The premium increase corresponded with increased moving and storage transactions at U-Haul during the same time period.

Net investment income was \$ 10.8 million and \$ 9.8 million for the first nine months ended September 30, 2015 and 2014, respectively. The increase was primarily due to income from real estate investments.

Net operating expenses were \$ 20.5 million and \$ 18.6 million for the first nine months ended September 30, 2015 and 2014, respectively, primarily due to an increase in commissions.

Benefits and losses incurred were \$ 9.6 million and \$ 8.9 million for the first nine months ended September 30, 2015 and 2014, respectively, as a result of increased claims associated with our Safemove and SafeStor business.

As a result of the above mentioned changes in revenues and expenses, pretax earnings from operations were \$ 18.8 million and \$ 17.9 million for the first nine months ended September 30, 2015 and 2014, respectively.

#### Life Insurance

#### Nine months Ended September 30, 201 5 compared with the Nine months Ended September 30, 20 14

Net premiums were \$ 121.4 million and \$ 116.0 million for the nine months ended September 30, 201.5 and 201.4, respectively. Life premiums increased by \$0.9 million primarily as a result of final expense renewal premiums. Medicare supplement premiums increased \$4.5 million due to the increased sales of new policies offset by a reduction in renewal premiums on older blocks. Annuity deposits were \$153.1 million higher for the first nine months of 2015 compared with the same period in 2014. Annuity deposits are accounted for on the balance sheet as deposits rather than premiums. Of the increase, \$30.0 million represents a deposit on the funding agreement with the FHLB.

Net investment income was \$ 46.3 million and \$ 43.6 million for the nine months ended September 30 , 201 5 and 201 4 , respectively. The re was an increase of \$1.4 million of interest and other investment income due to a larger invested asset base despite the reduction in option income from the market decline in August and September 2015. Realized gains recognized on sale of investments increased \$1.3 million.

Net operating expenses were \$ 17.0 million and \$16.8 million for the nine months ended September 30, 20 15 and 2014, respectively.

Benefits and losses incurred were \$ 118.8 million and \$ 111.5 million for the nine months ended September 3 0, 201 5 and 201 4, respectively. Medicare supplement benefits increased by \$7.2 million as a result of new business. Life insurance benefits increased \$1.2 million while other benefits decreased \$0.9 million. Interest credited to policyholders decreased \$0.2 million as a result of a drop in S&P index in August and September 2015. Interest credited to policyholders on certain indexed annuities is based on S&P performance.

DAC , SIA and VOBA w ere \$ 15.6 million and \$ 13.2 million for the nine months ended September 3 0 , 201 5 and 201 4 , respectively. An increase over prior year was primarily a result of an increased amortization of annuity and Medicare Supplement DAC due to the increased DAC asset base and new sales.

As a result of the above mentioned changes in revenues and expenses, pretax earnings from operations were \$ 20.0 million and \$ 21.6 million for the nine months ended September 3 0 , 201 5 and 201 4, respectively.

#### Liquidity and Capital Resources

We believe our current capital structure is a positive factor that will enable us to pursue our operational plans and goals, and provide us with sufficient liquidity for the foreseeable future. There are many factors which could affect our liquidity, including some which are beyond our control, there is no assurance that future cash flows and liquidity resources will be sufficient to meet our outstanding debt obligations and our other future capital needs.

At December 31, 2015, cash and cash equivalents totaled \$ 674.6 million, compared with \$ 441.9 million at March 31, 2015. The assets of our insurance subsidiaries are generally unavailable to fulfill the obligations of non-insurance operations ( Moving and Storage ). As of December 31, 2015 (or as otherwise indicated), cash and cash equivalents, other financial assets (receivables, short-term investments, other investments, fixed maturities, and related party assets) and debt obligations of each operating segment were:

	Moving & Storage	Property & Casualty Insurance (a)		Life Insurance (a)
		(Unaudited) (In thousands)		
Cash and cash equivalents	\$ 649,191	\$ 13,8	32 \$	11,554
Other financial assets	163,075	410,1	26	1,503,204
Debt obligations	2,424,671		-	_

(a) As of September 30, 2015

At December 31, 2015, Moving and Storage had borrowing capacity available under existing credit facilities of \$48.0 million.

Net cash pro vided by operating activities increased \$ 318.3 million in the first nine months of fiscal 2016 compared with the first nine months of fiscal 2015 primarily due to an improvement in earnings, lower federal income tax payments, combined with \$56.8 million of note and interest repayments from Private Mini.

Net cash used in investing activities in creased \$ 321.6 million in the first nine months of fiscal 201 6, compared with the first nine months of fiscal 201 5. Purchases of property, plant and equipment, which are reported net of cash from sales and lease -back transactions, increased \$326.4 million. Cash from the sales of property, plant and equipment increased \$141.9 million largely due to an increase in fleet sales. Life Insurance had an increase in net cash used for investing of \$137.8 million due to additional investment purchases.

Net cash provided by fina ncing activities in creased \$13.5 million in the first nine months of fiscal 201 6, as compared with the first nine months of fiscal 201 5 due to a net increase in repayments of debt and capital leases of \$58.3 million, a decrease in borrowings of \$1.8 million, an increase in annuity deposits by Life Insurance of \$149.2 million and the payment of \$78.4 million in common stock dividends in fiscal 2016.

## Liquidity and Capital Resources and Requirements of Our Operating Segments

# Moving and Storage

To meet the needs of our customers, U-Haul maintains a large fleet of rental equipment. Capital expenditures have primarily reflected new rental equipment acquisitions and the buyouts of existing fleet from leases. The capital to fund these expenditures has historically been obtained internally from operations and the sale of used equipment and externally from debt and lease financing. In the future, we anticipate that our internally generated funds will be used to service the existing debt and fund operations. U-Haul estimates that during the remainder of fiscal 2016, we will reinvest in our truck and trailer rental fleet approximately \$ 350 million, net of equipment sales and excluding any lease buyouts. Through the first nine months of fiscal 2016, we have invested, net of sales, approximately \$ 127 million before any lease buyouts in our truck and trailer fleet of this projected amount. Fleet investments in fiscal 2016 and beyond will be dependent upon several factors including availability of capital, the truck rental environment and the used-truck sales market. We anticipate that the remaining fiscal 2016 investments will be funded largely through debt financing, external lease financing and cash from operations. Management considers several factors including cost and tax consequences when selecting a method to fund capital expenditures. Our allocation between debt and lease financing can change from year to year based upon financial market conditions which may alter the cost or availability of financing options.

Real Estate has traditionally financed the acquisition of self-storage properties to support U-Haul's growth through debt financing and funds from operations and sales. Our plan for the expansion of owned storage properties includes the acquisition of existing self-storage locations from third parties, the acquisition and development of bare land, and the acquisition and redevelopment of existing buildings not currently used for self-storage. We are funding these development projects through internally generated funds. For the first nine months of fiscal 201 6, we invested approximately \$439 million in real estate acquisitions, new construction and renovation and repair. For the remainder of fiscal 201 6, the timing of new projects will be dependent upon several factors including the entitlement process, availability of capital, weather, and the identification and successful acquisition of target properties. U-Haul's growth plan in self-storage also includes the expansion of the U-Haul Storage Affiliate program, which does not require significant capital.

Net capital expenditures (purchases of property, plant and equipment less proceeds from the sale of property, plant and equipment and lease proceeds) were \$588.2 million and \$403.8 million for the first nine months of fiscal 201 6 and 201 5, respectively. The components of our net capital expenditures are provided in the following table:

	Nir	Nine Months Ended December 31,		
		2015	2014	
	(Unaudited)			
		(In thousan	ids)	
Purchases of rental equipment	\$	585,623 \$	634,867	
Equipment lease buyouts		81,718	40,448	
Purchases of real estate, construction and renovations		439,117	268,288	
Other capital expenditures		62,423	35,024	
Gross capital expenditures		1,168,881	978,627	
Less: Lease proceeds		(117,051)	(253,180)	
Less: Sales of property, plant and equipment		(463,602)	(321,680)	
Net capital expenditures	\$	588,228 \$	403,767	

Moving and Storage continues to hold significant cash and has access to additional liquidity. Management may invest these funds in our existing operations, expand our product lines or pursue external opportunities in the self-moving and storage market place or reduce existing indebtedness where possible.

### Property and Casualty Insurance

State insurance regulations restrict the amount of dividends that can be paid to stockholders of insurance companies. As a result, Property and Casualty Insurance's assets are generally not available to satisfy the claims of AMERCO or its legal subsidiaries.

We believe that stockholders equity at Property and Casualty remains sufficient and we do not believe that its ability to pay ordinary dividends to AMERCO will be restricted per state regulations.

Property and Casualty s tockholder's equity was \$ 177.9 million and \$ 169.3 million at September 30, 2015 and December 31, 20 14, respectively. The increase resulted from net earnings of \$ 12.2 m illion and a de crease in other comprehensive income of \$ 3.6 million. Property and Casualty Insurance does not use debt or equity issues to increase capital and therefore has no direct exposure to capital market conditions other than through its investment portfolio.

#### Life Insurance

Life Insurance manages its financial assets to meet policyholder and other obligations including investment contract withdrawals and deposits. Life Insurance's net deposits for the first nine months ended September 30, 2015 were \$ 205.5 million. State insurance regulations restrict the amount of dividends that can be paid to stockholders of insurance companies. As a result, Life Insurance's funds are generally not available to satisfy the claims of AMERCO or its legal subsidiaries.

Life Insurance's stockholder's equity was \$ 277.9 million and \$ 274.2 million at September 30, 2015 and December 31, 20 14, respectively. The in crease resulted from net earnings of \$ 13.0 million offset by a de crease in other comprehensive income of \$ 9.3 million. Life Insurance has not historically use d debt or equity issues to increase capital and therefore has not had a direct exposure to capital market conditions other than through its investment portfolio. However, a s of September 30, 2015 Oxford had received deposits of \$30.0 million through their membership in the FHLB.

#### Cash Provided from Operating Activities by Operating Segments

## Moving and Storage

Net cash provided from operating activities were \$ 794.3 million and \$ 489.3 million for the first nine months of fiscal 201 6 and 2015, respectively primarily due to an improvement in earnings, lower federal income tax payments, combined with \$56.8 million of note and interest repayments from Private Mini.

#### Property and Casualty Insurance

Net cash provided by operating activities were \$14.6 million and \$12.6 million for the first nine months ended September 30, 201 5 and 201 4, respectively.

Property and Casualty Insurance's cash and cash equivalents and short-term investment portfolio amounted to \$ 22.8 million and \$ 18.7 million at September 30, 2015 and December 31, 20 14, respectively. This balance reflects funds in transition from maturity proceeds to long term investments. Management believes this level of liquid assets, combined with budgeted cash flow, is adequate to meet foreseeable cash needs. Capital and operating budgets allow Property and Casualty Insurance to schedule cash needs in accordance with investment and underwriting proceeds.

#### Life Insurance

Net cash provided by operating activities were \$ 31.6 million and \$ 20.3 million for the first nine months ended September 30, 201 5 and 201 4, respectively. The increase in cash provided was primarily due to the increase in payable for securities and a decrease in receivable for securities offset by the increase in paid commissions and administrative expenses.

In addition to cash flows from operating activities and financing activities, a substantial amount of liquid funds are available through Life Insurance's short-term portfolio. At September 30, 2015 and December 31, 20 14, cash and cash equivalents and short-term investments amounted to \$ 40.9 million and \$ 39.0 million, respectively. Additionally, Oxford has the ability to receive deposits through their membership in the FHLB system. Management believes that the overall sources of liquidity are adequate to meet foreseeable cash needs.

#### **Liquidity and Capital Resources - Summary**

We believe we have the financial resources needed to meet our business plans, including our working capital needs. We continue to hold significant cash and have access to existing credit facilities and additional liquidity to meet our anticipated capital expenditure requirements for investment in our rental fleet, rent al equipment and storage acquisitions and build outs.

Our borrowing strategy is primarily focused on asset-backed financing and rental equipment leases. As part of this strategy, we seek to ladder maturities and hedge floating rate loans through the use of interest rate swaps. While each of these loans typically contain s provisions governing the amount that can be borrowed in relation to specific assets, the overall structure is flexible with no limits on overall Company borrowings. Management believes it has adequate liquidity between cash and cash equivalents and unused borrowing capacity in existing credit facilities to meet the current and expected needs of the Company over the next several years. At December 31, 2015, we had cash availability under existing credit facilities of \$ 48.0 million. It is possible that circumstances beyond our control could alter the ability of the financial institutions to lend us the unused lines of credit. We believe that there are additional opportunities for leverage in our existing capital structure. For a more detailed discussion of our long-term debt and borrowing capacity, please see Note 4, Borrowings of the Notes to Condensed Consolidated Financial Statements.

#### Fair Value of Financial Instruments

Certain a ssets and liabilities are recorded at fair value on the condensed consolidated balance sheets and are measured and classified based upon a three tiered approach to valuation. ASC 820 requires that financial assets and liabilities recorded at fair value be classified and disclosed in a Level 1, Level 2 or Level 3 category. For more information, please see Note 1 4, Fair Value Measurements of the Notes to Condensed Consolidated Financial Statements.

The available-for-sale securities held by us are recorded at fair value. These values are determined primarily from actively traded markets where prices are based either on direct market quotes or observed transactions. Liquidity is a factor considered during the determination of the fair value of these securities. Market price quotes may not be readily available for certain securities or the market for them has slowed or ceased. In situations where the market is determined to be illiquid, fair value is determined based upon limited available information and other factors including expected cash flows. At December 31, 2015, we had \$ 0.3 million of available-for-sale assets classified in Level 3.

The interest rate swaps held by us as hedges against interest rate risk for our variable rate debt are recorded at fair value. These values are determined using pricing valuation models which include broker quotes for which significant inputs are observable. They include adjustments for counterparty credit quality and other deal-specific factors, where appropriate and are classified as Level 2.

#### **Disclosures about Contractual Obligations and Commercial Commitments**

Our estimates as to future contractual obligations have not materially changed from the disclosure included under the subheading Disclosures about Contractual Obligations and Commercial Commitments in Part II, Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, of our Annual Report on Form 10-K for the fiscal year ended March 31, 201 5.

### Off-Balance Sheet Arrangements

We use off-balance sheet arrangements in situations where management believes that the economics and sound business principles warrant their use.

We utilize operating leases for certain rental equipment and facilities with terms expiring substantially through 2019. In the event of a shortfall in proceeds from the sales of the underlying rental equipment assets, we have guaranteed \$ 39.1 million of resid ual values at December 31, 2015 for these assets at the end of their respective lease terms. We have been leasing rental equipment since 1987. To date, we have not experienced residual value shortfalls related to these leasing arrangements. Using the average cost of fleet related debt as the discount rate, the present value of our minimum lease payments and residual value guarantees were \$ 64.4 million at December 31, 2015

Historically, we have used off-balance sheet arrangements in connection with the expansion of our self-storage business. For more information please see Note 10, Related Party Transactions of the Notes to Condensed Consolidated Financial Statements. These arrangements were primarily used when our overall borrowing structure was more limited. We do not face similar limitations currently and off-balance sheet arrangements have not been utilized in our self-storage expansion in recent years. In the future, we will continue to identify and consider off-balance sheet opportunities to the extent such arrangements would be economically advantageous to us and our stockholders.

We currently manage the self-storage properties owned or leased by SAC Holdings, Mercury, 4 SAC, 5 SAC, Galaxy, and Private Mini pursuant to a standard form of management agreement, under which we receive a management fee of between 4% and 10% of the gross receipts plus reimbursement for certain expenses. We received management fees, exclusive of reimbursed expenses, of \$ 21.4 million and \$20.6 million from the above mentioned entities during the first nine months of fiscal 201 6 and 201 5, respectively. This management fee is consistent with the fee received for other properties we previously managed for third parties. SAC Holdings, 4 SAC, 5 SAC, Galaxy and Private Mini are substantially controlled by Blackwater. Blackwater is wholly-owned by Mark V. Shoen, a significant stockholder of AMERCO. Mercury is substantially controlled by Mark V. Shoen. James P. Shoen, a significant shareholder of AMERCO and an estate planning trust benefitting the Shoen children have an interest in Mercury.

We lease space for marketing company offices, vehicle repair shops and hitch installation centers from subsidiaries of SAC Holdings, 5 SAC and Galaxy. Total lease payments pursuant to such leases were \$2.0 million in the first nine months of both fiscal 201 6 and 201 5. The terms of the leases are similar to the terms of leases for other properties owned by unrelated parties that are leased to us.

At December 31, 2015, subsidiaries of SAC Holdings, 4 SAC, 5 SAC, Galaxy and Private Mini acted as U-Haul independent dealers. The financial and other terms of the dealership contracts with the aforementioned companies and their subsidiaries are substantially identical to the terms of those with our other independent dealers whereby commissions are paid by us based on equipment rental revenues. We paid the above mentioned entities \$43.7 million and \$41.7 million in commissions pursuant to such dealership contracts during the first nine months of fiscal 201 6 and 201 5, respectively.

During the first nine months of fiscal 201 6, a subsidiary of ours held a junior unsecured note of SAC Holdings. Substantially all of the equity interest of SAC Holdings is controlled by Blackwater. We do not have an equity ownership interest in SAC Holdings. We recorded interest income of \$ 3.7 million and \$ 4.7 million, and received cash interest payments of \$ 3.4 million and \$ 4.6 million, from SAC Holdings during the first nine months of fiscal 201 6 and 201 5, respectively. The largest aggregate amount of notes receivable outstanding during the first nine months of fiscal 201 6 was \$ 50.4 million and the aggregate notes receivable balance at December 31, 2015 was \$49.6 million. In accordance with the terms of th is note, SAC Holdings may prepay the note without penalty or premium at any time. The scheduled maturity of th is note is 2017.

These agreements along with notes with subsidiaries of SAC Holdings, 4 SAC, 5 SAC, Galaxy and Private Mini, excluding Dealer Agreements, provided revenues of \$ 21.5 million, expenses of \$ 2.0 million and cash flows of \$ 77.8 million during the first nine months of fiscal 201 6. Revenues and commission expenses related to the Dealer Agreements were \$ 202.8 million and \$ 43.7 million, respectively during the first nine months of fiscal 201 6.

#### Fiscal 201 6 Outlook

We will continue to focus our attention on increasing transaction volume and improving pricing, product and utilization for self-moving equipment rentals. Maintaining an adequate level of new investment in our truck fleet is an important component of our plan to meet our operational goals. Revenue in the U-Move program could be adversely impacted should we fail to execute in any of these areas. Even if we execute our plans, we could see declines in revenues primarily due to unforeseen events including the return of adverse economic conditions or heightened competition that is beyond our control.

W ith respect to our storage business, we have added new locations and expanded at existing locations. For the remainder of fiscal 201 6, we are actively looking to acquire new locations, complete current projects and increase occupancy in our existing portfolio of locations. New projects and acquisitions will be considered and pursued if they fit our long-term plans and meet our financial objectives. We will continue to invest capital and resources in the U-Box program throughout the remainder of fiscal 2016.

Property and Casualty Insurance will continue to provide loss adjusting and claims handling for U-Haul and underwrite components of the Safemove, Safetow, Safemove Plus, Safestor and Safestor Mobile protection packages to U-Haul customers.

Life Insurance is pursuing its goal of expanding its presence in the senior market through the sales of its Medicare supplement, life and annuity policies. This strategy includes growing its agency force, expanding its new product offerings, and pursuing business acquisition opportunities.

#### Item 3. Quantitative and Qualitative Disclosures A bout Market Risk

We are exposed to financial market risks, including changes in interest rates and currency exchange rates. To mitigate these risks, we may utilize derivative financial instruments, among other strategies. We do not use derivative financial instruments for speculative purposes.

#### Interest Rate Risk

The exposure to market risk for changes in interest rates relates primarily to our variable rate debt obligations and one variable rate operating lease. We have used interest rate swap agreements and forward swaps to reduce our exposure to changes in interest rates. We enter into these arrangements with counterparties that are significant financial institutions with whom we generally have other financial arrangements. We are exposed to credit risk should these counterparties not be able to perform on their obligations. Following is a summary of our interest rate swaps agreements at December 31, 2015:

 Notional Amount		Fair Value	Effective Date	Expiration Date	Fixed Rate	Floating Rate
`	naudited)					
(In t	housands)					
\$ 206,666	\$	(14,804)	8/18/2006	8/10/2018	5.43%	1 Month LIBOR
4,751	(a)	(21)	3/30/2009	3/30/2016	2.24%	1 Month LIBOR
5,600	(a)	(101)	8/15/2010	7/15/2017	2.15%	1 Month LIBOR
10,625	(a)	(289)	6/1/2011	6/1/2018	2.38%	1 Month LIBOR
21,167	(a)	(354)	8/15/2011	8/15/2018	1.86%	1 Month LIBOR
8,550	(a)	(125)	9/12/2011	9/10/2018	1.75%	1 Month LIBOR
9,719	(b)	(58)	3/28/2012	3/28/2019	1.42%	1 Month LIBOR
12,083		(19)	4/16/2012	4/1/2019	1.28%	1 Month LIBOR
22,500		175	1/15/2013	12/15/2019	1.07%	1 Month LIBOR

<sup>(</sup>a) forward swap

As of December 31, 2015, we had \$651.8 million of variable rate debt obligations and \$9.7 million of a variable rate operating lease. If LIBOR were to increase 100 basis points, the increase in interest expense on the variable rate debt would decrease future earnings and cash flows by \$ 3.6 million annually (after consideration of the effect of the above derivative contracts).

Additionally, our insurance subsidiaries' fixed income investment portfolios expose us to interest rate risk. This interest rate risk is the price sensitivity of a fixed income security to changes in interest rates. As part of our insurance companies' asset and liability management, actuaries estimate the cash flow patterns of our existing liabilities to determine their duration. These outcomes are compared to the characteristics of the assets that are currently supporting these liabilities assisting management in determining an asset allocation strategy for future investments that management believes will mitigate the overall effect of interest rates.

## Foreign Currency Exchange Rate Risk

The exposure to market risk for changes in foreign currency exchange rates relates primarily to our Canadian busi ness. Approximately 4.7% and 5.5% of our revenue was generated in Canada during the first nine months of fiscal 201 6 and 201 5, respectively. The result of a 10.0% change in the value of the U.S. dollar relative to the Canadian dollar would not be material to net income. We typically do not hedge any foreign currency risk since the exposure is not considered material.

#### **Cautionary Statements Regarding Forward-Looking Statements**

This Quarterly Report contains "forward-looking statements" regarding future events and our future results of operations. We may make additional written or oral forward-looking statements from time to time in filings with the SEC or otherwise. We believe such forward-looking statements are within the meaning of the safe-harbor provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Exchange Act. Such statements may include, but are not limited to, plans for future operations, products or services, financing needs and plans , our perceptions of our legal positions and pending litigation against us, the adequacy of our liquidity, our goals and strategies, plans for new business, our access to capital and leasing markets , the impact of our compliance with environmental laws and cleanup costs, projections of capital expenditures and our used vehicle disposition strategy, the sources and availability of funds for our rental equipment and self-storage expansion and replacement strategies and plans, our plan to expand our U-Haul storage affiliate program, that additional leverage can be supported by our operations and business, the availability of alternative vehicle manufacturers, our estimates of the residual values of our equipment fleet, our plans with respect to off-balance sheet arrangements, our plans to continue to invest in the U-Box program, the impact of interest rate and foreign currency exchange rate changes on our operations, the sufficiency of our liquidity and capital resources, including the sufficiency of capital of our insurance subsidiaries as well as assumptions relating to the foregoing. The words "believe," "expect," "anticipate," "plan," "may," "will," "could," "estimate," "project" and similar expressions identify forward-looking statements, which speak only as of the date the statement was made.

Forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified. Factors that could significantly affect results include, without limitation, the degree and nature of our competition; our leverage; general economic conditions; fluctuations in our costs to maintain and update our fleet and facilities; the limited number of manufacturers that supply our rental trucks; our ability to effectively hedge our variable interest rate debt; that we are controlled by a small contingent of stockholders; risks relating to our notes receivable from SAC Holding; fluctuations in quarterly results and seasonality; changes in, and our compliance with, government regulations, particularly environmental regulations and regulations relating to motor carrier operations; our reliance on our third party dealer network; liability claims relating to our rental vehicles and equipment; our ability to attract, motivate and retain key employees; reliance on our automated systems and the internet; our credit ratings; our ability to recover under reinsurance arrangements and other factors described in our Annual Report on Form 10-K in Item 1A, Risk Factors and in this Quarterly Report or the other documents we file with the SEC. The above factors, the following disclosures, as well as other statements in this Quarterly Report and in the Notes to Condensed Consolidated Financial Statements, could contribute to or cause such risks or uncertainties, or could cause our stock price to fluctuate dramatically. Consequently, the forward-looking statements should not be regarded as representations or warranties by us that such matters will be realized. We assume no obligation to update or revise any of the forward-looking statements, whether in response to new information, unforeseen events, changed circumstances or otherwise.

#### Item 4. Controls and Procedures

Attached as exhibits to this Quarterly Report are certifications of our Chief Executive Officer ("CEO") and Chief Accounting Officer ("CAO"), which are required in accordance with Rule 13a-14 of the Exchange Act. This "Controls and Procedures" section includes information concerning the controls and procedures evaluation referred to in the certifications and it should be read in conjunction with the certifications for a more complete understanding of the topics presented in the section Evaluation of Disclosure Controls and Procedures.

#### **Evaluation of Disclosure Controls and Procedures**

Our management, with the participation of the CEO and CAO, conducted an evaluation of the effectiveness of the design and operation of our "disclosure controls and procedures" (as such term is defined in the Exchange Act Rules 13a-15(e) and 15d-15(e)) ("Disclosure Controls") as of the end of the most recently completed fiscal quarter covered by this Quarterly Report. Our Disclosure Controls are designed to reasonably ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act, such as this Quarterly Report, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Our Disclosure Controls are also designed to reasonably ensure that such information is accumulated and communicated to our management, including our CEO and CAO, as appropriate to allow timely decisions regarding required disclosure. Based upon the controls evaluation, our CEO and CAO have concluded that as of the end of the period covered by this Quarterly Report, our Disclosure Controls were effective related to the above stated design purposes.

#### Inherent Limitations on the Effectiveness of Controls

Our management, including our CEO and CAO, does not expect that our internal control over financial reporting will prevent or detect all error and all fraud. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the control system's objectives will be met. The design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Further, because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that misstatements due to error or fraud will not occur or that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Controls can also be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the controls. The design of any system of controls is based in part on certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Projections of any evaluation of controls effectiveness to future periods are subject to risks. Over time, controls may become inadequate because of changes in conditions or deterioration in the degree of compliance with policies or procedures.

#### Changes in Internal Control O ver Financial Reporting

There have not been any changes in our internal control over financial reporting as such term is defined in Exchange Act Rules 13a-15(f) and 15d-15(f) during the most recent ly completed fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
