RISK FACTORS

An investment in the notes involves substantial risk. You should carefully consider the risks described below and the risk factors included in our Annual Report on Form 10-K for the year ended March 31, 2022, as well as the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus, before making an investment decision. Our business, financial condition or results of operations could be materially adversely affected by any of these risks. The market value of the notes, if any market develops or exists, could decline due to any of these risks, and you may lose all or part of your investment. This prospectus supplement also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the risks faced by us described below and elsewhere in this prospectus supplement and the accompanying prospectus.

Risks Related to our Business and Operations

Our fleet rotation program can be adversely affected by financial market conditions.

To meet the needs of our customers, U-Haul maintains a large fleet of rental equipment. Our rental truck fleet rotation program is funded internally through operations and externally from debt and lease financing. Our ability to fund our routine fleet rotation program could be adversely affected if financial market conditions limit the general availability of external financing. This could lead us to operate trucks longer than initially planned and/or reduce the size of the fleet, either of which could materially and negatively affect our results of operations.

Another important aspect of our fleet rotation program is the sale of used rental equipment. The sale of used equipment provides us with funds that can be used to purchase new equipment. Conditions may arise that could lead to the decrease in demand and/or resale values for our used equipment. This could have a material adverse effect on our financial results, which could result in substantial losses on the sale of equipment and decreases in cash flows from the sales of equipment.

We obtain our rental trucks from a limited number of manufacturers.

Over the last twenty years, we purchased the majority of our rental trucks from Ford Motor Company and General Motors Corporation. Our fleet can be negatively affected by issues our manufacturers may face within their own supply chain. Also, it is possible that our suppliers may face financial difficulties or organizational changes which could negatively impact their ability to accept future orders or fulfill existing orders. The cost of acquiring new rental trucks could increase materially and negatively affect our ability to rotate new equipment into the fleet. Although we believe that we could contract with alternative manufacturers for our rental trucks, we cannot guarantee or predict how long that would take. In addition, termination of our existing relationship with these suppliers could have a material adverse effect on our business, financial condition or results of operations for an indefinite period of time.

A significant portion of our revenues are generated through third-parties.

Our business plan relies upon a network of independent dealers strategically located throughout the United States and Canada. As of March 31, 2022 we had nearly 21,100 independent equipment rental dealers. In fiscal 2022, less than half of all U-Move® rental revenue originated through this network.

Our inability to maintain this network or its current cost structure could inhibit our ability to adequately serve our customers and may negatively affect our results of operations and financial position.

The introduction or expansion of regulations favoring electric, autonomous, connected and shared vehicles may negatively impact our business and results of operations.

Regulatory pressure in connection with the introduction and expansion of electric, autonomous and connected rental vehicles could negatively impact our cost of acquisition for rental trucks and require infrastructure improvements that could inhibit our current business model. Our Company-operated locations and independent dealer network may require physical upgrades to accommodate these types of vehicles that are uneconomical and/or unachievable. Our one-way rental business would depend on an in-transit recharging network that simply does not exist today, and when completed, may be so costly or require so much charging time as to substantially limit our ability to serve customers needing to move long distances.

Our repair and maintenance infrastructures, including both physical plant as well as personnel, may be inappropriate for these new types of vehicles. Without such maintenance capabilities it could compromise our ability to operate such a fleet of compliant vehicles. There is risk inherent in our ability to prepare for these possibilities.

We cooperate with original equipment manufacturers ("OEM"s), maintain and train our own technical experts and operate an equipment Technical Center that has positioned us as an industry leader in innovation for over fifty years. The proposed changes to electric, autonomous and connected vehicles raises challenges of enormous scale. We necessarily may also be dependent upon third party providers who may not be able to provide workable solutions.

The growing insistence that the future of the economy will be based on an all-electric solution instead of a hybrid version or other alternative fuels may create an infrastructure in which personal interstate travel will be uneconomical or severely regulated. This would impact the moving business. There may be areas of North America where a charging grid with adequate capacity for our customers may not exist.

U-Haul has already made significant progress on several initiatives aimed at these future possibilities including: TruckShare 24/7, contactless rentals, a North American propane alternative fuel network, alternative fuel test vehicles and close OEM working relationships. Government regulators may knowingly or unknowingly choose the winners and losers in this evolving transportation environment. There remains a possibility that governments may not select U-Haul customers and U-Haul to be among the winners.

We face liability risks associated with the operation of our rental fleet, sales of our products and operation of our locations.

The business of renting moving and storage equipment to customers exposes us to liability claims including property damage, personal injury and even death. Likewise, the operation of our moving and storage centers along with the sale of our related moving supplies, towing accessories and installation, and refilling of propane tanks may subject us to liability claims. We seek to limit the occurrence of such events through the design of our equipment, communication of its proper use, exhaustive repair and maintenance schedules, extensive training of our personnel, proactive risk management assessments and by providing our customers with online resources for the proper use of products and services. Regardless, accidents still occur and we manage the financial risk of these events through third party insurance carriers. While these excess loss and property insurance policies are available today at reasonable costs, this could change and could negatively affect our results of operations and financial position.

We are highly dependent upon our automated systems and the Internet for managing our business.

Our information systems are largely Internet-based, including our point-of-sale reservation system, payment processing and telephone systems. While our reliance on this technology lowers our cost of providing service and expands our abilities to better serve customers, it exposes us to various risks including natural and man-made disasters, terrorist attacks and cyber-attacks. We have put into place extensive security protocols, backup systems and alternative procedures to mitigate these risks. However, disruptions or breaches, detected or undetected by us, for any period of time in any portion of these systems could adversely affect our results of operations and financial condition and inflict reputational damage.

In addition, the provision of service to our customers and the operation of our networks and systems involve the storage and transmission of proprietary information and sensitive or confidential data, including personal information of customers, system members and others. Our information technology systems may be susceptible to computer viruses, attacks by computer hackers, malicious insiders, or catastrophic events. Hackers, acting individually or in coordinated groups, may also launch distributed denial of service attacks or ransom or other coordinated attacks that may cause service outages or other interruptions in our business and access to our data. In addition, breaches in security could expose us, our customers, or the individuals affected, to a risk of loss or misuse of proprietary information and sensitive or confidential data. The techniques used to obtain unauthorized access, disable or degrade service or sabotage systems change frequently, may be difficult to detect for a long time and often are not recognized until launched against a target. As a result, we may be unable to anticipate these techniques or to implement adequate preventative measures.

Any of these occurrences could result in disruptions in our operations, the loss of existing or potential customers, damage to our brand and reputation, and litigation and potential liability for the Company. In addition, the cost and operational consequences of implementing further data or system protection measures could be significant and our efforts to deter, identify, mitigate and/or eliminate any security breaches may not be successful.

We may incur losses due to our reinsurers' or counterparties' failure to perform under existing contracts or we may be unable to secure sufficient reinsurance or hedging protection in the future.

We use reinsurance and derivative contracts to mitigate our risk of loss in various circumstances. These agreements do not release us from our primary obligations and therefore we remain ultimately responsible for these potential costs. We cannot provide assurance that these reinsurers or counterparties will fulfill their obligations. Their inability or unwillingness to make payments to us under the terms of the contracts may have a material adverse effect on our financial condition and results of operations.

As of December 31, 2021, Repwest reported \$0.3 million of reinsurance recoverables, net of allowances and \$47.4 million of reserves and liabilities ceded to reinsurers. Of this, Repwest's largest exposure to a single reinsurer was \$31.2 million.

Risks Related to our Industry

We operate in a highly competitive industry.

The truck rental industry is highly competitive and includes a number of significant national, regional and local competitors, many of which are several times larger than U-Haul. We believe the principal competitive factors in this industry are convenience of rental locations, availability of quality rental moving equipment, breadth of essential services and products and total cost. Financial results for the Company can be adversely impacted by aggressive pricing from our competitors. Some of our competitors may have greater financial resources than we have. We cannot assure you that we will be able to maintain existing rental prices or implement price increases. Moreover, if our competitors reduce prices and we are not able or willing to do so as well, we may lose rental volume, which would likely have a materially adverse effect on our results of operations. Numerous potential competitors are working to establish paradigm shifting technologies from self-driving vehicles to ride-hailing services and other technologies that connect riders with vehicles.

The self-storage industry is large and highly fragmented. We believe the principal competitive factors in this industry are convenience of storage rental locations, cleanliness, security and price. Competition in the market areas in which we operate is significant and affects the occupancy levels, rental rates and operating expenses of our facilities. Competition might cause us to experience a decrease in occupancy levels, limit our ability to raise rental rates or require us to offer discounted rates that would have a material effect on results of operations and financial condition. Entry into the self-storage business may be accomplished through the acquisition of existing facilities by persons or institutions with the required initial capital. Development of new self-storage facilities is more difficult however, due to land use, zoning, environmental and other regulatory requirements. The self-storage industry has in the past experienced overbuilding in response to perceived increases in demand. We cannot assure you that we will be able to successfully compete in existing markets or expand into new markets.

Economic conditions, including those related to the credit markets, interest rates and inflation, may adversely affect our industry, business and results of operations.

Consumer and commercial spending is generally affected by the health of the economy, which places some of the factors affecting the success of our business beyond our control. Our businesses, although not as traditionally cyclical as some, could experience significant downturns in connection with or in anticipation of, declines in general economic conditions. In times of declining consumer spending we may be driven, along with our competitors, to reduce pricing, which would have a negative impact on gross profit. We cannot predict if another downturn in the economy will occur, which could result in reduced revenues and working capital.

Trends in the economy could result in inflationary pressures leading to an increase in our cost of doing business. We cannot guarantee that we can manage the costs lower or pass them along in the form of higher prices to our customers.

Should credit markets in the United States tighten or if interest rates increase significantly, we may not be able to refinance existing debt or find additional financing on favorable terms, if at all. If one or more of the financial institutions that support our existing credit facilities fails or opts not to continue to lend to us, we may not be able to find a replacement, which would negatively impact our ability to borrow under credit facilities. If our operating results were to worsen significantly and our cash flows or capital resources prove inadequate, or if interest rates increase significantly, we could face liquidity problems that could materially and adversely affect our results of operations and financial condition.

A.M. Best financial strength ratings are crucial to our life insurance business.

In July 2021, A.M. Best upgraded the financial strength rating ("FSR") for Oxford and Christian Fidelity Life Insurance Company ("CFLIC") to A from A-. The FSR outlook remains stable. In addition, A.M. Best upgraded the long-term issuer credit rating ("LTICR") to "a" from "a-". The LTICR outlook has been revised to stable from positive. Financial strength ratings are important external factors that can affect the success of Oxford's business plans. Accordingly, if Oxford's ratings, relative to its competitors, are not maintained or do not continue to improve, Oxford may not be able to retain and attract business as currently planned, which could adversely affect our results of operations and financial condition.

Risks Related to our Financings

We are highly leveraged.

As of March 31, 2022, we had total debt outstanding of \$6,022.5 million and operating lease liabilities of \$74.2 million. Although we believe, based on existing information, that additional leverage can be supported by our operations and revenues, our existing debt could impact us in the following ways among other considerations:

- require us to allocate a considerable portion of cash flows from operations to debt service and lease payments;
- limit our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;
- limit our ability to obtain additional financing; and
- place us at a disadvantage compared to our competitors who may have less debt.

Our ability to make payments on our debt and leases depends upon our ability to maintain and improve our operating performance and generate cash flow. To some extent, this is subject to prevailing economic and competitive conditions and to certain financial, business and other factors, some of which are beyond our control. If we are unable to generate sufficient cash flow from operations to service our debt and meet our other cash needs, including our leases, we may be forced to reduce or delay capital expenditures, sell assets, seek additional capital or restructure or refinance our indebtedness and leases. If we must sell our assets, it may negatively affect our ability to generate revenue. In addition, we may incur additional debt or leases that would exacerbate the risks associated with our indebtedness.

Uncertainty regarding LIBOR may adversely impact our indebtedness under our credit and loan facilities.

On July 27, 2017, the United Kingdom's Financial Conduct Authority, which regulates London Inter-Bank Offer Rate ("LIBOR"), announced that it intends to phase out LIBOR by the end of 2021. In addition, in April 2018, the Federal Reserve System, in conjunction with the Alternative Reference Rates Committee, announced the replacement of LIBOR with a new index, calculated by short-term repurchase agreements collateralized by U.S. Treasury securities, called the Secured Overnight Financing Rate. In November 2020 the Federal Reserve, the Federal Deposit Insurance Corporation and other groups announced that LIBOR reporting will cease being published in June 2023. In March 2022, Congress passed the Adjustable Interest Rate (LIBOR) Act. It provides protection for contracts without workable fallback provisions. The act also provides safe-harbor provisions to shield parties from liability under potential lawsuits due to the transition away from LIBOR. Potential changes, or uncertainty related to such potential changes, may adversely affect the market for LIBOR-based securities, including our portfolio of LIBOR-indexed, floating-rate debt securities, or the cost of our borrowings. In addition, changes or reforms to the determination or supervision of LIBOR may result in a sudden or prolonged increase or decrease in reported LIBOR, which could have an adverse impact on the market for LIBOR-based securities, including the value of the LIBOR-indexed,

floating-rate debt securities in our portfolio, or the cost of our borrowings. We have already been renegotiating our LIBOR-indexed debt and will continue to do so. The potential effect of the phase-out or replacement of LIBOR on our cost of capital and net investment income cannot yet be determined.

Risks Related to our Organization

A substantial amount of our shares is owned by a small contingent of stockholders.

Willow Grove Holdings LP, directly and through controlled entities ("WGHLP"), owns 8,433,207 shares of AMERCO common stock, and together with Edward J. Shoen and Mark V. Shoen, owns 8,469,826 shares (approximately 43.2%) of AMERCO common stock. The general partner of WGHLP controls the voting and disposition decisions with respect to the common stock of AMERCO owned by WGHLP, and is managed by Edward J. Shoen (the Chairman of the Board of Directors and Chief Executive Officer of AMERCO) and his brother, Mark V. Shoen. Accordingly, Edward J. Shoen and Mark V. Shoen are in a position to significantly influence our business and policies, including the approval of certain significant transactions, the election of the members of our Board of Directors (the "Board") and other matters submitted to our stockholders. There can be no assurance that their interests will not conflict with the interests of our other stockholders.

In addition, 889,525 shares (approximately 4.5%) of AMERCO common stock are owned under our ESOP. Each ESOP participant is entitled to vote the shares allocated to himself or herself in their discretion. In the event an ESOP participant does not vote his or her shares, such shares shall be voted by the ESOP trustee, in the ESOP trustee's discretion.

Risks Related to Legal, Regulatory and Compliance

Our operations subject us to numerous environmental regulations and the possibility that environmental liability in the future could adversely affect our operations.

Compliance with environmental requirements of federal, state and local governments significantly affects our business. Among other things, these requirements regulate the discharge of materials into the air, land and water and govern the use and disposal of hazardous substances. Under environmental laws or common law principles, we can be held liable for hazardous substances that are found on real property we have owned or operated. We are aware of issues regarding hazardous substances on some of our real estate and we have put in place a remediation plan at each site where we believe such a plan is necessary. See Note 18, Contingencies, of the Notes to Consolidated Financial Statements. We regularly make capital and operating expenditures to stay in compliance with environmental laws. In particular, we have managed a testing and removal program since 1988 for our underground storage tanks. Despite these compliance efforts, the risk of environmental liability is part of the nature of our business.

Environmental laws and regulations are complex, change frequently and could become more stringent in the future. We cannot assure you that future compliance with these regulations, future environmental liabilities, the cost of defending environmental claims, conducting any environmental remediation or generally resolving liabilities caused by us or related third parties will not have a material adverse effect on our business, financial condition or results of operations.

We operate in a highly regulated industry and changes in existing regulations or violations of existing or future regulations could have a material adverse effect on our operations and profitability.

Our truck and trailer rental business is subject to regulation by various federal, state and foreign governmental entities. Specifically, the U.S. Department of Transportation and various state, federal and Canadian agencies exercise broad powers over our motor carrier operations, safety, and the generation, handling, storage, treatment and disposal of waste materials. In addition, our storage business is also subject to federal, state and local laws and regulations relating to environmental protection and human health and safety. The failure to comply with these laws and regulations may adversely affect our ability to sell or rent such property or to use the property as collateral for future borrowings. Compliance with changing regulations could substantially impair real property and equipment productivity and increase our costs. In addition, the federal government may institute some regulation that limits carbon emissions by setting a maximum amount of carbon individual entities can emit without penalty. This would likely affect everyone who uses fossil fuels and would disproportionately affect users in the highway transportation industries. While there are too many variables at this time to assess the impact of the various proposed

federal and state regulations that could affect carbon emissions, many experts believe these proposed rules could significantly affect the way companies operate in their businesses.

The Biden administration has communicated its willingness to consider the imposition of carbon-based taxes. Our truck rental fleet burns gasoline, a carbon intensive fuel. Where in the supply chain and in what amount these taxes could arise is uncertain. We have no evidence to support a belief that "do-it-yourself" moving customers are willing to accept these additional costs. Should such a tax be enacted, we could see an increase in expenses, including compliance costs and a negative effect on our operating margin.

Our operations can be limited by land-use regulations. Zoning choices enacted by individual municipalities in the United States and Canada may limit our ability to serve certain markets with our products and services.

Our insurance companies are heavily regulated by state insurance departments and the National Association of Insurance Commissioners. These insurance regulations are primarily in place to protect the interests of our policyholders and not our investors. Changes in these laws and regulations could increase our costs, inhibit new sales, or limit our ability to implement rate increases.

Recent changes to U.S. tax laws may adversely affect our financial condition or results of operations and create the risk that we may need to adjust our accounting for these changes.

The Tax Cuts and Jobs Act ("Tax Reform Act") and the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") made significant changes to U.S. tax laws and includes numerous provisions that affect businesses, including ours. For instance, as a result of lower corporate tax rates, the Tax Reform Act tends to reduce both the value of deferred tax assets and the amount of deferred tax liabilities. It also limits interest expense deductions and the amount of net operating losses that can be used each year and alters the expensing of capital expenditures. Other provisions have international tax consequences for businesses like ours that operate internationally. The CARES Act allows for the carryback of certain net operating losses. The Tax Reform Act is unclear in certain respects and will require interpretations and implementing regulations by the Internal Revenue Service ("IRS"), as well as state tax authorities, and the Tax Reform Act and CARES Act could be subject to amendments and technical corrections, any of which could lessen or increase the adverse (and positive) impacts of these acts. The Tax Reform Act put into place 100% first year bonus depreciation. This will begin to gradually decrease starting in 2023 and will impact our tax liability. The accounting treatment of these tax law changes was complex, and some of the changes affected both current and future periods. Others primarily affected future periods. Additional changes to the U.S. tax code could negatively offset operating cashflows.

Changes to tax policy, corporate tax rates or interpretations of existing tax law could change our effective tax rate, reduce future expected tax deductions and increase current and future federal income tax payments. Congress and the Biden administration have proposed increases to the current U.S. corporate income tax rate of 21%. Any such changes could adversely impact our financial position and results of operations.

General Risk Factors

Terrorist attacks could negatively impact our operations and profitability and may expose us to liability and reputational damage.

Terrorist attacks may negatively affect our operations and profitability. Such attacks may damage our facilities and it is also possible that our rental equipment could be involved in a terrorist attack. Although we carry excess of loss insurance coverage, it may prove to be insufficient to cover us for acts of terror using our rental equipment. Moreover, we may suffer reputational damage that could arise from a terrorist attack which utilizes our rental equipment. The consequences of any terrorist attacks or hostilities are unpredictable and difficult to quantify. We seek to minimize these risks through our operational processes and procedures; however, we may not be able to foresee events that could have an adverse effect on our operations.

Risks Related to our Indebtedness and an Investment in the Notes

The notes are not transferable except between members of the U-Haul Investors Club through privately negotiated transactions. In addition, the notes will not be listed on any securities exchange, and there is no anticipated public market for the notes. Therefore, you must be prepared to hold the notes until the maturity date.

The notes are not transferable except between members of the U-Haul Investors Club through privately negotiated transactions relating exclusively to non-qualified (non-retirement/non IRA) accounts, as to which neither AMERCO, the servicer, the trustee, nor any of their respective affiliates will have any involvement. In addition, the notes will not be listed on any securities exchange, there is no anticipated public market for the notes, and it is unlikely that a secondary “over-the-counter” market for the notes will develop between bond dealers or bond trading desks at investment houses. Therefore, you must be prepared to hold your notes until the maturity date. Transfers of the notes held in qualified accounts are not permissible, other than transfers constituting Required Minimum Distributions (RMD). The notes are not a liquid investment. If you believe you will need access to the funds you are otherwise planning on investing in notes prior to the stated maturity date of such notes, then you should not invest in the notes at this time.

Even if you are able to privately negotiate the sale of your notes to another U-Haul Investors Club member, you may not be able to find a purchaser for the notes who is willing to pay you an amount equal to the principal amount outstanding on the notes, or at all.

Even if you are able to privately negotiate the sale of your notes to another U-Haul Investors Club member, the price of the notes in such market may be lower than the price you pay to purchase the notes from us. If you purchase notes in this offering, you will pay a price that was independently determined by us, and therefore neither established in a competitive market nor negotiated with any representative acting in your best interest, including the trustee. This price may not be indicative of prices that could prevail, if any, after this offering. The ability to sell your notes to another U-Haul Investors Club member through a privately negotiated transaction does not guarantee that you will be able to find a purchaser willing to buy the notes for an amount equal to the principal amount outstanding on the notes, or at all. In addition, our operating performance, the status and condition of the Collateral, general market and economic conditions and other factors could impair the value of your notes and your ability to sell them in a privately negotiated transaction to another U-Haul Investors Club member, if such opportunity were to develop.

Our currently outstanding indebtedness, and additional indebtedness that we are permitted to incur, could prevent AMERCO from fulfilling its obligations under the notes.

In addition to our currently outstanding indebtedness and the indebtedness AMERCO will incur pursuant to the offering of the notes, we are able to incur substantial additional indebtedness, including secured indebtedness, in the future. Any additional indebtedness we may incur could have important consequences for the holders of the notes, and could limit AMERCO's ability to satisfy its obligations to pay principal and interest with respect to the notes.

The value of the Collateral may not be sufficient to satisfy AMERCO's obligations under the notes.

AMERCO's obligations under the notes are secured by a first-priority lien on the Collateral in favor of the trustee (or its agent or nominee), for the benefit of the holders of the notes. By its nature, some or all of the Collateral may be illiquid, is subject to attrition, including casualty, loss or theft. The Collateral may have no readily ascertainable market value, and the income generated from the Collateral is not part of the Collateral. In the event of a foreclosure, liquidation, bankruptcy or similar proceeding, no assurance can be given that the proceeds from any sale or liquidation of the Collateral will be sufficient to pay AMERCO's obligations under the notes, in full or at all. There also can be no assurance that the Collateral will be saleable and, even if saleable, the timing of its liquidation would be uncertain. Accordingly, there may not be sufficient Collateral to pay all or any of the amounts due on the notes. Any claim for the difference between the amount, if any, realized by holders of the notes from the sale of the Collateral and the obligations under the notes will rank equally in right of payment with all of AMERCO's other unsecured unsubordinated indebtedness and other obligations, including trade payables. The trustee's security

interest and ability to foreclose could also be limited by the need to meet certain requirements of state and federal law. If these requirements cannot be met, the security interests may be invalid and the holders of the notes will not be entitled to the Collateral or any recovery with respect thereto. These requirements may limit the number of potential bidders for the Collateral in any foreclosure and may delay any sale, which may have an adverse effect on the sale price of the Collateral. Therefore, the practical value of realizing on the Collateral may be limited.

AMERCO has the right, in its sole discretion, to remove Collateral

AMERCO has the right, in its sole discretion, to voluntarily make or cause to be made Collateral releases in its sole discretion. AMERCO is not required to obtain the consent of the holders of the notes, the trustee or any third party to make or cause to be made Collateral releases, and neither the trustee nor any other third party will review or evaluate AMERCO's determination to remove or cause the removal of any such Collateral. In the event of such removal of Collateral, there shall be no additional repayment of principal on the notes and there will be no addition of further or substitution collateral to the respective Series. Accordingly, it is possible that the notes may become under-collateralized or un-collateralized. Any such determination by AMERCO to remove or cause the removal of Collateral will be final and binding on the trustee and the holders.

No appraisal of the Collateral has been or will be prepared by us or on our behalf in connection with this offering or any removal of Collateral, and to the extent the Collateral constitutes equipment, its value is expected to depreciate.

No appraisal of the Collateral has been or will be prepared by us or on our behalf in connection with this offering or any removal of Collateral, and to the extent the Collateral constitutes equipment, its value is expected to depreciate. The value of the Collateral will depend upon a number of factors, including market and economic conditions at the time, the availability of appropriate buyers and the extent of attrition, if any, with respect to the Collateral. For these and other reasons, we cannot assure the holders of the notes that the proceeds of any sale of the Collateral, in the event of a foreclosure, insolvency proceeding, liquidation or otherwise, would be sufficient to satisfy, or would not be substantially less than, all of AMERCO's obligations under the notes.

Although these notes are secured by the Collateral, they are effectively subordinated to AMERCO's other existing or future secured indebtedness.

Although these notes are secured by the Collateral, they are effectively subordinated to AMERCO's other existing and future secured indebtedness, to the extent of the value of the assets securing such other indebtedness. In the event of a bankruptcy or similar proceeding involving AMERCO, any of AMERCO's assets which serve as collateral for AMERCO's existing or future secured indebtedness, other than the Collateral, will be available to satisfy the obligations under such secured indebtedness before any payments are made on the notes or AMERCO's other unsecured indebtedness. In the event that the value of the Collateral is insufficient to repay all amounts due on the notes, the holders of the notes would have "undersecured claims" through which they would only be entitled to participate ratably with all holders of AMERCO's other unsecured indebtedness, and potentially with all of AMERCO's other general creditors, based upon the respective amounts owed to each holder or creditor, in AMERCO's remaining assets. In any of the foregoing events, AMERCO may not have sufficient assets to pay amounts due on the notes. As a result, if holders of the notes receive any payments, they may receive less, ratably, than holders of any other secured indebtedness that AMERCO may incur.

The notes are only the obligations of AMERCO, and will not be guaranteed by any of AMERCO's subsidiaries, including U-Haul.

The notes are only the obligations of AMERCO, and are not guaranteed by any of AMERCO's subsidiaries, including U-Haul, through which we conduct a substantial amount of our operations. All of the obligations of our subsidiaries, including U-Haul, must be satisfied before any of the assets of such subsidiaries would be available for distribution, upon a liquidation or otherwise, to AMERCO or the holders of the notes. This means that claims of holders of the notes will be structurally subordinated to the claims of existing and future creditors of AMERCO's subsidiaries, including U-Haul.

The Collateral is subject to attrition, including casualty risks, theft, and we are under no obligation to maintain the condition of the Collateral or to replenish or replace removed, damaged, destroyed, condemned, stolen or taken Collateral.

We intend to maintain insurance or otherwise insure against hazards in a manner appropriate and customary for our business. However, we may not maintain casualty insurance on the Collateral and there are certain other losses in our business that may be either uninsurable or not economically insurable, in whole or in part. In the normal course of our business, to the extent the Collateral includes equipment, we anticipate that a significant amount of the Collateral will be lost through attrition, including due to casualty and theft. We are under no obligation to replenish or replace removed, damaged, destroyed, condemned, stolen or taken Collateral and we are not obligated to notify investors or repay the notes in whole or in part as a result of such an occurrence. A reduction in the size of the Collateral pool will reduce the value of the Collateral. In addition, we are under no obligation to maintain the Collateral in good condition, repair and working order, which could impair its value.

The value of the Collateral is dependent upon, among other things, its continued integration in the U-Haul System.

Through the U-Haul System, which involves the participation of numerous independent dealers and affiliates, we rent our moving and storage equipment. If the U-Haul System deteriorates, ceases or fails, and an alternative rental system is not available, or if the Collateral is removed from continuous integration in the U-Haul System, such as through the repossession and sale of the Collateral following a foreclosure on the Collateral, then we may not be able to rent or use the Collateral in an efficient and cost-effective manner and its value could be impaired.

The success of the U-Haul System is in part dependent on continued participation by our numerous independent dealers and affiliates.

As a part of the U-Haul system, we work with numerous independent dealers and affiliates that provide retail outlets through which U-Haul rental equipment is rented to our customers. Our contracts with these independent dealers contain provisions allowing the independent dealer to terminate the contract for any reason upon 30 days' advance notice. If a significant number of independent dealers were to terminate their contracts, it could adversely impact the U-Haul System and decrease our ability to rent equipment, which could impair our ability to repay the notes.

Rights of holders of notes may be adversely affected by the failure to perfect liens in the Collateral.

Pursuant to the terms of the financing documents, the Owner has granted a first-priority security interest in the Collateral to the trustee for the benefit of the holders. The servicer will be responsible for ensuring that perfection with respect to the Collateral has occurred and shall continue. If, because of a clerical error, fraud, forgery or otherwise, the lien of the trustee is not properly reflected and filed, the trustee will not have a perfected security interest in the Collateral and its security interest may be subordinate to the interests of certain third parties. No legal opinions are being issued or obtained in connection with the enforceability or perfection of the Collateral documentation. Additionally, under federal law and the laws of many states, certain possessory liens, including mechanic's liens, and certain tax liens may take priority over a perfected security interest in the Collateral. Such failures may result in the loss of the practical benefits of the trustee's first-priority lien on the Collateral.

The trustee (or its agent, nominee or nominee mortgagee or titleholder) is the only party with the ability to foreclose on the Collateral, and certain laws and regulations may impose restrictions or limitations on foreclosure on the Collateral.

If AMERCO defaults on the notes, the financing documents provide that the trustee (or its agent, nominee or nominee mortgagee or titleholder) is the only party with the ability to foreclose on, repossess and sell the Collateral, and no individual holder of notes may do so independently. The trustee's ability to foreclose on the Collateral on behalf of the holders may also be subject to state law requirements and practical problems associated with the realization of the trustee's security interest or lien on the Collateral, including locating the Collateral, which will likely be disbursed throughout the U.S. and Canada, as well as cure rights, foreclosing on the Collateral within the time periods permitted by third parties or prescribed by laws, obtaining third party consents, making additional filings and obtaining necessary approvals from governmental entities. Therefore, we cannot assure you that foreclosure on the Collateral will be straightforward or expeditious, which may impair the value of the Collateral. Certain provisions of the financing documents may also restrict the trustee's, or its agent's or nominee's ability to foreclose on the Collateral.

The ability to foreclose on the Collateral may be adversely affected by bankruptcy proceedings.

If AMERCO defaults on the notes, the ability to foreclose on, repossess and sell the Collateral may be significantly impaired by federal bankruptcy law if bankruptcy proceedings are commenced by or against AMERCO prior to or possibly even after the trustee has repossessed and disposed of the Collateral. Under the U.S. Bankruptcy Code, a secured creditor, such as the trustee for the notes, is prohibited from repossessing its security from a debtor in a bankruptcy case, or from disposing of security repossessed from a debtor, without bankruptcy court approval. Moreover, bankruptcy law would permit AMERCO, as the debtor, to continue to retain and use the Collateral, and the proceeds, products, rents, or profits of the Collateral, even though AMERCO could be in default under the financing documents, provided that the trustee were given "adequate protection". The meaning of the term "adequate protection" may vary according to circumstances, but it is intended in general to protect the value of a secured creditor's interest in collateral and may include cash payments or the granting of additional security, if and at such time as the court in its discretion determines, for any diminution in the value of such collateral as a result of the stay of repossession or disposition or any use of such collateral by the debtor during the pendency of the bankruptcy case. In view of the broad discretionary powers of a bankruptcy court, it is impossible to predict how long payments under the notes could be delayed following commencement of a bankruptcy case, whether or when the trustee would repossess or dispose of the Collateral, or whether or to what extent holders of the notes would be compensated for any delay in payment or loss of value of the Collateral through the requirements of "adequate protection." Furthermore, in the event the bankruptcy court determines that the value of the Collateral is not sufficient to repay all amounts due on the notes, the holders of the notes would have "undersecured claims" as to the difference. Federal bankruptcy laws do not permit the payment or accrual of interest, costs, and attorneys' fees for "undersecured claims" during the debtor's bankruptcy case.

The notes are not insured or guaranteed by the FDIC.

The notes are not savings accounts, deposit accounts or money market funds, and are not guaranteed or insured by the FDIC, the Federal Reserve or any other governmental agency.

AMERCO may redeem the notes at any time without penalty, but AMERCO is under no obligation to do so.

Under the terms of the financing documents, the notes may be redeemed by AMERCO in its sole discretion at any time, in whole or in part, without penalty, premium or fee, at a price equal to 100% of the principal amount then outstanding, plus accrued and unpaid interest, if any, through the date of redemption. In such event, holders would not receive all of the interest payments that holders originally expected. However, AMERCO is under no obligation to redeem the notes in whole or in part under any circumstances. Accordingly, investors must be prepared to hold the notes until the maturity date.

Our subsidiaries, affiliates, directors, officers, controlling stockholders and employees have the right to purchase an unlimited number of notes in the offering.

Our subsidiaries, affiliates, directors, officers, controlling stockholders and employees have the right to purchase an unlimited number of notes in the offering. If these parties end up owning a majority of the notes outstanding, we and they could exert significant influence with respect to a variety of matters affecting the notes under the financing documents, including the ability to waive an event of default, amend the notes or enforce or waive rights related to the notes and the Collateral.

No underwriter or other third-party has been engaged to facilitate the sale of the notes in this offering.

In many public offerings, an experienced underwriter or other third party, such as a placement agent, is engaged to facilitate the sale of an issuer's securities by, among other things, helping develop and negotiate the terms of the offering, the terms of the securities and the documents governing the securities and conducting due diligence with respect to the issuer, its affiliates and/or their respective assets. In such circumstances, an underwriter's participation can lead to offering and securities terms that are more favorable to the purchasers of the securities. No underwriter or other third-party has been engaged to facilitate the sale of the notes in this offering, the terms of which were developed solely by us and not with the input of any representative acting in your best interest. It is your responsibility to determine if the terms of this offering and the notes meet your investment needs.

Risks Related to the U-Haul Investors Club

The notes are being issued in uncertificated book-entry form only and exclusively serviced by U-Haul, AMERCO's subsidiary.

The notes are being issued in uncertificated book-entry form only through the U-Haul Investors Club website and exclusively serviced by U-Haul, AMERCO's subsidiary (in such capacity, the "servicer"), or its designee. In this capacity, among other duties, the servicer will record and file Collateral perfection documents as appropriate, credit principal and interest into the U-Haul Investors Club accounts maintained by each holder, perform recordkeeping and registrar services and electronically receive and deliver all documents, statements and communications related to the offering, the notes and the U-Haul Investors Club. No assurance can be given that the servicer will be able to adequately fulfill its servicing obligations with respect to the notes. Additionally, because the notes are being serviced by U-Haul instead of by a neutral third party, this may present a conflict of interest if a dispute regarding the servicing of the notes arises with the holders of the notes.

One or more significant disruptions in service on the U-Haul Investors Club website could significantly inhibit the servicer's ability to effectively service the notes and impair the U-Haul Investors Club.

The servicer will service the notes through the U-Haul Investors Club website. Therefore, the satisfactory performance, reliability and availability of the U-Haul Investors Club website and our technology and underlying network infrastructure will be critical to the servicer's ability to effectively service the notes, and to the viability of the U-Haul Investors Club. One or more significant disruptions in service on the U-Haul Investors Club website, whether as a result of us, any third party that we retain to perform website hosting or backup functions or events that are outside of our control, such as computer viruses or power or Internet-telecommunications failures, could significantly inhibit the servicer's ability to effectively service the notes, including processing and crediting of principal and interest into the appropriate U-Haul Investors Club accounts in a timely manner, and impair the viability of the U-Haul Investors Club.

Through the U-Haul Investors Club, we will rely on a third-party commercial bank to process transactions between U-Haul Investors Club member accounts and their linked outside bank accounts.

Because we are not a bank, we cannot belong to and directly access the Automated Clearing House (“ACH”) payment network. As a result, we will rely on an FDIC-insured depository institution to process U-Haul Investors Club transactions between U-Haul Investors Club member accounts and their linked U.S. bank accounts. If we fail to obtain such services from such an institution or elsewhere, or if we cannot transition to another processor quickly, our ability to process payments will suffer and our ability to fund the offering, as well your ability to transfer principal and interest payments on the notes from your U-Haul Investors Club account to your outside bank accounts, may be impaired.

USE OF PROCEEDS

Assuming the notes in this offering are fully subscribed, AMERCO expects to receive net proceeds from this offering of approximately \$3,231,000, after deducting estimated expenses payable by it. AMERCO intends to use the net proceeds from this offering to reimburse its subsidiaries and affiliates for the cost of production of the Collateral, and for other general corporate purposes.

DESCRIPTION OF NOTES

The following description is a summary of the material provisions of the notes and the financing documents under which the notes are being issued. Each of the financing documents and the notes that will be executed and delivered upon the issuance date, and not the description of the financing documents and the notes in this prospectus supplement, defines your rights as holders of the notes. Copies of the financing documents will be available electronically through the U-Haul Investors Club website. You may also request electronic copies of the financing documents from AMERCO as indicated under “Where You Can Find More Information” in this prospectus supplement.

Brief Description of the Notes

The notes are:

- being issued over a period of time and from time to time, in up to three separate series, with each series having one or more separate sub-series bearing a unique interest rate and term as provided herein. As notes are offered, prospective investors shall have the opportunity to select the series and sub-series of notes for which such prospective investor is subscribing.
- being issued under a base indenture entered into between AMERCO and the trustee, an indenture supplement between AMERCO and the trustee, and a pledge and security agreement among AMERCO, the trustee and the Owner (collectively, and together with any other instruments and documents executed and delivered pursuant to the foregoing documents, as the same may be amended, supplemented or otherwise modified from time to time, the “financing documents”);
- AMERCO’s obligations only, and not guaranteed by any of AMERCO’s subsidiaries, and therefore are structurally subordinated to the claims of existing and future creditors of AMERCO’s subsidiaries, including U-Haul;
- obligations of AMERCO, secured by a first-priority lien on the Collateral;
- ranked equally among themselves; and
- being issued by AMERCO in uncertificated book-entry form only.

The notes will not be listed on any securities exchange. There is no market for the notes.

Principal, Maturity and Interest; Amortization Schedule

The notes are secured debt securities under the financing documents and are limited to the aggregate principal amount as follows:

- Series UIC-9L Maximum aggregate principal amount: \$1,543,000
- Series UIC-10L Maximum aggregate principal amount: \$1,164,000
- Series UIC-11L Maximum aggregate principal amount: \$525,000

The notes will be issued over a period of time and from time to time, in up to three separate series (Series UIC-9L, 10L, and 11L). Each series of notes may be issued in subseries, and each such subseries may have a different term and interest rate than the term and interest rate issued under other series or subseries. Notes issued under the following terms shall have the following respective interest rates:

- 2-Year term: 3.00%
- 3-Year term: 3.20%
- 4-Year term: 3.40%
- 5-Year term: 3.60%
- 6-Year term: 3.80%
- 7-Year term: 4.00%

As notes are offered, prospective investors shall have the opportunity to select the series and sub-series of notes for which such prospective investor is subscribing.

In all cases subject to collateral removals as provided herein, the notes issued under the following individual series will be secured, respectively, by a first-priority undivided security interest and lien on specified U-Haul® equipment as discussed herein. The notes issued under UIC-9L, 10L, and 11L are not cross-collateralized or cross-defaulted to one another.

Series UIC-9L will be secured by a first priority security interest and lien on up to 20,000 specified U-Haul® Utility Dollies, manufactured in fiscal year 2021;
Series UIC-10L will be secured by a first priority security interest and lien on up to 3,326 specified U-Haul® Wooden AA U-Box® containers, manufactured in 2010;
Series UIC-11L will be secured by a first priority security interest and lien on up to 525 specified U-Haul® AV Trailers, manufactured between 1990 and 2010;

The notes are being issued in minimum denominations of \$100 and integral multiples of \$100 thereof.

The respective notes accrue interest at the interest rates identified above, commencing as of the issue date. Interest on the notes is computed on the basis of a 360-day year comprised of twelve 30-day months.

The notes are fully amortizing. Principal and interest on the notes will be credited to each holder's U-Haul Investors Club® account in arrears every three months, beginning three months from the issue date of the first subseries of notes issued to any investor under such respective subseries, and shall be based on the actual number of dates the holder is invested in such notes during such quarter.

The record date is the first day of the month preceding the related due date for the crediting of principal and interest on the notes in the holder's U-Haul Investors Club account. If any date for the crediting of principal and interest into a holder's U-Haul Investors Club account, including the maturity date, falls on a day that is not a business day, the required crediting of principal and interest on the notes shall be due and made on the next day constituting a business day.

Additional Issuances

AMERCO may not create, or issue additional notes secured by the Collateral unless it obtains the consent of holders of at least 51% of the principal amount of the outstanding notes. However, AMERCO intends to offer additional securities through the U-Haul Investors Club simultaneously with this offering and in the future, including securities that are secured by assets owned by AMERCO or its subsidiaries other than the Collateral, which it may do in its sole discretion and without the consent of the holders of the notes.

Ranking

The notes are the obligations of AMERCO only. The notes are not being guaranteed by any of AMERCO's subsidiaries, and therefore will effectively be structurally subordinated to the claims of existing and future creditors of AMERCO's subsidiaries, including U-Haul. Other than with respect to the Collateral, the notes rank equally in right of payment with any existing and future unsecured indebtedness of AMERCO.

Optional Redemption

The notes or any sub-series or other portion thereof may be redeemed by AMERCO in its sole discretion at any time, in whole or in part on a pro rata basis or on any other basis as determined by AMERCO in its sole discretion, without penalty, premium or fee, at a price equal to 100% of the principal amount then outstanding, plus accrued and unpaid interest, if any, through the date of redemption. In the event of redemption, AMERCO will cause notices of redemption to be emailed, to the email address associated with your account, at least 10 but not more than 30 days before the redemption date to each applicable registered holder of notes. However, AMERCO is under no obligation to redeem the notes in whole or in part, under any circumstances. Accordingly, investors must be prepared to hold the notes until the respective maturity date.

Security Interest and Collateral

The obligations of AMERCO with respect to the notes are secured by a first-priority undivided security interest and lien on specified U-Haul® equipment as discussed herein. The Collateral is being pledged by the Owner to the trustee (or the trustee's agent, nominee or nominee mortgagee or titleholder) for the benefit of the holders, pursuant to the financing documents.

Removal of Collateral

AMERCO has the right, in its sole discretion, to voluntarily make or cause to be made Collateral releases in its sole discretion. AMERCO is not required to obtain the consent of the holders of the notes, the trustee or any third party to make or cause to be made Collateral releases, and neither the trustee nor any other third party will review or evaluate AMERCO's determination to remove or cause the removal of any such Collateral. In the event of such removal of Collateral, there shall be no additional repayment of principal on the notes and there will be no addition of further or substitution collateral to the respective Series. Accordingly, it is possible that the notes may become under-collateralized or un-collateralized. Any such determination by AMERCO to remove or cause the removal of Collateral will be final and binding on the trustee and the holders. In connection with any such removal of Collateral, no appraisal will be prepared by us or on our behalf in this regard. AMERCO is permitted to make an unlimited number of Collateral removals in its sole discretion.

Upon the trustee's receipt of such notice, the specified removal Collateral will be released from the first-priority lien thereon and will no longer be subject to the terms of the financing documents. The trustee shall have no duty to evaluate the determination made in such certificate and shall be allowed to conclusively rely on such certificate from AMERCO.

Perfection of Security Interest in the Collateral

The financing documents require AMERCO to file, or cause the filing of, such documents and instruments, in all appropriate jurisdictions and recording offices, as are necessary or appropriate to perfect and protect the trustee's first-priority lien on the Collateral.

Use and Release of Collateral

Unless an Event of Default has occurred and is continuing, and the trustee shall have commenced an enforcement of remedies under the financing documents, AMERCO and its subsidiaries, including U-Haul, have the right to:

- remain in possession and retain exclusive control of the Collateral;
- freely operate the Collateral, including, without limitation, by integrating the Collateral into the U-Haul system and using it or renting it to customers, as the case may be, in the ordinary course of business; and
- collect, invest and dispose of any income thereon, which income will not constitute part of the Collateral.

Release of Collateral. The financing documents provide that the first-priority lien on the Collateral with respect to the notes or any sub-series or other portion thereof will automatically be released, whether in full or incrementally, as the case may be, upon (1) satisfaction of all of AMERCO's obligations with respect to the applicable notes, sub-series of the notes or other portion thereof, whether due to a scheduled repayment in full or a redemption; or (2) discharge, legal defeasance or covenant defeasance of AMERCO's obligations with respect to the applicable notes or sub-series or other portion thereof, as described below under "Discharge, Defeasance and Covenant Defeasance".

Further Assurances; After Acquired Collateral

The financing documents provide that AMERCO shall, at its expense, duly execute and deliver, or cause to be duly executed and delivered, such further agreements, documents and instruments, and do or cause to be done such further acts as may be necessary or proper, or which the trustee may reasonably request, to evidence, perfect, maintain and enforce the first-priority lien on the Collateral and the benefits intended to be conferred thereby, and to otherwise effectuate the provisions or purposes of, the financing documents.

Upon the acquisition by the Company after the issue date of (1) any after-acquired assets, including, but not limited to, any after-acquired equipment or fixtures which constitute accretions, additions or technological upgrades to the equipment or fixtures or any working capital assets that, in any such case, form part of the Collateral, or (2) any proceeds (as defined in the UCC of any relevant jurisdiction) from a sale or other disposition of the Collateral, AMERCO shall execute and deliver, to the extent required, any information, documentation, financing statements or other certificates as may be necessary to vest in the trustee a perfected security interest, subject only to Permitted Liens, in such after-acquired property and to have such after-acquired property added to the Collateral, and thereupon all provisions of the financing documents relating to the Collateral shall be deemed to relate to such after-acquired property to the same extent and with the same force and effect.

Change of Control, Merger, Consolidation or Sale of Assets

The holders of the notes do not have the right to require AMERCO to repurchase the notes in connection with a change of control of the Company, a merger of the Company, a consolidation of the Company or the sale of all or substantially all of the assets of the Company or its subsidiaries, to or with any Person.

Covenants

The covenants with respect to the notes consist of the following:

Maintenance of first-priority lien on the Collateral. So long as any of the notes are outstanding, AMERCO and Owner are required to maintain, subject to Permitted Liens and to collateral removals as provided herein, and may not take any action to negate, the first-priority lien on the Collateral or the benefits intended to be conferred thereby. Notwithstanding the foregoing, Collateral which is the subject of removal or attrition, including casualty and theft, may be released from the lien and will not be substituted.

Prohibition of additional liens on the Collateral. Neither AMERCO nor Owner is permitted to incur any Lien of any nature whatsoever on the Collateral, other than the first-priority lien pursuant to the financing documents and Permitted Liens.

Events of Default, Waiver and Notice

The events of default with respect to the notes (each, an "Event of Default"), consist of the following:

Nonpayment. The default in the crediting of principal or interest when due to a holder's U-Haul Investors Club account, and the continuance of such default for a period of 30 days.

Failure to maintain first-priority lien on the Collateral. Failure by the Company or Owner to maintain the first-priority Lien on the Collateral, subject to Permitted Liens, continued for 90 days after written notice thereof to the Company from the trustee or to the Company and the trustee from the holders of at least 51% in principal amount of the outstanding notes, specifying such default or breach and requiring it to be remedied and stating that such notice is a "notice of default" pursuant to the financing documents.

Incurrence of additional Liens on the Collateral. The incurrence by the Company, Owner or any of their respective affiliates of any additional Lien on the Collateral, other than Permitted Liens and the Lien pursuant to the financing documents, continued for 90 days after written notice thereof to the Company from the trustee or to the Company and the trustee from the holders of at least 51% in principal amount of the outstanding notes, specifying such default or breach and requiring it to be remedied and stating that such notice is a "notice of default" pursuant to the financing documents.

If an Event of Default under the indenture supplement or pledge agreement occurs and is continuing, then the trustee, on behalf of the holders, if it has notice or actual knowledge of such Event of Default, has the right to declare the principal amount of the notes outstanding to be due and payable immediately by written notice to AMERCO and to the servicer. A default or Event of Default under the notes does not cause, and is not caused by, a default or event of default under any other notes issued pursuant to the U-Haul Investors Club.

Waiver. The indenture provides that the holders of not less than 51% in principal amount of the outstanding notes may waive any past Default with respect to the notes and its consequences, except a Default in the crediting of the principal and interest due on the notes.

Notice. The trustee is required, but only to the extent the trustee has notice or knowledge of such Default, to give notice to the holders of the notes within 90 days of a Default, unless the Default has been cured or waived; but the trustee may withhold notice of any Default, except a Default in the crediting of the principal of, or premium, if any, or interest on the notes, if specified responsible officers of the trustee consider the withholding to be in the interest of the holders.

The holders of the notes may not institute any proceedings, judicial or otherwise, with respect to the indenture or for any remedy under the indenture, except in the case of failure of the trustee, for 60 days, to act after the trustee has received a written request to institute proceedings in respect of an Event of Default from the holders of not less than 51% in principal amount of the outstanding notes, as well as an offer of indemnity satisfactory to the trustee, and provided that no direction inconsistent with such written request has been given to the trustee during such 60-day period by the holders of a majority of the outstanding notes. However, no holder of notes is prohibited from instituting suit for the enforcement of payment of the principal of and interest on the notes when due.

The trustee is not under any obligation to exercise any of its rights or powers under the financing documents at the request or direction of any holders of the notes outstanding under the indenture, unless the holders offer to the trustee security or indemnity that is satisfactory to it. Subject to such provisions for the indemnification of the trustee, the holders of not less than a majority in principal amount of the outstanding notes have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, and to exercise any trust or power conferred upon the trustee. However, the trustee may refuse to follow any direction that is in conflict with any law or the indenture that may involve the trustee in personal liability or may be unduly prejudicial to the holders of the notes not joining in the direction.

Modifications

Modification of the indenture. With the consent of the holders of not less than 51% of the principal amount of all outstanding notes, AMERCO may enter into supplemental indentures with the trustee for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the indenture or modifying in any manner the rights of the holders of the notes. However, no modification or amendment may, without the consent of each holder of notes:

- extend the time of crediting of principal and interest on the notes;
- reduce the principal amount of, or the rate or amount of interest on, the notes;
- impair the right to institute suit for the enforcement of any payment on or with respect to the notes; or
- reduce the percentage of outstanding notes necessary to modify or amend the indenture, to waive compliance with specific provisions of or certain defaults and consequences under the indenture, or to reduce the quorum or voting requirements set forth in the indenture.

AMERCO and the trustee may modify and amend the indenture without the consent of any holder of notes for any of the following purposes:

- to evidence the succession of another Person to AMERCO as obligor under the indenture;
- to add to other covenants for the benefit of the holders of the notes or to surrender any right or power conferred upon AMERCO, Owner, or their respective affiliates, as provided in the financing documents;
- to add events of default for the benefit of the holders of the notes;
- to add or change any provisions of the indenture to facilitate the issuance of, or to liberalize specific terms of, debt securities in bearer form, or to permit or facilitate the issuance of debt securities in uncertificated form, provided that the action will not adversely affect the interests of the holders of the notes in any material respect;

- to change or eliminate any provisions of the indenture, if the change or elimination becomes effective only when there are no debt securities outstanding of any series created prior to the change or elimination that are entitled to the benefit of the changed or eliminated provision;
- to establish the form or terms of debt securities of any series and any related coupons;
- to provide for the acceptance of appointment by a successor trustee or facilitate the administration of the trusts under the indenture by more than one trustee;
- to cure any ambiguity or correct any inconsistency in the indenture provided that the cure or correction does not adversely affect the holders of the notes;
- to supplement any of the provisions of the indenture to the extent necessary to permit or facilitate defeasance and discharge of the notes, provided that the supplement does not adversely affect the interests of the holders of the notes in any material respect;
- to add to, delete from or revise the conditions, limitations or restrictions on issue, authentication and delivery of the notes;
- to conform any provision in the indenture to the requirements of the Trust Indenture Act; or
- to make any change that does not adversely affect the legal rights under the indenture of any holder of notes.

In determining whether the holders of the requisite principal amount of outstanding notes have given any request, demand, authorization, direction, notice, consent or waiver under the indenture or whether a quorum is present at a meeting of holders of the notes, the principal amount of the notes that is deemed to be outstanding will be the amount of the principal that would be due and payable as of the date of the determination upon declaration of acceleration of the maturity of the notes.

The Trustee shall be entitled to receive, and shall be fully protected in relying upon, an officers' certificate and an opinion of counsel to the effect that the execution of any such amendment or modification is authorized or permitted pursuant to the financing documents and has been duly authorized, executed and delivered by, and is a valid, binding and enforceable obligation of, the Company, subject to customary exceptions, and that all conditions precedent under the financing documents, if any, have been satisfied.

Discharge, Defeasance and Covenant Defeasance

Discharge. AMERCO can discharge specific obligations to holders of the notes or any sub-series thereof (1) that have not already been delivered to the trustee for cancellation and (2) that either have become due and payable or will, within one year, become due and payable, by irrevocably depositing with the trustee, in trust, money or funds certified to be sufficient to pay when due the principal of and interest on the notes.

Defeasance and covenant defeasance. AMERCO may elect either:

- defeasance, which means AMERCO elects to defease and be discharged from any and all obligations with respect to any sub-series of the notes, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency in respect of the notes and to hold moneys for payment in trust; or
- covenant defeasance, which means AMERCO elects to be released from its obligations with respect to any sub-series of the notes under specified sections of the indenture relating to covenants, and any omission to comply with its obligations will not constitute an Event of Default with respect to such sub-series of the notes;

in either case upon the irrevocable deposit by AMERCO with the trustee, in trust, of an amount, in currency or currencies or government obligations, or both, sufficient without reinvestment to make scheduled payments of the principal of and interest on the applicable sub-series of the notes, when due, whether at maturity or otherwise.

A trust is only permitted to be established if, among other things:

- AMERCO has delivered to the trustee an opinion of counsel, as specified in the indenture, to the effect that the holders of the applicable sub-series of the notes will not recognize income, gain or loss for federal income tax purposes as a result of the defeasance or covenant defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance or covenant defeasance had not occurred, and the opinion of counsel, in the case of defeasance, will be required to refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable U.S. federal income tax law occurring after the date of the indenture;
- no Event of Default or Default has occurred;
- the defeasance or covenant defeasance will not result in a breach or violation of, or constitute a Default under, the indenture or any other material agreement or instrument to which AMERCO is a party or by which AMERCO is bound; and
- AMERCO has delivered to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance or covenant defeasance have been complied with.

In general, if AMERCO elects covenant defeasance with respect to a sub-series of the notes and payments on such sub-series of the notes are declared due and payable because of the occurrence of an Event of Default, the amount of money and/or government obligations on deposit with the applicable trustee would be sufficient to pay amounts due on such notes at the time of their stated maturity, but may not be sufficient to pay amounts due on such notes at the time of the acceleration resulting from the Event of Default. In that case, AMERCO would remain liable to make payment of the amounts due on such notes at the time of acceleration.

In addition, AMERCO has the right to release or cause the release of Collateral in its sole discretion without prepayment of the notes, while the notes remain outstanding. In such event, it is possible that the notes may become under-collateralized or un-collateralized.

Trustee

U.S. Bank Trust Company, National Association as successor in interest to U.S. Bank National Association is the trustee under the indenture, and is a party under the other financing documents; *provided, however*, the trustee has the right to appoint an agent or nominee to be named as mortgagee or nominee titleholder for the benefit of the noteholders under the financing documents.

Servicer

AMERCO's subsidiary, U-Haul International, Inc., or its designee, is the servicing agent with respect to the notes (the "servicer"). In this capacity, among other duties, the servicer is responsible for crediting principal and interest to the U-Haul Investors Club accounts of each holder, performing recordkeeping and registrar services, perfecting and maintaining the first-priority lien on the Collateral in favor of the trustee for the benefit of the holders subject to Permitted Liens, and electronically receiving and delivering all documents, statements, tax documents and communications related to the offering, the notes and the U-Haul Investors Club.

No Personal Liability of Directors, Officers, Employees or Stockholders

No director, officer, employee or stockholder of AMERCO or any of its subsidiaries will have any liability for any obligations of AMERCO or any of its subsidiaries under the notes or any of the financing documents or for any claim based on, in respect of, or by reason of such obligations or their creation. Each holder of the notes, by accepting a note, waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. Such waiver and release may not be effective to waive liabilities under the U.S. Federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

Arbitration

The financing documents provide that in the event that we, on the one hand, and one or more of the holders, or the trustee on behalf of one or more of the holders, on the other hand, are unable to resolve any dispute, claim or controversy between them related to the financing documents or the U-Haul Investors Club, as applicable, such parties agree to submit such dispute to binding arbitration. However, such arbitration requirement shall not apply in cases where the dispute is between (i) the trustee and us (other than with respect to when the trustee is acting on behalf of one or more of the holders), (ii) the trustee and one or more of the holders, or (iii) the trustee and any third party.

Governing Law

The indenture and the notes are governed by, and construed in accordance with, the internal laws of the State of New York.

Form of Notes

AMERCO is issuing the notes in uncertificated book-entry form only. AMERCO is not issuing physical certificates for the notes.

The laws of some states in the United States may require that certain Persons take physical delivery in definitive, certificated form. AMERCO reserves the right to issue certificated notes only if AMERCO determines not to have the notes held solely in book-entry form.

AMERCO, the servicer and the trustee will treat holders of notes in whose names the notes are registered as of the record date as the owners thereof for purposes of receiving credits of principal and interest due on the notes and for any and all other purposes whatsoever with respect to the notes.

Restrictions on Transfer

The notes are not transferable except between members of the U-Haul Investors Club through privately negotiated transactions relating exclusively to non-qualified (non-retirement/non IRA) accounts, as to which neither AMERCO, the servicer, the trustee, nor any of their respective affiliates will have any involvement. In addition, the notes will not be listed on any securities exchange, there is no anticipated public market for the notes, and it is unlikely that a secondary "over-the-counter" market for the notes will develop between bond dealers or bond trading desks at investment houses. Therefore, you must be prepared to hold your notes until the maturity date. Transfers of the notes held in qualified accounts are not permissible, other than transfers constituting RMD. The notes are not a liquid investment. If you believe you will need access to the funds you are otherwise planning on investing in notes prior to the stated maturity date of such notes, then you should not invest in the notes at this time.

No Sinking Fund

The notes are fully amortizing and will not have the benefit of a sinking fund.

The offering of the notes is structured as a subscription offering. This means AMERCO is offering you the opportunity to subscribe to purchase notes, which AMERCO may accept or reject. In order to subscribe to purchase notes, you must become a member of the U-Haul Investors Club and follow the instructions available on our website at uhaulinvestorsclub.com. As notes are offered, prospective investors shall have the opportunity to select the sub-series of notes for which such prospective investor is subscribing.

Membership Application

In order to become a member of the U-Haul Investors Club (a “member”) you must first submit a membership application online. A member of the U-Haul Investors Club must:

If your membership application is accepted, AMERCO will notify you by email and a password-protected U-Haul Investors Club account will be created.

Subscription Agreement and Process

Once you are a member of the U-Haul Investors Club, in order to subscribe to purchase notes you must submit a subscription offer online. In the subscription offer, you will designate the maximum principal amount of notes, and the applicable sub-series, that you are willing to purchase. The minimum amount of notes that you can subscribe to purchase is \$100, and you may only subscribe to purchase a principal amount of notes in an integral multiple of \$100 (e.g., \$100, \$200, \$300, etc.). Unless otherwise determined by AMERCO, there is no maximum amount of notes that you can subscribe to purchase.

AMERCO reserves the right to accept or reject your subscription to purchase notes, in whole or in part, and in its sole discretion, for any reason.

Revocability of Subscription to Purchase Notes

Your subscription to purchase notes in any sub-series is revocable until AMERCO closes the offering. Upon the closing of the offering, your subscription to purchase notes for such sub-series shall be irrevocable. The anticipated offering closing date for each sub-series of the notes is or will be identified on the *uhaulinvestorsclub.com* website; however, such date is subject to change at AMERCO's sole discretion. To the extent AMERCO changes the anticipated closing date for any sub-series of notes, the *uhaulinvestorsclub.com* website will be updated to reflect such changed date or interest rate. It is recommended that prospective investors periodically check the *uhaulinvestorsclub.com* website for any changes in the anticipated closing date for any sub-series of notes.

Issuance of Notes

Notes will be issued within five business day following our receipt and acceptance of investor subscriptions with respect to any sub-series of the notes in the aggregate principal amount of up to \$100 for such sub-series, or at such other time as AMERCO determines in its sole discretion. Interest shall on issued notes commence to accrue on the issue date. Such note issuance will be in uncertificated book-entry format only. Servicer will register the notes in the names of these members on servicer's books and records.

U-Haul Investors Club Member Accounts

In order to subscribe to purchase notes, a member must have sufficient funds in its U-Haul Investors Club account. In order to fund its U-Haul Investors Club account, such account must be linked to such member's outside U.S. bank account and funds must be transferred from the linked bank account to the U-Haul Investors Club account, using the Automated Clearing House, or ACH, network. Funds are considered available in the member's U-Haul Investors Club account a minimum of three business days after such member initiates the ACH transfer. U-Haul Investors Club accounts are record-keeping subaccounts of a bank account maintained by servicer (referred to herein as the "investment account") with a third party financial institution, and reflect balances and transactions with respect to each member of the U-Haul Investors Club. The servicer administers the investment account and maintains the sub-accounts for each member of the U-Haul Investors Club. These record-keeping sub-accounts, which we refer to as "U-Haul Investors Club accounts", are purely administrative. U-Haul Investors Club members have no direct relationship with the financial institution at which the investment account is maintained, or any successor thereto, by virtue of becoming a member of and participating in the U-Haul Investors Club. Funds in the investment account will always be maintained by the servicer at an FDIC member financial institution.

How to Remove Funds from Your U-Haul Investors Club Account

Uninvested funds in each member's U-Haul Investors Club account may remain in the respective U-Haul Investors Club accounts indefinitely and do not earn interest, and may include funds never committed by the member to the purchase of notes. Upon request by the member through the U-Haul Investors Club website, AMERCO will transfer, or will cause the servicer to transfer, U-Haul Investors Club account funds to the member's linked U.S. bank account by ACH transfer, provided such funds are not already committed to the purchase of notes. It may take up to five business days for funds to transfer from a member's U

-Haul Investors Club account to such member's linked U.S. bank account. However, in order to ensure that sufficient funds are available in a member's U-Haul Investors Club account, with respect to funds ACH transferred into the member's U-Haul Investors Club account from its linked bank account, there will be a thirty (30) day hold before such funds are eligible for ACH transfer to such member's linked bank account.

Principal and Interest; Servicing of the Notes

Each holder will have the principal and interest due on the notes credited to such holder's U-Haul Investors Club account. The notes are being exclusively serviced by the servicer, which means, among other things, that the servicer is responsible for performing recordkeeping and registrar services with respect to the notes, and electronically receiving and delivering all documents, statements and communications related to the offering, the notes and the U-Haul Investors Club. Each member is permitted one free ACH transfer initiation per week (Sunday through Saturday) from such member's U-Haul Investors Club account to such member's linked U.S. bank account. Additional transfers may be subject to a \$1.00 per transaction charge. The trustee has no duty, responsibility or liability with respect to the transfer, registration or payments on the notes.

Transfer of Notes

The notes will not be listed on any securities exchange, and there is no public market for the notes. Therefore, you must be prepared to hold your notes until the maturity date. The notes are not transferable except between members of the U-Haul Investors Club through privately negotiated transactions relating exclusively to non-qualified (non-retirement/non IRA) accounts, as to which neither AMERCO, the servicer, the trustee, nor any of their respective affiliates will have any involvement. Transfers of the notes held in qualified accounts are not permissible, other than transfers constituting RMD. In the event you sell or transfer your note, you must notify servicer, and there will be assessed to the transferor a \$25.00 per transaction registrar transfer fee. Such registrar transfer fee will be automatically deducted from the note transferor's U-Haul Investors Club account. There can be no assurance that a holder desiring to sell its notes will be able to find a buyer in any privately negotiated transaction, or that even if such a buyer is located by a holder, that such buyer would be willing to pay a price equal to the outstanding principal balance due on such note.

U-Haul Investors Club Fees

There are no fees to join the U-Haul Investors Club or to maintain a membership, and there are no commissions on the purchases of notes. In addition to the \$25.00 registrar transfer fee noted above, non-routine requests made in connection with your notes may lead to additional fees, subject to your prior approval. Such fees will be automatically deducted from the funds in your U-Haul Investors Club account.

Electronic Communication

By participating in the offering, members of the U-Haul Investors Club agree to receive and submit all documents, statements, records and notices, and tax documents including IRS Form 1099s, electronically through the U-Haul Investors Club website and their U-Haul Investors Club accounts. Each member is responsible for keeping its U-Haul Investors Club account contact information up-to-date with the servicer. The notes are maintained in book-entry form, with AMERCO.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

The following discussion summarizes the material U.S. federal income tax consequences of the purchase, ownership and disposition of the notes.

This summary is based on the Internal Revenue Code of 1986, as amended, which we refer to as the “Code”, regulations issued under the Code, judicial authority and administrative rulings and practice, all as of the date hereof and all of which are subject to differing interpretations or change. Any such change may be applied retroactively and may adversely affect the U.S. federal tax consequences described in this prospectus supplement. This summary addresses only tax consequences to investors that purchase the notes at initial issuance for the “issue price” and own the notes as “capital assets” within the meaning of the Code and not as part of a “straddle” or a “conversion transaction” for U.S. federal income tax purposes, or as part of some other integrated investment.

This summary does not discuss all of the tax consequences that may be relevant to particular investors or to investors subject to special treatment under the U.S. federal income tax laws (such as insurance companies, banks, financial institutions, tax-exempt organizations, retirement plans, regulated investment companies, holders subject to the alternative minimum tax, partnerships or other pass-through entities (or investors in such entities), securities dealers, expatriates or United States persons whose functional currency for tax purposes is not the U.S. dollar). We have not and do not intend to seek a ruling from the Internal Revenue Service, or the “IRS”, with respect to any matters discussed in this section, and we cannot assure you that the IRS will not challenge one or more of the tax consequences described below.

If any entity treated as a partnership for U.S. federal income tax purposes holds notes, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. A partner of a partnership holding notes should consult its tax advisers with respect to the tax treatment of holding notes through the partnership.

Persons considering the purchase of the notes should consult their tax advisers concerning the application of the U.S. federal income, estate and gift tax laws to their particular situations as well as any tax consequences of the purchase, ownership and disposition of the notes arising under the laws of any state, local, foreign or other taxing jurisdiction.

U.S. Holders

Only U.S. Holders are permitted to beneficially own the notes. For purposes of this discussion, a “U.S. Holder” means, for U.S. federal income tax purposes, a beneficial owner of a note that is:

- an individual who is a citizen or resident of the United States;
- a corporation, or other entity taxable as a corporation for U.S. federal income tax purposes, or a partnership, limited liability company, trust, custodial account and other entities created or organized in or under the laws of the United States or any state or political subdivision thereof or therein (including the District of Columbia);
- an estate whose income is subject to U.S. federal income taxation regardless of its source; or
- a trust if a court within the United States is able to exercise primary supervision over its administration and one or more United States persons have the authority to control all of its substantial decisions, or that was a domestic trust for U.S. federal income tax purposes on August 19, 1996, and has elected to continue to be treated as a domestic trust.

Therefore, the remainder of this discussion assumes that the notes are purchased, owned and disposed of only by U.S. Holders.

Treatment of U-Haul Investors Club Membership

The U-Haul Investors Club should not be treated as an unincorporated organization carrying on a business, financial operation, or venture and should not be classified as a partnership for U.S. federal income tax purposes. Each investor purchasing notes is required to complete a note subscription offer and provide a linked U.S. bank account to pay for the notes, with each investor purchasing notes making an investment decision separate from other investors' purchases of notes.

Treatment of Interest

Stated interest on the notes will be taxable to a U.S. Holder as ordinary income as the interest accrues or is paid in accordance with the U.S. Holder's method of tax accounting.

Treatment of Dispositions of Notes

Upon the sale, exchange, retirement, redemption or other taxable disposition of a note, a U.S. Holder generally will recognize gain or loss equal to the difference between the amount received on such disposition (other than amounts attributable to accrued and unpaid interest, which will be treated as ordinary interest income if not previously included in income) and the U.S. Holder's tax basis in the note. A U.S. Holder's tax basis in a note will initially be, in general, the cost of the note to the U.S. Holder. Gain or loss realized on the sale, exchange, retirement or redemption of a note generally will be capital gain or loss, and will be long-term capital gain or loss if, at the time of such sale, exchange, retirement or redemption the note has been held for more than one year. Certain preferential tax rates may apply to gain recognized as long-term capital gain. A U.S. Holder's ability to deduct capital losses is subject to limitations.

Information Reporting Requirements and Backup Withholding

When required, the servicer will report to the U.S. Holders of the notes and the IRS amounts of interest paid on or with respect to the notes and the amount of any tax withheld from such payments. Certain non-corporate U.S. Holders may be subject to backup withholding (currently at a rate of 28%) if the U.S. Holder: fails to furnish its taxpayer identification number, or TIN, in the required manner; furnishes an incorrect TIN; is subject to backup withholding because the U.S. Holder has failed to properly report payments of interest and dividends; or fails to establish an exemption from backup withholding.

Backup withholding is not an additional tax and may be refunded or credited against the U.S. Holder's U.S. federal income tax liability, provided that certain required information is timely furnished to the IRS.

If there is any inconsistency between the information in this prospectus and the applicable prospectus supplement, you must rely on the information in the prospectus supplement. Please carefully read both this prospectus and the applicable prospectus supplement together with additional information described under the heading “Where You Can Find More Information.”

This prospectus may not be used to offer or sell any securities unless accompanied by a prospectus supplement.

The registration statement containing this prospectus, including exhibits to the registration statement, provides additional information about us and the securities offered under this prospectus. The registration statement can be read at the SEC website or at the SEC's Public Reading Room mentioned under the heading "Where You Can Find More Information."

We have not authorized any broker-dealer, salesperson or other person to give any information or to make any representation other than those contained or incorporated by reference in this prospectus and any accompanying supplement to this prospectus. You must not rely upon any information or representation not contained or incorporated by reference in this prospectus or the accompanying prospectus supplement. This prospectus and the accompanying supplement to this prospectus do not constitute an offer to sell or the solicitation of an offer to buy securities, nor do this prospectus and the accompanying supplement to this prospectus constitute an offer to sell or the solicitation of an offer to buy securities in any jurisdiction to any person to whom it is unlawful to make such offer or solicitation. The information contained in this prospectus and the accompanying prospectus supplement speaks only as of the date set forth on the cover page and may not reflect subsequent changes in our business, financial condition, results of operations and prospects even though this prospectus and any accompanying prospectus supplement is delivered or securities are sold on a later date.

We may sell the securities directly to or through underwriters, dealers or agents. We, and our underwriters or agents, reserve the right to accept or reject all or part of any proposed purchase of securities. If we do offer securities through underwriters or agents, we will include in the applicable prospectus supplement:

- the names of those underwriters or agents;
- applicable fees, discounts and commissions to be paid to them;
- details regarding over-allotment options, if any; and
- the net proceeds to us.

Common Stock. We may issue shares of our common stock from time to time. Holders of our common stock are entitled to one vote per share for the election of directors and on all other matters that require stockholder approval. Subject to any preferential rights of any outstanding preferred stock, in the event of our liquidation, dissolution or winding up, holders of our common stock are entitled to share ratably in the assets remaining after payment of liabilities and the liquidation preferences of any outstanding preferred stock. Our common stock does not carry any redemption rights or any preemptive rights enabling a holder to subscribe for, or receive shares of, any class of our common stock or any other securities convertible into shares of any class of our common stock. Any such issuance of common stock may cause the dilution of our existing outstanding equity securities.

Preferred Stock. We may issue shares of our preferred stock from time to time, in one or more series. Under our certificate of incorporation, our board of directors has the authority, without further action by stockholders, to designate up to 50,000,000 shares of preferred stock in one or more series and to fix the rights, preferences, privileges, qualifications and restrictions granted to or imposed upon the preferred stock, including dividend rights, conversion rights, voting rights, rights and terms of redemption, liquidation preference and sinking fund terms, any or all of which may be greater than the rights of the common stock. Any such issuance of common stock may cause the dilution of our existing outstanding equity securities.

If we issue preferred stock, we will fix the rights, preferences, privileges, qualifications and restrictions of the preferred stock of each series that we sell under this prospectus and applicable prospectus supplements in the certificate of designations relating to that series. If we issue preferred stock, we will incorporate by reference into the registration statement of which this prospectus is a part the form of any certificate of designations that describes the terms of the series of preferred stock we are offering before the issuance of the related series of preferred stock. We urge you to read the prospectus supplement related to any series of preferred stock we may offer, as well as the complete certificate of designations that contains the terms of the applicable series of preferred stock.

Debt Securities. We may issue debt securities from time to time, in one or more series, as either senior or subordinated debt. The senior debt securities will rank equally with any other unsubordinated debt that we may have and may be secured or unsecured. The subordinated debt securities will be subordinate and junior in right of payment, to the extent and in the manner described in the instrument governing the debt, to all or some portion of our indebtedness. Additionally, we may issue common and/or preferred stock from time to time. Any such issuance of equity securities may cause the dilution of our existing outstanding equity securities.

If we issue debt securities, they will be issued under one or more documents called indentures, which are contracts between us and a trustee for the holders of the debt securities. If we issue preferred stock, it will be issued pursuant to a certificate of designation of the rights and preferences of such securities, to the extent and in the manner described in such document. We urge you to read the prospectus supplement related to the series of debt securities or equity securities being offered, as the case may be, as well as the complete indenture that contains the terms of the debt securities (which will include a supplemental indenture) and the complete preferred stock certificate of designation, if any. If we issue debt securities, indentures and forms of debt securities containing the terms of debt securities being offered will be incorporated by reference into the registration statement of which this prospectus is a part from reports we have filed or would subsequently file with the SEC. Similarly, if we issue preferred stock, the certificate of designation containing the terms of such preferred stock being offered will be incorporated by reference into the registration statement of which this prospectus is a part from reports we would subsequently file with the SEC.

ABOUT AMERCO

We believe we are North America's largest "do-it-yourself" moving and storage operator through our subsidiary U-Haul International, Inc. ("U-Haul"). U-Haul is synonymous with "do-it-yourself" moving and storage and is a leader in supplying products and services to help people move and store their household and commercial goods. Our primary service objective is to provide a better and better product or service to more and more people at a lower and lower cost.

We were founded in 1945 as a sole proprietorship under the name "U-Haul Trailer Rental Company" and have rented trailers ever since. Starting in 1959, we rented trucks on a one-way and in-town basis exclusively through independent U-Haul dealers. In 1974, we began developing our network of U-Haul managed retail stores, through which we rent our trucks and trailers, self-storage rooms and portable moving and storage units and sell moving and self-storage products and services to complement our independent dealer network.

We rent our distinctive orange and white U-Haul trucks and trailers as well as offer self-storage rooms through a network of approximately 2,000 Company operated retail moving stores and over 20,000 independent U-Haul dealers. We also sell U-Haul brand boxes, tape and other moving and self-storage products and services to "do-it-yourself" moving and storage customers at all of our distribution outlets and through our uhaul.com website. Another extension of our strategy to make "do-it-yourself" moving and storage easier is our U-Box[®] program. A U-Box portable moving and storage container is delivered to a location of our customer's choosing either by the customers themselves through the use of a U-Box trailer, by Moving Helpers or by Company personnel. Once the U-Box portable moving and storage container is filled, it can be stored at the customer's location, or taken to any of our Company operated locations, a participating independent dealer, or moved to a location of the customer's choice.

We believe U-Haul is the most convenient supplier of products and services addressing the needs of North America's "do-it-yourself" moving and storage market. Our broad geographic coverage throughout the United States and Canada and our extensive selection of U-Haul brand moving equipment rentals, self-storage rooms, portable moving and storage units and related moving and storage products and services provide our customers with convenient "one-stop" shopping.

Through Repwest Insurance Company ("Repwest") and ARCOA Risk Retention Group ("ARCOA"), our property and casualty insurance subsidiaries, we manage the property, liability and related insurance claims processing for U-Haul. Oxford Life Insurance Company ("Oxford") our life insurance subsidiary sells Medicare supplement insurance, life insurance, annuities and other related products to the senior market.

We are a publicly traded Nevada corporation. Our common stock is listed on the NASDAQ Global Select Market under the symbol "UHAL." Our principal executive offices are located at 5555 Keitzke Lane, Suite 100, Reno, Nevada 89511. Our telephone number is (775) 688-6300, and our website address is amerco.com. Information contained in or linked to our website is not a part of this prospectus.

You can get more information regarding our business by reading our most recent Annual Report on Form 10-K and the other reports and information that we file with the SEC. See "Where You Can Find More Information."

RISK FACTORS

Before making an investment decision, you should carefully consider the risks described under "Risk Factors" in the applicable prospectus supplement, together with all of the other information appearing in this prospectus or incorporated by reference into this prospectus and any applicable prospectus supplement, in light of your particular investment objectives and financial circumstances. Our business, financial condition or results of operations could be materially adversely affected by any of these risks. This prospectus and the incorporated documents also contain forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the risks mentioned elsewhere in this prospectus.

NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference herein contain "forward-looking statements" regarding future events and our future results of operations. We may make additional written or oral forward-looking statements from time to time in filings with the SEC or otherwise. We believe such forward-looking statements are within the meaning of the safe-harbor provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Such statements may include, but are not limited to, estimates of capital expenditures, plans for future operations, products or services, financing needs, plans and strategies, our perceptions of our legal positions and anticipated outcomes of government investigations and pending litigation against us, liquidity and the availability of financial resources to meet our needs, goals and strategies, plans for new business, storage occupancy, growth rate assumptions, pricing, costs, and access to capital and leasing markets, the impact of our compliance with environmental laws and cleanup costs, our used vehicle disposition strategy, the sources and availability of funds for our rental equipment and self-storage expansion and replacement strategies and plans, our plan to expand our U-Haul storage affiliate program, that additional leverage can be supported by our operations and business, the availability of alternative vehicle manufacturers, our estimates of the residual values of our equipment fleet, our plans with respect to off-balance sheet arrangements, our plans to continue to invest in the U-Box® program, the impact of interest rate and foreign currency exchange rate changes on our operations, the sufficiency of our capital resources and the sufficiency of capital of our insurance subsidiaries as well as assumptions relating to the foregoing. The words "believe," "expect," "anticipate," "plan," "may," "will," "could," "estimate," "project" and similar expressions identify forward-looking statements, which speak only as of the date the statement was made.

Forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified. Factors that could significantly affect results include, without limitation, the degree and nature of our competition; our leverage; general economic conditions; fluctuations in our costs to maintain and update our fleet and facilities; the limited number of manufacturers that supply our rental trucks; our ability to effectively hedge our variable interest rate debt; that we are controlled by a small contingent of stockholders; fluctuations in quarterly results and seasonality; changes in, and our compliance with, government regulations, particularly environmental regulations and regulations relating to motor carrier operations; outcomes of litigation; our reliance on our third party dealer network; liability claims relating to our rental vehicles and equipment; our ability to attract, motivate and retain key employees; reliance on our automated systems and the internet; our credit ratings; our ability to recover under reinsurance arrangements and other factors described in our Annual Report on Form 10-K in Item 1A, Risk Factors, our Quarterly Reports on Form 10-Q or the other documents we file with the SEC. The above factors, the following disclosures, as well as other statements in this prospectus and in the notes to our consolidated financial statements, could contribute to or cause such risks or uncertainties, or could cause our stock price to fluctuate dramatically. Consequently, the forward-looking statements should not be regarded as representations or warranties by the Company that such matters will be realized. The Company assumes no obligation to update or revise any of the forward-looking statements, whether in response to new information, unforeseen events, changed circumstances or otherwise, except as required by law.

You should carefully consider the trends, risks and uncertainties described in the “Risk Factors” section of this prospectus and other information in this prospectus and reports filed with the SEC before making any investment decision with respect to the notes. If any of the trends, risks or uncertainties set forth in the “Risk Factors” section of this prospectus actually occurs or continues, our business, financial condition or operating results could be materially adversely affected. All forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by this cautionary statement.

DESCRIPTION OF SECURITIES

We may offer shares of our common stock and preferred stock and various series of debt securities from time to time under this prospectus at prices and on terms to be determined by market conditions at the time of offering. Each time we offer a type or series of securities, we will provide a prospectus supplement that will describe the specific amounts, prices and other important terms of such securities. The debt securities will be unsecured or secured by certain assets owned by us or certain of our subsidiaries or third parties.

A prospectus supplement will describe the specific types, amounts, prices and detailed terms of any of these securities.

USE OF PROCEEDS

We will retain broad discretion over the use of the net proceeds from the sale of our securities offered hereby. Except as described in any prospectus supplement, we currently anticipate using the net proceeds from the sale of our securities offered hereby primarily for general corporate purposes.

Pending the use of the net proceeds, we may invest the net proceeds in short-term marketable securities.

PLAN OF DISTRIBUTION

We may sell the securities covered by this prospectus from time to time in one or more offerings. Registration of the securities covered by this prospectus does not mean, however, that those securities will necessarily be offered or sold.

We may sell the securities separately or together:

- through one or more underwriters or dealers in a public offering and sale by them;
- through agents; or
- directly to investors.

We will set forth the terms of the offering of any securities being offered in the applicable prospectus supplement.

If we utilize underwriters in an offering of securities using this prospectus, we will execute an underwriting agreement with those underwriters. The underwriting agreement will provide that the obligations of the underwriters with respect to a sale of the offered securities are subject to certain conditions precedent and that the underwriters will be obligated to purchase all the offered securities if any are purchased. Underwriters may sell those securities to or through dealers. The underwriters may change any initial public offering price and any discounts or concessions allowed or re-allowed or paid to dealers from time to time. If we utilize underwriters in an offering of securities using this prospectus, the applicable prospectus supplement will contain a statement regarding the intention, if any, of the underwriters to make a market in the offered securities.

If we utilize a dealer in an offering of securities using this prospectus, we will sell the offered securities to the dealer, as principal. The dealer may then resell those securities to the public at a fixed price or at varying prices to be determined by the dealer at the time of resale.

We may also use this prospectus to offer and sell securities through agents designated by us from time to time. Unless otherwise indicated in the prospectus supplement, any agent will be acting on a reasonable efforts basis for the period of its appointment.

We may offer to sell securities either at a fixed price or at prices that may be changed, at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices. We may also use this prospectus to directly solicit offers to purchase securities. Except as set forth in the applicable prospectus supplement, none of our directors, officers, or employees nor those of our subsidiaries will solicit or receive a commission in connection with those direct sales. Those persons may respond to inquiries by potential purchasers and perform ministerial and clerical work in connection with direct sales.

We may authorize underwriters, dealers and agents to solicit offers by certain institutions to purchase securities pursuant to delayed delivery contracts providing for payment and delivery on a future date specified in the prospectus supplement. Institutions with which delayed delivery contracts may be made include commercial and savings banks, insurance companies, educational and charitable institutions and other institutions that we may approve. The obligations of any purchaser under any delayed delivery contract will not be subject to any conditions except that any related sale of offered securities to underwriters shall have occurred and the purchase by an institution of the securities covered by its delayed delivery contract shall not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which that institution is subject.

Underwriters, dealers or agents participating in a distribution of securities by use of this prospectus and an applicable prospectus supplement may be deemed to be underwriters, and any discounts and commissions received by them and any profit realized by them on resale of the offered securities, whether received from us or from purchasers of offered securities for whom they act as agent, may be deemed to be underwriting discounts and commissions under the Securities Act.

Under agreements that we may enter into, underwriters, dealers or agents who participate in the distribution of securities by use of this prospectus and an applicable prospectus supplement may be entitled to indemnification by us against certain liabilities, including liabilities under the Securities Act, or to contribution with respect to payments that those underwriters, dealers or agents may be required to make.

Underwriters, dealers, agents or their affiliates may be customers of, engage in transactions with, or perform services for, us and our subsidiaries in the ordinary course of business, for which they have received or will receive customary compensation.

LEGAL MATTERS

Certain legal matters will be passed upon for us by DLA Piper LLP (US). If counsel for any underwriter, dealer or agent passes on legal matters in connection with an offering made by this prospectus, we will name that counsel in the prospectus supplement relating to the offering.
