U-HAUL HOLDING COMPANY REPORTS FIRST QUARTER FISCAL 2025 FINANCIAL RESULTS

EARNINGS PER SHARE

We calculate earnings per share using the two-class method in accordance with Accounting Standards Codification Topic 260, *Earnings Per Share*. The two-class method allocates the undistributed earnings available to common stockholders to the Company's outstanding common stock, \$0.25 par value (the "Voting Common Stock") and the Series N Non-Voting Common Stock, \$0.001 par value (the "Non-Voting Common Stock") based on each share's percentage of total weighted average shares outstanding. The Voting Common Stock and Non-Voting Common Stock are allocated 10% and 90%, respectively, of our undistributed earnings available to common stockholders. This represents earnings available to common stockholders less the dividends declared for both the Voting Common Stock and Non-Voting Common Stock.

Our undistributed earnings per share is calculated by taking the undistributed earnings available to common stockholders and dividing this number by the weighted average shares outstanding for the respective stock. If there was a dividend declared for that period, the dividend per share is added to the undistributed earnings per share to calculate the basic and diluted earnings per share. The process is used for both Voting Common Stock and Non-Voting Common Stock.

The calculation of basic and diluted earnings per share for the quarters ended June 30, 2024 and 2023 for our Voting Common Stock and Non-Voting Common Stock were as follows:

NON-GAAP FINANCIAL RECONCILIATION SCHEDULE

As of April 1, 2019, we adopted the new accounting standard for leases. Part of this adoption resulted in approximately \$1 billion of property, plant and equipment, net (“PPE”) being reclassified to Right of use assets - financing, net (“ROU-financing”). The tables below show adjusted PPE as of June 30, 2024 and March 31, 2024, by including the ROU-financing. The assets included in ROU-financing are not a true book value as some of the assets are recorded at between 70% and 100% of value based on the lease agreement. This non-GAAP measure is intended as a supplemental measure of our balance sheet that is neither required by, nor presented in accordance with, GAAP. We believe that the use of this non-GAAP measure provides an additional tool for investors to use in evaluating our financial condition. This non-GAAP measure should not be considered in isolation or as a substitute for other measures calculated in accordance with GAAP.
