For the nine-month period ended December 31, 2024, net earnings available to shareholders were \$449.4 million compared with net earnings of \$629.6 million for the same period last year. Earnings per share for Non-Voting Shares (UHAL.B) were \$2.31 for the nine-month period ended December 31, 2024 compared to \$3.22 for the same period in fiscal 2024.

“Moving activity increased over the quarter as demand for our products and services ticked up,” stated Joe Shoen, Chairman of U-Haul Holding Company. “We are making steady improvements to reduce friction with the customer so that it’s easier for the public to choose U-Haul.”

Highlights of Third Quarter Fiscal 2025 Results

- Moving and Storage earnings before interest, taxes and depreciation (EBITDA), adjusted to remove interest income, increased \$47.8 million to \$376.7 million compared to the third quarter of fiscal 2024 and for the trailing twelve months for December 31, 2024 increased \$20.7 million to \$1,614.1 compared to the trailing twelve months for December 31, 2023.
 - Self-storage revenues increased \$16.6 million, or 7.9%, versus the third quarter of fiscal year 2024.
 - o Same store occupancy decreased 0.5% to 92.4%, revenue per foot increased 3.0%, and the number of locations qualifying for the pool increased by 50.
 - o Total portfolio of occupied rooms increased 39,055, or 6.8%, compared to December 31, 2023.
 - o During the third quarter, we added 34 new locations with storage and 2.3 million net rentable square feet (NRSF). Twenty-three were acquisitions of existing storage locations totaling 1.3 million NRSF and eleven were internally developed. These newly developed locations along with expansion projects at existing facilities accounted for the remaining 1.0 million NRSF.
 - o We have approximately 16.8 million NRSF in development or pending.
 - Self-moving equipment rental revenues increased \$38.8 million, or 4.6%, compared with the third quarter of fiscal year 2024 leading to our third consecutive quarter of steadily improving year-over-year results. In-Town transactions improved, while revenue per transaction increased for both our In-Town and one-way markets. Compared to the third quarter of last year we have increased the size of the box truck fleet while decreasing the number of trucks in the pickup fleet.
-

- Moving and Storage Other revenue increased \$9.6 million, or 9.6%, compared with the third quarter of fiscal 2024, caused primarily by increases in both moving and storage transactions related to our U-Box program. We continue to expand our breadth and reach of this program through additional warehouse space, moving and storage containers and delivery equipment.
- Moving and Storage earnings from operations, before consolidation of the equity in earnings of the insurance subsidiaries, adjusted to remove interest income, decreased \$25.5 million compared to the third quarter of fiscal 2024.
 - o Reduced gains from the disposal of retired rental equipment accounted for \$32.7 million of the decrease while fleet depreciation expense increased \$34.2 million and real estate related depreciation expense increased \$5.6 million, all compared with the third quarter of fiscal 2024.
 - o Fleet maintenance and repair costs declined \$10.2 million compared with the third quarter of fiscal 2024.
- Cash and credit availability at the Moving and Storage segment was \$1,348.1 million as of December 31, 2024 compared with \$1,886.3 million at March 31, 2024.

EARNINGS PER SHARE

We calculate earnings per share using the two-class method in accordance with Accounting Standards Codification Topic 260, *Earnings Per Share*. The two-class method allocates the undistributed earnings available to common stockholders to the Company's outstanding common stock, \$0.25 par value (the "Voting Common Stock") and the Series N Non-Voting Common Stock, \$0.001 par value (the "Non-Voting Common Stock") based on each share's percentage of total weighted average shares outstanding. The Voting Common Stock and Non-Voting Common Stock are allocated 10% and 90%, respectively, of our undistributed earnings available to common stockholders. This represents earnings available to common stockholders less than the dividends declared for both the Voting Common Stock and Non-Voting Common Stock.

Our undistributed earnings per share were calculated by taking the undistributed earnings available to common stockholders and dividing this number by the weighted average shares outstanding for the respective stock. If there was a dividend declared for that period, the dividend per share was added to the undistributed earnings per share to calculate the basic and diluted earnings per share. The process was used for both Voting Common Stock and Non-Voting Common Stock.

The calculation of basic and diluted earnings per share for the quarters and nine months ended December 31, 2024 and 2023 for our Voting Common Stock and Non-Voting Common Stock were as follows:

NON-GAAP FINANCIAL RECONCILIATION SCHEDULE

As of April 1, 2019, we adopted the new accounting standard for leases. Part of this adoption resulted in approximately \$1 billion of property, plant and equipment, net (“PPE”) being reclassified to Right of use assets - financing, net (“ROU-financing”). The tables below show adjusted PPE as of December 31, 2024 and March 31, 2024, by including the ROU-financing. The assets included in ROU-financing are not a true book value as some of the assets are recorded at between 70% and 100% of value based on the lease agreement. This non-GAAP measure is intended as a supplemental measure of our balance sheet that is neither required by, nor presented in accordance with, GAAP. We believe that the use of this non-GAAP measure provides an additional tool for investors to use in evaluating our financial condition. This non-GAAP measure should not be considered in isolation or as a substitute for other measures calculated in accordance with GAAP.

Non-GAAP Financial Measures

Below is a reconciliation of Moving and Storage non-GAAP financial measures as defined under SEC rules, such as earnings before interest, taxes, depreciation, and amortization ("EBITDA"). The Company believes that these widely accepted measures of operating profitability improve the transparency of the Company's disclosures and provide a meaningful presentation of the Company's results from its core business operations excluding the impact of items not related to the Company's ongoing core business operations and improve the period-to-period comparability of the Company's results from its core business operations. These non-GAAP financial measures are not substitutes for GAAP financial results and should only be considered in conjunction with the Company's financial information that is presented in accordance with GAAP. The earnings from operations for December 31, 2023 have been adjusted from previously presented earnings releases as Moving and Storage interest income has been classified as Other interest income.
