AMERCO AND CONSOLIDATED ENTITIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of Presentation

AMERCO, a Nevada corporation ("AMERCO"), has a first fiscal quarter that ends on the 30th of June for each year that is referenced. Our insurance company subsidiaries have a first quarter that ends on the 31st of March for each year that is referenced. They have been consolidated on that basis. Our insurance companies' financial reporting processes conform to calendar year reporting as required by state insurance departments. Management believes that consolidating their calendar year into our fiscal year financial statements does not materially affect the financial position or results of operations. The Company discloses any material events occurring during the intervening period. Consequently, all references to our insurance subsidiaries' years 2013 and 2012 correspond to fiscal 2014 and 2013 for AMERCO.

Accounts denominated in non-U.S. currencies have been translated into U.S. dollars. Certain amounts reported in previous years have been reclassified to conform to the current presentation.

The condensed consolidated balance sheet as of June 30, 2013 and the related condensed consolidated statements of operations, comprehensive income and cash flows for the first quarter of fiscal 2014 and 2013 are unaudited.

In our opinion, all adjustments necessary for the fair presentation of such condensed consolidated financial statements have been included. Such adjustments consist only of normal recurring items. Interim results are not necessarily indicative of results for a full year. The information in this Quarterly Report on Form 10-Q ("Quarterly Report") should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations and financial statements and notes thereto included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2013.

Intercompany accounts and transactions have been eliminated.

Description of Legal Entities

AMERCO is the holding company for:

U-Haul International, Inc. ("U-Haul"),

Amerco Real Estate Company ("Real Estate"),

Repwest Insurance Company ("Repwest"), and

Oxford Life Insurance Company ("Oxford").

Unless the context otherwise requires, the term "Company," "we," "us" or "our" refers to AMERCO and all of its legal subsidiaries.

Description of Operating Segments

AMERCO has three reportable segments. They are Moving and Storage, Property and Casualty Insurance and Life Insurance.

The Moving and Storage operating segment includes AMERCO, U-Haul, and Real Estate and the wholly-owned subsidiaries of U-Haul and Real Estate. Operations consist of the rental of trucks and trailers, sales of moving supplies, sales of towing accessories, sales of propane, and the rental of fixed and mobile self-storage spaces to the "do-it-yourself" mover and management of self-storage properties owned by others. AMERCO AND CONSOLIDATED ENTITIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

The Property and Casualty Insurance operating segment includes Rep West and its wholly-owned subsidiaries and ARCOA risk retention group ("ARCOA"). The Property and Casualty Insurance operating segment provides loss adjusting and claims handling for U-Haul through regional offices across North America. The Property and Casualty Insurance operating segment also underwrites components of the Safemove, Safetow, Safemove Plus, Safestor and Safestor Mobile protection packages to U-Haul customers. The business plan for the Property and Casualty Insurance operating segment includes offering property and casualty products in other U-Haul related programs. ARCOA is a group captive insurer owned by us and our wholly-owned subsidiaries whose purpose is to provide insurance products related to the moving and storage business.

The Life Insurance operating segment includes Oxford and its wholly-owned subsidiaries. The Life Insurance operating segment provides life and health insurance products primarily to the senior market through the direct writing and reinsuring of life insurance, Medicare supplement and annuity policies.

2. Earnings per Share

Our earnings per share is calculated by dividing our earnings available to common stockholders by the weighted average common shares outstanding, basic and diluted.

The weighted average common shares outstanding exclude post-1992 shares of the employee stock ownership plan that have not been committed to be released. The unreleased shares, net of shares committed to be released, were 57,681 and 100,302 as of June 30, 2013 and June 30, 2012, respectively.

3. Investments

Expected maturities may differ from contractual maturities as borrowers may have the right to call or prepay obligations with or without call or prepayment penalties.

We deposit bonds with insurance regulatory authorities to meet statutory requirements. The adjusted cost of bonds on deposit with insurance regulatory authorities was \$ 16.4 million at June 30, 2013.

Available-for-Sale Investments

Available-for-sale investments at June 30, 2013 were as follows:

The table above includes gross unrealized losses that are not deemed to be other-than-temporarily impaired, aggregated by investment category and length of time that individual securities have been in a continuous unrealized loss position.

We sold available-for-sale securities with a fair value of \$ 44.2 million during the first quarter of fiscal 2014. The gross realized gains on these sales totaled \$ 1.2 million. There were no gross realized losses on these sales.

AMERCO AND CONSOLIDATED SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (CONTINUED)

The unrealized losses of more than twelve months in the available-for-sale table are considered temporary declines. The majority of this unrealized loss is related to our long term investments in 1.8 milli on shares of Bank of America common stock. We track each investment with an unrealized loss and evaluate them on an individual basis for other-than-temporary impairments including obtaining corroborating opinions from third party sources, performing trend analysis and reviewing management's future plans. Certain of these investments may have declines determined by management to be other-than-temporary and we recognized these write-downs through earnings. There were no write downs in the first quarter of fis cal 2014 and 2013.

The investment portfolio primarily consists of corporate securities and U.S. government securities. We believe we monitor our investments as appropriate. Our methodology of assessing other-than-temporary impairments is based on security- specific analysis as of the balance sheet date and considers various factors including the length of time to maturity, the extent to which the fair value has been less than the cost, the financial condition and the near-term prospects of the issuer, and wh ether the debtor is current on its contractually obligated interest and principal payments. Nothing has come to management's attention that would lead to the belief that each issuer would not have the ability to meet the remaining contractual obligations o f the security, including payment at maturity. We have the ability and intent not to sell our fixed maturity and common stock investments for a period of time sufficient to allow us to recover our costs.

The portion of other-than-temporary impairment relat ed to a credit loss is recognized in earnings. The significant inputs utilized in the evaluation of mortgage backed securities credit losses include ratings, delinquency rates, and prepayment activity. The significant inputs utilized in the evaluation of a sset backed securities credit losses include the time frame for principal recovery and the subordination and value of the underlying collateral.

Credit losses recognized in earnings for which a portion of an other-than-temporary impairment was recognized in other comprehensive income were as follows:

5 . Derivatives

We manage exposure to changes in market interest rates. Our use of derivative instruments is limited to highly effective interest rate swaps to hedge the risk of changes in cash flows (future interest payments) attributable to changes in LIBOR swap rates, the designated benchmark interest rate being hedged on certain of our LIBOR indexed variable rate debt and a variable rate operating lease. The interest rate swaps effectively fix our interest payments on certain LIBOR indexed variable rate debt. We monitor our positions and the credit ratings of our counterparties and do not currently anticipate non-performance by the counterparties. Interest rate swap agreements are not entered into for trading purposes.

8 . Contingencies

Environmental

Compliance with environmental requirements of federal, state and local governments may significantly affect Real Estate's business operations. Among other things, these requirements regulate the discharge of materials into the air, land and water and govern the use and disposal of hazardous substances. Real Estate is aware of issues regarding hazardous substances on some of its properties. Real Estate regularly makes capital and operating expenditures to stay in compliance with environmental laws and has put in place a remedial plan at each site where it believes such a plan is necessary. Since 1988, Real Estate has managed a testing and removal program for underground storage tanks.

Based upon the information currently available to Real Estate, compliance with the environmental laws and its share of the costs of investigation and cleanup of known hazardous waste sites are not expected to result in a material adverse effect on AMERCO's financial position or results of operations.

Other

We are named as a defendant in various other litigation and claims arising out of the normal course of business. In management's opinion, none of these other matters will have a material effect on our financial position and results of operations.

9 . Related Party Transactions

As set forth in the Audit Committee Charter and consistent with Nasdaq Listing Rules, our Audit Committee (the "Audit Committee") reviews and maintains oversight over related party transactions which are required to be disclosed under the Securities and Exchange Commission ("SEC") rules and regulations. Accordingly, all such related party transactions are submitted to the Audit Committee for ongoing review and oversight. Our internal processes ensure that our legal and finance departments identify and monitor potential related party transactions which may require disclosure and Audit Committee oversight.

AMERCO has engaged in related party transactions and has continuing related party interests with certain major stockholders, directors and officers of the consolidated group as disclosed below. Management believes that the transactions described below and in the related notes were completed on terms substantially equivalent to those that would prevail in arm's-length transactions.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (CONTINUED)

We lease space for marketing company offices, vehicle repair shops and hitch installation centers from subsidiaries of SAC Holdings, 5 SAC and Galaxy. The terms of the leases are similar to the terms of leases for other properties owned by unrelated parties that are leased to us .

At June 30 , 201 3 , subsidiaries of SAC Holdings, 4 SAC, 5 SAC, Galaxy and Private Mini acted as U-Haul independent dealers. The financial and other terms of the dealership contracts with the aforementioned companies and their subsidiaries are substantially identical to the terms of those with our other independent dealers whereby commissions are paid by the Company based upon equipment rental revenues

These agreements and notes with subsidiaries of SAC Holdings, 4 SAC, 5 SAC, Galaxy and Private Mini, excluding Dealer Agreements, provided revenues of \$ 7.9 million, expenses of \$ 0.7 million and cash flows of \$ 21.7 million during the first quarter of fiscal 201 4 . Revenues and commission expenses related to the Dealer Agreements were \$ 60.5 million and \$ 13.3 million, respectively during the first quarter of fiscal 201 4 .

Pursuant to the variable interest entity model under ASC 810 – *Consolidation* ("ASC 810"), Management determined that the junior notes of SAC Holdings and Private Mini as well as the management agreements with SAC Holdings, Mercury, 4 SAC, 5 SAC, Galaxy, and Private Mini represent potential variable interests for us . Management evaluated whether it should be identified as the primary beneficiary of one or more of these variable interest entity's ("VIE's") using a two - step approach in which management (i) identified all other parties that hold interests in the VIE's, and (ii) determined if any variable interest holder has the power to direct the activities of the VIE's that most significantly impact their economic performance.

Management determined that they do not have a variable interest in the holding entities Mercury, SAC Holding II Corporation, 4 SAC, 5 SAC, or Galaxy based upon management agreements which are with the individual operating entities or through the issuance of junior debt therefore, we are precluded from consolidating these entities.

We have junior debt with the holding entities SAC Holding Corporation and Private Mini which represents a variable interest in each individual entity. Though we have certain protective rights within these debt agreements, we have no present influence or control over these holding entities unless their protective rights become exercisable, which management considers unlikely based on their payment history. As a result, we have no basis under ASC 810 to consolidate these entities.

We do not have the power to direct the activities that most significantly impact the economic performance of the individual operating entities which have management agreements with U-Haul. There are no fees or penalties disclosed in the management agreement for termination of the agreement. Through control of the holding entities assets, and its ability and history of making key decisions relating to the entity and its assets, Blackwater, and its owner, are the variable interest holder with the power to direct the activities that most significantly impact each of the individual holding entities and the individual operating entities' performance. As a result, we have no basis under ASC 810 to consolidate these entities.

10 . Consolidating Financial Information by Industry Segment

AMERCO's three reportable segments are:

- Moving and Storage, comprised of AMERCO, U-Haul, and Real Estate and the subsidiaries of U-Haul and Real Estate,
- Property and Casualty Insurance, comprised of Rep w est and its subsidiaries and ARCOA, and
- Life Insuran ce , comprised of Oxford and its subsidiaries.

Management tracks revenues separately, but does not report any separate measure of the profitability for rental vehicles, rentals of self-storage spaces and sales of products that are required to be classified as a separate operating segment and accordingly does not present these as separate reportable segments. Deferred income taxes are shown as liabilities on the condensed consolidating statements.

The information includes elimination entries necessary to cons olidate AMERCO, the parent, with its subsidiaries.

Investments in subsidiaries are accounted for by the parent using the equity method of accounting.

1 3 . Fair Value Measurements

Fair values of cash equivalents approximate carrying value due to the short period of time to maturity. Fair values of short term investments, investments available-for-sale, long term investments, mortgage loans and notes on real estate, and interest rate swap contracts are based on quoted market prices, dealer quotes or discounted cash flows. Fair values of trade receivables approximate their recorded value.

Our financial instruments that are exposed to concentrations of credit risk consist primarily of temporary cash investments, trade receivables, reinsurance recoverables and notes receivable. Limited credit risk exists on trade receivables due to the diversity of our customer base and their dispersion across broad geographic markets. We place our temporary cash investments with financial institutions and limit the amount of credit exposure to any one financial institution.

AMERCO AND CONSOLIDATED SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (CONTINUED)

We have mortgage receivables, which potentially expose us to credit risk. The portfolio of notes is principally collateralized by self-storage facilities and commercial properties. We have not experienced any material losses related to the notes from individual or groups of notes in any particular industry or geographic area. The estimated fair values were determined using the discounted cash flow method and using interest rates currently offered for similar loans to borrowers with similar credit ratings.

The carrying amount of long term debt and short term borrowings are estimated to approximate fair value as the actual interest rate is consistent with the rate estimated to be currently available for debt of similar term and remaining maturity.

Other investments including short term investments are substantially current or bear reasonable interest rates. As a result, the carrying values of these financial instruments approximate fair value.

Assets and liabilities are recorded at fair value on the condensed consolidated balance sheets and are measured and classified based upon a three tiered approach to valuation. ASC 820 - *Fair Value Measurements and Disclosure* ("ASC 820") requires that financial assets and liabilities recorded at fair value be classified and disclosed in one of the following three categories:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices for identical or similar financial instruments in markets that are not considered to be active, or similar financial instruments for which all significant inputs are observable, either directly or indirectly, or inputs other than quoted prices that are observable, or inputs that are derived principally from or corroborated by observable market data through correlation or other means; and

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and are unobservable. These reflect management's assumptions about the assumptions a market participant would use in pricing the asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following table represents the financial assets and liabilities on the condensed consolidated balance sheet at June 30, 2013, that are subject to ASC 820 and the valuation approach applied to each of these items.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

General

We begin Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") with the overall strategy of AMERCO, followed by a description of and strategy related to, our operating segments to give the reader an overview of the goals of our businesses and the direction in which our businesses and products are moving. We then discuss our critical accounting policies and estimates that we believe are important to understanding the assumptions and judgments incorporated in our reported financial results. Next, we discuss our results of operations for the first quarter of fiscal 2014, compared with the first quarter of fiscal 2013, which is followed by an analysis of changes in our balance sheets and cash flows, and a discussion of our financial commitments in the sections entitled Liquidity and Capital Resources and Disclosures about Contractual Obligations and Commercial Commitments and a discussion of off-balance sheet arrangements. We conclude this MD&A by discussing our current outlook for the remainder of fiscal 2014.

This MD&A should be read in conjunction with the other sections of this Quarterly Report, including the Notes to Condensed Consolidated Financial Statements. The various sections of this MD&A contain a number of forward-looking statements, as discussed under the caption, Cautionary Statements Regarding Forward-Looking Statements, all of which are based on our current expectations and could be affected by the uncertainties and risks described throughout this filing or in our most recent Annual Report on Form 10-K for the fiscal year ended March 31, 2013. Many of these risks and uncertainties are beyond our control and our actual results may differ materially from these forward-looking statements.

AMERCO, a Nevada corporation ("AMERCO"), has a first fiscal quarter that ends on the 30th of June for each year that is referenced. Our insurance company subsidiaries have a first quarter that ends on the 31st of March for each year that is referenced. They have been consolidated on that basis. Our insurance companies' financial reporting processes conform to calendar year reporting as required by state insurance departments. Management believes that consolidating their calendar year into our fiscal year financial statements does not materially affect the financial position or results of operations. The Company discloses any material events occurring during the intervening period. Consequently, all references to our insurance subsidiaries' years 2013 and 2012 correspond to fiscal 2014 and 2013 for AMERCO.

Overall Strategy

Our overall strategy is to maintain our leadership position in the North American "do-it-yourself" moving and storage industry. We accomplish this by providing a seamless and integrated supply chain to the "do-it-yourself" moving and storage market. As part of executing this strategy, we leverage the brand recognition of U-Haul with our full line of moving and self-storage related products and services and the convenience of our broad geographic presence.

Our primary focus is to provide our customers with a wide selection of moving rental equipment, convenient self-storage rental facilities and related moving and self-storage products and services. We are able to expand our distribution and improve customer service by increasing the amount of moving equipment and storage rooms and portable storage boxes available for rent, expanding the number of independent dealers in our network and expanding and taking advantage of our growing eMove[®] capabilities.

Our Property and Casualty Insurance operating segment is focused on providing and administering property and casualty insurance to U-Haul and its customers, its independent dealers and affiliates.

Our Life Insurance operating segment is focused on long-term capital growth through direct writing and reinsuring of life, Medicare supplement and annuity products in the senior marketplace.

Description of Operating Segments

AMERCO's three reportable segments are:

- Moving and Storage, comprised of AMERCO, U-Haul, and Real Estate and the subsidiaries of U-Haul and Real Estate,
- Property and Casualty Insurance, comprised of Repwest and its subsidiaries and ARCOA, and
- Life Insurance, comprised of Oxford and its subsidiaries.

Moving and Storage Operating Segment

Our Moving and Storage operating segment consists of the rental of trucks, trailers, portable moving and storage boxes, specialty rental items and self-storage spaces primarily to the household mover as well as sales of moving supplies, towing accessories and propane. Operations are conducted under the registered trade name U-Haul® throughout the United States and Canada.

With respect to our truck, trailer, specialty rental items and self-storage rental business, we are focused on expanding our dealer network, which provides added convenience for our customers and expanding the selection and availability of rental equipment to satisfy the needs of our customers.

U-Haul brand self-moving related products and services, such as boxes, pads and tape allow our customers to, among other things, protect their belongings from potential damage during the moving process. We are committed to providing a complete line of products selected with the "do-it-yourself" moving and storage customer in mind.

eMove is an online marketplace that connects consumers to independent Moving Help® service providers and thousands of independent U-Haul Self-Storage Affiliates. Our network of customer rated affiliates and service providers furnish pack and load help, cleaning help, self-storage and similar services, all over North America. Our goal is to further utilize our web-based technology platform to increase service to consumers and businesses in the moving and storage market.

Since 1945 U-Haul has incorporated sustainable practices into its everyday operations. We believe that our basic business premise of equipment sharing helps reduce greenhouse gas emissions and reduces the need for total large capacity vehicles. We continue to look for ways to reduce waste within our business and are dedicated to manufacturing reusable components and recyclable products. We believe that our commitment to sustainability, through our products and services and everyday operations has helped us to reduce our impact on the environment.

Property and Casualty Insurance Operating Segment

Our Property and Casualty Insurance operating segment provides loss adjusting and claims handling for U-Haul through regional offices across North America. Our Property and Casualty Insurance operating segment also underwrites components of the Safemove, Safetow, Safemove Plus, Safestor and Safestor Mobile protection packages to U-Haul customers. We continue to focus on increasing the penetration of these products into the moving and storage market. The business plan for our Property and Casualty Insurance operating segment includes offering property and casualty products in other U-Haul related programs.

Life Insurance Operating Segment

Our Life Insurance operating segment provides life and health insurance products primarily to the senior market through the direct writing and reinsuring of life insurance, Medicare supplement and annuity policies.

Critical Accounting Policies and Estimates

Our financial statements have been prepared in accordance with the generally accepted accounting principles ("GAAP") in the United States. The methods, estimates and judgments we use in applying our accounting policies can have a significant impact on the results we report in our financial statements. Certain accounting policies require us to make difficult and subjective judgments and assumptions, often as a result of the need to estimate matters that are inherently uncertain.

In the following pages we have set forth, with a detailed description, the accounting policies that we deem most critical to us and that require management's most difficult and subjective judgments. These estimates are based on historical experience, observance of trends in particular areas, information and valuations available from outside sources and on various other assumptions that are believed to be reasonable under the circumstances and which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual amounts may differ from these estimates under different assumptions and conditions; such differences may be material.

We also have other policies that we consider key accounting policies, such as revenue recognition; however, these policies do not meet the definition of critical accounting estimates, because they do not generally require us to make estimates or judgments that are difficult or subjective. The accounting policies that we deem most critical to us, and involve the most difficult, subjective or complex judgments include the following:

Principles of Consolidation

We apply ASC 810 in our principles of consolidation. ASC 810 addresses arrangements where a company does not hold a majority of the voting or similar interests of a VIE. A company is required to consolidate a VIE if it has determined it is the primary beneficiary. ASC 810 also addresses the policy when a company owns a majority of the voting or similar rights and exercises effective control.

As promulgated by ASC 810, a VIE is not self-supportive due to having one or both of the following conditions: (i) it has an insufficient amount of equity for it to finance its activities without receiving additional subordinated financial support or (ii) its owners do not hold the typical risks and rights of equity owners. This determination is made upon the creation of a variable interest and is re-assessed on an on-going basis should certain changes in the operations of a VIE, or its relationship with the primary beneficiary trigger a reconsideration under the provisions of ASC 810. After a triggering event occurs the facts and circumstances are utilized in determining whether or not a company is a VIE, which other company(s) have a variable interest in the entity, and whether or not the company's interest is such that it is the primary beneficiary.

We will continue to monitor our relationships with the other entities regarding who is the primary beneficiary, which could change based on facts and circumstances of any reconsideration events.

Recoverability of Property, Plant and Equipment

Property, plant and equipment are stated at cost. Interest expense incurred during the initial construction of buildings and rental equipment is considered part of cost. Depreciation is computed for financial reporting purposes using the straight-line or an accelerated method based on a declining balance formula over the following estimated useful lives: rental equipment 2-20 years and buildings and non-rental equipment 3-55 years. We follow the deferral method of accounting based on ASC 908 - *Airlines* for major overhauls in which engine and transmission overhauls are currently capitalized and amortized over three years. Routine maintenance costs are charged to operating expense as they are incurred. Gains and losses on dispositions of property, plant and equipment are netted against depreciation expense when realized. Equipment depreciation is recognized in amounts expected to result in the recovery of estimated residual values upon disposal, i.e., minimize gains or losses. In determining the depreciation rate, historical disposal experience, holding periods and trends in the market for vehicles are reviewed.

We regularly perform reviews to determine whether facts and circumstances exist which indicate that the carrying amount of assets, including estimates of residual value, may not be recoverable or that the useful life of assets are shorter or longer than originally estimated. Reductions in residual values (i.e., the price at which we ultimately expect to dispose of revenue earning equipment) or useful lives will result in an increase in depreciation expense over the life of the equipment. Reviews are performed based on vehicle class, generally subcategories of trucks and trailers. We assess the recoverability of our assets by comparing the projected undiscounted net cash flows associated with the related asset or group of assets over their estimated remaining lives against their respective carrying amounts. We consider factors such as current and expected future market price trends on used vehicles and the expected life of vehicles included in the fleet. Impairment, if any, is based on the excess of the carrying amount over the fair value of those assets. If asset residual values are determined to be recoverable, but the useful lives are shorter or longer than originally estimated, the net book value of the assets is depreciated over the newly determined remaining useful lives.

Management determined that additions to the fleet resulting from purchases should be depreciated on an accelerated method based upon a declining formula. Under the declining balances method (2.4 times declining balance), the book value of a rental truck is reduced approximately 16%, 13%, 11%, 9%, 8%, 7%, and 6% during years one through seven, respectively and then reduced on a straight line basis to a salvage value of 2.0% by the end of year fifteen. Beginning in October 2012, rental equipment subject to this depreciation schedule is being depreciated to a salvage value of 15%. This change had an immaterial effect on our current financial statements. Comparatively, a standard straight line approach would reduce the book value by approximately 5.7% per year over the life of the truck. For the affected equipment, the accelerated depreciation was \$13.5 million and \$14.8 million greater than what it would have been if calculated under a straight line approach for the first quarter of fiscal 2014 and 2013, respectively.

Although we intend to sell our used vehicles for prices approximating book value, the extent to which we realize a gain or loss on the sale of used vehicles is dependent upon various factors including but not limited to, the general state of the used vehicle market, the age and condition of the vehicle at the time of its disposal and the depreciation rates with respect to the vehicle. We typically sell our used vehicles at our sales centers throughout North America, on our web site at uhaul.com/trucksales or by phone at 1-866-404-0355. Additionally, we sell a large portion of our pickup and cargo van fleet at automobile dealer auctions.

Insurance Reserves

Liabilities for life insurance and certain annuity and health policies are established to meet the estimated future obligations of policies in force, and are based on mortality, morbidity and withdrawal assumptions from recognized actuarial tables which contain margins for adverse deviation. In addition, liabilities for health, disability and other policies include estimates of payments to be made on insurance claims for reported losses and estimates of losses incurred, but not yet reported. Liabilities for annuity contracts consist of contract account balances that accrue to the benefit of the policyholders.

Insurance reserves for our Property and Casualty Insurance operating segment and U-Haul take into account losses incurred based upon actuarial estimates and are management's best approximation of future payments. These estimates are based upon past claims experience and current claim trends as well as social and economic conditions such as changes in legal theories and inflation. These reserves consist of case reserves for reported losses and a provision for losses incurred but not reported ("IBNR"), both reduced by applicable reinsurance recoverables, resulting in a net liability.

Due to the nature of the underlying risks and high degree of uncertainty associated with the determination of the liability for future policy benefits and claims, the amounts to be ultimately paid to settle these liabilities cannot be precisely determined and may vary significantly from the estimated liability, especially for long-tailed casualty lines of business such as excess workers' compensation. As a result of the long-tailed nature of the excess workers' compensation policies written by Repwest during 1983 through 2002, and similar policies assumed by Repwest during 2001 through 2003, it may take a number of years for claims to be fully reported and finally settled.

On a regular basis insurance reserve adequacy is reviewed by management to determine if existing assumptions need to be updated. In determining the assumptions for calculating workers' compensation reserves, management considers multiple factors including the following:

- Claimant longevity
- Cost trends associated with claimant treatments
- Changes in ceding entity and third party administrator reporting practices
- Changes in environmental factors including legal and regulatory
- Current conditions affecting claim settlements
- Future economic conditions including inflation

We have reserved each claim based upon the accumulation of current claim costs projected through the claimants' life expectancy, and then adjusted for applicable reinsurance arrangements. Management reviews each claim bi-annually to determine if the estimated life-time claim costs have increased and then adjusts the reserve estimate accordingly at that time. We have factored in an estimate of what the potential cost increases could be in our IBNR liability. We have not assumed settlement of the existing claims in calculating the reserve amount, unless it is in the final stages of completion.

Continued increases in claim costs, including medical inflation and new treatments and medications could lead to future adverse development resulting in additional reserve strengthening. Conversely, settlement of existing claims or if injured workers return to work or expire prematurely, could lead to future positive development.

Impairment of Investments

Investments are evaluated pursuant to guidance contained in ASC 320 - *Investments - Debt and Equity Securities* to determine if and when a decline in market value below amortized cost is other-than-temporary. Management makes certain assumptions or judgments in its assessment including but not limited to: ability and intent to hold the security, quoted market prices, dealer quotes or discounted cash flows, industry factors, financial factors, and issuer specific information such as credit strength. Other-than-temporary impairment in value is recognized in the current period operating results. There were no write downs in the first quarter of fiscal 2014 and 2013.

Income Taxes

Our tax returns are periodically reviewed by various taxing authorities. The final outcome of these audits may cause changes that could materially impact our financial results.

AMERCO files a consolidated tax return with all of its legal subsidiaries.

Fair Values

Fair values of cash equivalents approximate carrying value due to the short period of time to maturity. Fair values of short term investments, investments available-for-sale, long term investments, mortgage loans and notes on real estate, and interest rate swap contracts are based on quoted market prices, dealer quotes or discounted cash flows. Fair values of trade receivables approximate their recorded value.

Our financial instruments that are exposed to concentrations of credit risk consist primarily of temporary cash investments, trade receivables, reinsurance recoverables and notes receivable. Limited credit risk exists on trade receivables due to the diversity of our customer base and their dispersion across broad geographic markets. We place our temporary cash investments with financial institutions and limit the amount of credit exposure to any one financial institution.

We have mortgage receivables, which potentially expose us to credit risk. The portfolio of notes is principally collateralized by self-storage facilities and commercial properties. We have not experienced any material losses related to the notes from individual or groups of notes in any particular industry or geographic area. The estimated fair values were determined using the discounted cash flow method and using interest rates currently offered for similar loans to borrowers with similar credit ratings.

The carrying amount of long term debt and short term borrowings are estimated to approximate fair value as the actual interest rate is consistent with the rate estimated to be currently available for debt of similar term and remaining maturity.

Other investments including short term investments are substantially current or bear reasonable interest rates. As a result, the carrying values of these financial instruments approximate fair value.

Subsequent Events

Our management has evaluated subsequent events occurring after June 30, 2013, the date of our most recent balance sheet, through the date our financial statements were issued. We do not believe any subsequent events have occurred that would require further disclosure or adjustment to our financial statements.

Adoption of New Accounting Pronouncements

In February 2013, the FASB issued Accounting Standards Update ("ASU") 2013-02, *Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income*, ("ASU 2013-02") an amendment to FASB ASC Topic 220. The update requires disclosure of amounts reclassified out of accumulated other comprehensive income by component. In addition, an entity is required to present either on the face of the statement of operations or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income but only if the amount reclassified is required to be reclassified to net income in its entirety in the same reporting period. For amounts not reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures that provide additional detail about those amounts. This ASU is effective prospectively for the Company's fiscal years, and interim periods within those years beginning after December 15, 2012. We adopted ASU 2013-02 in the first quarter of fiscal 2014 and it did not have a material impact on our financial statements.

From time to time, new accounting pronouncements are issued by the FASB or the SEC that are adopted by the Company as of the specified effective date. Unless otherwise discussed, these ASU's entail technical corrections to existing guidance or affect guidance related to specialized industries or entities and therefore will have minimal, if any, impact on our financial position or results of operations upon adoption.

Self-moving equipment rental revenues increased \$ 54.7 million during the first quarter of fiscal 2014, compared with the first quarter of fiscal 2013. The improvement in revenue came primarily from growth in moving transactions across both our truck and trailer fleets. The additional transactions were facilitated by an increase in the amount of equipment available to rent along with incremental utilization improvements.

Self-storage revenues increased \$ 7.4 million during the first quarter of fiscal 2014, compared with the first quarter of fiscal 2013 due primarily to an increase in the number of rooms rented. The average monthly amount of occupied square feet increased by nearly 21 % during the first quarter of fiscal 2014 compared to the same period last year. The growth in revenues and square feet rented comes from a combination of improved occupancy at existing locations as well as the addition of new facilities to the portfolio. Over the last twelve months we have added approximately 2.5 million net rentable square feet to the self-storage portfolio with over 0.8 million of that coming on during the first quarter.

Sales of self-moving and self-storage products and services increased \$ 3.5 million during the first quarter of fiscal 2014, compared with the first quarter of fiscal 2013. Increases were recognized in the sales of moving supplies, propane and towing accessories and related installations.

Life insurance premiums decreased \$ 5.4 million during the first quarter of fiscal 2014, compared with the first quarter of fiscal 2013 due primarily to reduced life and Medicare supplement premiums.

Property and casualty insurance premiums increased \$ 0.7 million during the first quarter of fiscal 2014, compared with the first quarter of fiscal 2013 due to an increase in Safestor and Safetow sales which were a result of increased equipment and storage rental transactions.

Net investment and interest income increased \$4.5 million during the first quarter of fiscal 2014, compared with the first quarter of fiscal 2013. The Life Insurance operating segment recognized increased investment income due to a larger invested asset base and realized gains compared to the same period last year.

Other revenue increased \$ 13.5 million during the first quarter of fiscal 2014, compared with the first quarter of fiscal 2013 primarily from the expansion of new business initiatives including our U-Box™ program.

As a result of the items mentioned above, revenues for AMERCO and its consolidated entities were \$ 746.8 million for the first quarter of fiscal 2014, compared with \$ 667.7 million for the first quarter of fiscal 2013.

Listed below are revenues and earnings from operations at each of our operating segments for the first quarter of fiscal 2014 and the first quarter of fiscal 2013. The insurance companies first quarters ended March 31, 2013 and 2012.

Total costs and expenses increased \$ 27.7 million during the first quarter of fiscal 2014, compared with the first quarter of fiscal 2013. Operating expenses for the Moving and Storage operating segment increased \$ 28.1 million with a significant portion of this coming from spending on personnel and operating costs associated with the U-Box program along with an increase in rental equipment maintenance. Commission expenses increased in relation to the associated revenues. Depreciation expense increased \$ 5.4 million and gains from the disposal property, plant and equipment increased \$4.1 million. This resulted in a \$1.3 million increase in depreciation expense, net. Conversely, lease expense decreased \$5.8 million as a result of the Company's continued trend in financing new equipment on the balance sheet versus through operating leases.

As a result of the above mentioned changes in revenues and expenses, earnings from operations increased to \$ 202.4 million for the first quarter of fiscal 2014, compared with \$ 150.9 million for the first quarter of fiscal 2013.

Interest expense for the first quarter of fiscal 2014 was \$ 23.3 million, compared with \$ 23.5 million for the first quarter of fiscal 2013.

Net investment and interest income increased \$0.3 million during the first quarter of fiscal 2014, compared with the first quarter of fiscal 2013 primarily due to increased investment income offset by a decrease in interest income on the SAC Holdings notes compared to the same period last year. In June 2013, SAC Holdings made a payment to reduce its outstanding deferred interest payable to AMERCO by \$10.4 million.

Other revenue increased \$ 15.3 million during the first quarter of fiscal 2014, compared with the first quarter of fiscal 2013 primarily from the expansion of new business initiatives including our U-Box™ program.

As a result of the above mentioned changes in revenues and expenses, earnings from operations for the Moving and Storage operating segment before consolidation of the equity in the earnings of the insurance subsidiaries, increased to \$194.0 million for the first quarter of fiscal 2014, compared with \$147.0 million for the first quarter of fiscal 2013.

Equity in the earnings of AMERCO's insurance subsidiaries was \$ 5.5 million and \$2.6 million for the first quarter of fiscal 2014 and 2013, respectively.

As a result of the above mentioned changes in revenues and expenses, earnings from operations increased to \$ 199.5 million for the first quarter of fiscal 2014, compared with \$ 149.5 million for the first quarter of fiscal 2013.

Property and Casualty Insurance

Quarter Ended March 31, 2013 compared with the Quarter Ended March 31, 2012

Net premiums were \$ 8.0 million and \$ 7.2 million for the quarters ended March 31, 2013 and 2012, respectively. A significant portion of Repwest's premiums are from policies sold in conjunction with U-Haul rental transactions. The premium increase corresponded with the increased moving and storage transactions at U-Haul during the same time period.

Net investment income was \$2.5 million and \$2.2 million for the quarters ended March 31, 2013 and 2012, respectively. The increase was due to \$0.3 million of gains on the sale of bonds and preferred stock.

Net operating expenses were \$ 4.1 million and \$ 3.3 million for the quarters ended March 31, 2013 and 2012, respectively. The increase was primarily due to an increase in commissions.

Benefits and losses incurred were \$ 2.0 million and \$ 3.6 million for the quarters ended March 31, 2013 and 2012, respectively. The decrease was due to a \$1.4 million strengthening of reserves on assumed reinsurance business in the first quarter of last year whereas no similar adjustment was necessary this year.

As a result of the above mentioned changes in revenues and expenses, pretax earnings from operations were \$ 4.4 million and \$ 2.6 million for the quarters ended March 31, 2013 and 2012, respectively.

Life Insurance

Quarter Ended March 31, 2013 compared with the Quarter Ended March 31, 2012

Net premiums were \$ 41.1 million and \$ 46.4 million for the quarters ended March 31, 2013 and 2012, respectively. Medicare supplement premiums decreased \$2.7 million while premiums from single premium whole life insurance and immediate annuities decreased by \$2.6 million. In the past year new business activity shifted more towards deferred annuity policies with sales of these products accounted for as deposits on the balance sheet instead of premium income. Annuity deposits were \$27.7 million, an increase of \$1.3 million compared to the same period last year.

Net investment income was \$ 13.2 million and \$ 9.3 million for the quarters ended March 31, 2013 and 2012, respectively. There was an increase of \$3.0 million of investment income due to a larger invested asset base and an increase in realized gains of \$1.0 million compared to the same period last year.

Net operating expenses were \$ 6.4 million and \$ 7.2 million for the quarters ended March 31, 2013 and 2012, respectively. The variance is due to a reduction in Medicare supplement, single premium life, and immediate annuities commissions resulting from a lower Medicare supplement policy base and decreased sales of single premium life and immediate annuity policies.

Benefits and losses incurred were \$ 40.7 million and \$ 44.8 million for the quarter ended March 31, 2013 and 2012, respectively. Life and immediate annuity benefits decreased \$2.3 million primarily due to a reduction in reserves from reduced sales. Medicare supplement incurred benefits decreased by \$3.0 million from a reduction of policies in force and an improved benefit ratio. Interest credited to policyholders increased \$1.5 million as a result of increased deferred annuity deposits.

Amortization of deferred acquisition costs ("DAC"), sales inducement asset ("SIA") and the value of business acquired was \$ 3.7 million and \$ 2.8 million for the quarters ended March 31, 2013 and 2012, respectively. The variance is a result of increased amortization of annuity DAC and SIA due to growth of the in force business.

As a result of the above mentioned changes in revenues and expenses, pretax earnings from operations were \$ 4.1 million and \$ 1.4 million for the quarters ended March 31, 2013 and 2012, respectively.

Liquidity and Capital Resources

We believe our current capital structure is a positive factor that will enable us to pursue our operational plans and goals, and provide us with sufficient liquidity for the foreseeable future. The majority of our obligations currently in place mature between fiscal years 2016 and 2019. However, since there are many factors which could affect our liquidity, including some which are beyond our control, there is no assurance that future cash flows and liquidity resources will be sufficient to meet our outstanding debt obligations and our other future capital needs.

At June 30, 2013, cash and cash equivalents totaled \$ 552.6 million, compared with \$ 463.7 million on March 31, 2013. The assets of our insurance subsidiaries are generally unavailable to fulfill the obligations of non-insurance operations (AMERCO, U-Haul and Real Estate). As of June 30, 2013 (or as otherwise indicated), cash and cash equivalents, other financial assets (receivables, short-term investments, other investments, fixed maturities, and related party assets) and debt obligations of each operating segment were:

	<u>Moving & Storage</u>	<u>Property and Casualty Insurance (a)</u>	<u>Life Insurance (a)</u>
		(Unaudited)	
		(In thousands)	
Cash and cash equivalents	\$ 506,802	\$ 10,578	\$ 35,207
Other financial assets	281,267	430,890	1,089,621
Debt obligations	1,737,277	—	—

(a) As of March 31, 2013

At June 30, 2013, our Moving and Storage operating segment had additional cash available under existing credit facilities of \$ 75.0 million.

Net cash provided by operating activities decreased \$ 113.6 million in the first quarter of fiscal 2014 compared with fiscal 2013 primarily due to repayments of \$127.3 million of the notes and interest receivables with SAC Holdings in fiscal 2013 that did not recur this year.

Net cash used in investing activities increased \$ 68.9 million in the first quarter of fiscal 2014, compared with fiscal 2013. Purchases of property, plant and equipment, which are reported net of cash from leases, increased \$ 117.4 million. Cash from the sales of property, plant and equipment increased \$ 30.8 million largely due to an increase in pickup and cargo van sales.

Net cash provided by financing activities increased \$62.2 million in the first quarter of fiscal 2014, as compared with fiscal 2013. Borrowings increased by \$62.0 million and were offset by an increase in capital lease payments of \$6.6 million. Additionally, net annuity deposits at the Life Insurance segment increased \$7.0 million in the first quarter of fiscal 2014 compared to the same period last year.

Liquidity and Capital Resources and Requirements of Our Operating Segments

Moving and Storage

To meet the needs of our customers, U-Haul maintains a large fleet of rental equipment. Capital expenditures have primarily reflected new rental equipment acquisitions and the buyouts of existing fleet from leases. The capital to fund these expenditures has historically been obtained internally from operations and the sale of used equipment and externally from debt and lease financing. In the future, we anticipate that our internally generated funds will be used to service the existing debt and fund operations. U-Haul estimates that during fiscal 2014, we will reinvest in our truck and trailer rental fleet approximately \$ 300 million, net of equipment sales excluding any lease buyouts. Through the first quarter of fiscal 2014, we have invested, net of sales, approximately \$ 120 million before any lease buyouts in our truck and trailer fleet of this projected amount. Fleet investments in fiscal 2014 and beyond will be dependent upon several factors including availability of capital, the truck rental environment and the used-truck sales market. We anticipate that the fiscal 2014 investments will be funded largely through debt financing, external lease financing and cash from operations. Management considers several factors including cost and tax consequences when selecting a method to fund capital expenditures. Our allocation between debt and lease financing can change from year to year based upon financial market conditions which may alter the cost or availability of financing options.

Real Estate has traditionally financed the acquisition of self-storage properties to support U-Haul's growth through debt financing and funds from operations and sales. Our plan for the expansion of owned storage properties includes the acquisition of existing self-storage locations from third parties, the acquisition and development of bare land, and the acquisition and redevelopment of existing buildings not currently used for self-storage. We are funding these development projects through construction loans and internally generated funds. For the first quarter of fiscal 2014, we invested approximately \$99 million in real estate acquisitions, new construction and renovation and repair. For fiscal 2014, the timing of new projects will be dependent upon several factors including the entitlement process, availability of capital, weather, and the identification and successful acquisition of target properties. U-Haul's growth plan in self-storage also includes the expansion of the eMove program, which does not require significant capital.

Net capital expenditures (purchases of property, plant and equipment less proceeds from the sale of property, plant and equipment and lease proceeds) were \$ 181.9 million and \$ 95.4 million for the first quarter of fiscal 2014 and 2013, respectively. The components of our net capital expenditures are provided in the following table:

		Three Months Ending June 30,	
		2013	2012
		(Unaudited)	
		(In thousands)	
Purchases of Rental Equipment	\$	213,255	\$ 196,138

The Moving and Storage operating segment continues to hold significant cash and has access to additional liquidity. Management may invest these funds in our existing operations, expand our product lines or pursue external opportunities in the self-moving and storage market place or reduce existing indebtedness where possible.

Property and Casualty Insurance

State insurance regulations restrict the amount of dividends that can be paid to stockholders of insurance companies. As a result, our Property and Casualty Insurance's operating segment assets are generally not available to satisfy the claims of AMERCO or its legal subsidiaries.

We believe that stockholders equity at the Property and Casualty operating segment remains sufficient and we do not believe that its ability to pay ordinary dividends to AMERCO will be restricted per state regulations.

Our Property and Casualty operating segment's stockholder's equity was \$ 140.8 million and \$ 136.9 million at March 31, 2013 and December 31, 2012, respectively. The increase resulted from net earnings of \$ 2.9 million and a net increase in other comprehensive income of \$ 1.0 million. Our Property and Casualty Insurance operating segment does not use debt or equity issues to increase capital and therefore has no direct exposure to capital market conditions other than through its investment portfolio.

Life Insurance

Our Life Insurance operating segment manages its financial assets to meet policyholder and other obligations including investment contract withdrawals and deposits. Our Life Insurance's operating segment net deposits for the quarter ended March 31, 2013 were \$ 28.0 million. State insurance regulations restrict the amount of dividends that can be paid to stockholders of insurance companies. As a result, our Life Insurance's operating segment funds are generally not available to satisfy the claims of AMERCO or its legal subsidiaries.

Our Life Insurance's operating segment stockholder's equity was \$ 243.6 million and \$ 242.7 million at March 31, 2013 and December 31, 2012, respectively. The increase resulted from net earnings of \$ 2.7 million and a decrease in other comprehensive income of \$ 1.8 million. Our Life Insurance operating segment does not use debt or equity issues to increase capital and therefore has no direct exposure to capital market conditions other than through its investment portfolio.

Cash Provided (Used) from Operating Activities by Operating Segments

Moving and Storage

Net cash provided from operating activities were \$ 230.3 million and \$ 349.3 million for the first quarter of fiscal 2014 and 2013, respectively primarily due to repayments of \$127.3 million of the notes and interest receivables with SAC Holdings in fiscal 2013 that did not recur this year, offset by increased revenues this year.

Property and Casualty Insurance

Net cash provided (used) by operating activities were \$5.4 million and (\$2.8) million for the first quarter ended March 31, 2013 and 2012, respectively. The increase in cash provided was primarily due to a decrease in claim payments.

Our Property and Casualty Insurance's operating segment cash and cash equivalents and short-term investment portfolio amounted to \$ 43.4 million and \$ 45.2 million at March 31, 2013 and December 31, 2012, respectively. This balance reflects funds in transition from maturity proceeds to long term investments. Management believes this level of liquid assets, combined with budgeted cash flow, is adequate to meet foreseeable cash needs. Capital and operating budgets allow our Property and Casualty Insurance operating segment to schedule cash needs in accordance with investment and underwriting proceeds.

Life Insurance

Net cash provided by operating activities were \$ 3.6 million and \$ 6.4 million for the first quarter ended March 31, 2013 and 2012, respectively. The decrease in cash provided was attributable to the decrease in collected premiums offset by an increase in net investment income.

In addition to cash flows from operating activities and financing activities, a substantial amount of liquid funds are available through our Life Insurance's operating segment short-term portfolio. At March 31, 2013 and December 31, 2012, cash and cash equivalents and short-term investments amounted to \$ 45.9 million and \$ 34.6 million, respectively. Management believes that the overall sources of liquidity are adequate to meet foreseeable cash needs.

Liquidity and Capital Resources - Summary

We believe we have the financial resources needed to meet our business plans including our working capital needs. We continue to hold significant cash and have access to existing credit facilities and additional liquidity to meet our anticipated capital expenditure requirements for investment in our rental fleet, rental equipment and storage acquisitions and build outs.

Our borrowing strategy is primarily focused on asset-backed financing and rental equipment operating leases. As part of this strategy, we seek to ladder maturities and hedge floating rate loans through the use of interest rate swaps. While each of these loans typically contains provisions governing the amount that can be borrowed in relation to specific assets, the overall structure is flexible with no limits on overall Company borrowings. Management feels it has adequate liquidity between cash and cash equivalents and unused borrowing capacity in existing credit facilities to meet the current and expected needs of the Company over the next several years. At June 30, 2013, we had cash availability under existing credit facilities of \$ 75.0 million. It is possible that circumstances beyond our control could alter the ability of the financial institutions to lend us the unused lines of credit. We believe that there are additional opportunities for leverage in our existing capital structure. For a more detailed discussion of our long-term debt and borrowing capacity, please see Note 4, Borrowings of the Notes to Condensed Consolidated Financial Statements.

Fair Value of Financial Instruments

Assets and liabilities recorded at fair value on the condensed consolidated balance sheets and are measured and classified based upon a three tiered approach to valuation. ASC 820 requires that financial assets and liabilities recorded at fair value be classified and disclosed in a Level 1, Level 2 or Level 3 category. For more information, please see Note 13, Fair Value Measurements of the Notes to Condensed Consolidated Financial Statements.

The available-for-sale securities held by the Company are recorded at fair value. These values are determined primarily from actively traded markets where prices are based either on direct market quotes or observed transactions. Liquidity is a factor considered during the determination of the fair value of these securities. Market price quotes may not be readily available for certain securities or the market for them has slowed or ceased. In situations where the market is determined to be illiquid, fair value is determined based upon limited available information and other factors including expected cash flows. At June 30, 2013, we had \$ 1.2 million of available-for-sale assets classified in Level 3.

The interest rate swaps held by us as hedges against interest rate risk for our variable rate debt are recorded at fair value. These values are determined using pricing valuation models which include broker quotes for which significant inputs are observable. They include adjustments for counterparty credit quality and other deal-specific factors, where appropriate and are classified as Level 2.

Disclosures about Contractual Obligations and Commercial Commitments

Our estimates as to future contractual obligations have not materially changed from the disclosure included under the subheading Disclosures About Contractual Obligations and Commercial Commitments in Part II, Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, of our Annual Report on Form 10-K for the fiscal year ended March 31, 2013.

Off-Balance Sheet Arrangements

The Company uses off-balance sheet arrangements in situations where management believes that the economics and sound business principles warrant their use.

We utilize operating leases for certain rental equipment and facilities with terms expiring substantially through 2019. In the event of a shortfall in proceeds from the sales of the underlying rental equipment assets, we have guaranteed \$ 111.8 million of residual values at June 30, 2013 for these assets at the end of their respective lease terms. We have been leasing rental equipment since 1987. To date, we have not experienced residual value shortfalls related to these leasing arrangements. Using the average cost of fleet related debt as the discount rate, the present value of our minimum lease payments and residual value guarantees were \$ 276.8 million at June 30, 2013.

Historically, we have used off-balance sheet arrangements in connection with the expansion of our self-storage business. For more information please see Note 9, Related Party Transactions of the Notes to Condensed Consolidated Financial Statements. These arrangements were primarily used when the Company's overall borrowing structure was more limited. The Company does not face similar limitations currently and off-balance sheet arrangements have not been utilized in our self-storage expansion in recent years. In the future, we will continue to identify and consider off-balance sheet opportunities to the extent such arrangements would be economically advantageous to us and our stockholders.

We currently manage the self-storage properties owned or leased by SAC Holdings, Mercury, 4 SAC, 5 SAC, Galaxy, and Private Mini pursuant to a standard form of management agreement, under which we receive a management fee of between 4% and 10% of the gross receipts plus reimbursement for certain expenses. We received management fees, exclusive of reimbursed expenses, of \$ 10.3 million and \$9.4 million from the above mentioned entities during the first quarter of fiscal 2014 and 2013, respectively. This management fee is consistent with the fee received for other properties we previously managed for third parties. SAC Holdings, 4 SAC, 5 SAC, Galaxy and Private Mini are substantially controlled by Blackwater. Blackwater is wholly-owned by Mark V. Shoen, a significant stockholder of AMERCO. Mercury is substantially controlled by Mark V. Shoen. James P. Shoen, a significant shareholder and director of AMERCO and an estate planning trust benefitting the Shoen children have an interest in Mercury.

We lease space for marketing company offices, vehicle repair shops and hitch installation centers from subsidiaries of SAC Holdings, 5 SAC and Galaxy. Total lease payments pursuant to such leases were \$ 0.7 million in the first quarters of both fiscal 2014 and 2013, respectively. The terms of the leases are similar to the terms of leases for other properties owned by unrelated parties that are leased to us.

At June 30, 2013, subsidiaries of SAC Holdings, 4 SAC, 5 SAC, Galaxy and Private Mini acted as U-Haul independent dealers. The financial and other terms of the dealership contracts with the aforementioned companies and their subsidiaries are substantially identical to the terms of those with our other independent dealers whereby commissions are paid by us based on equipment rental revenues. We paid the above mentioned entities \$ 13.3 million and \$ 11.6 million in commissions pursuant to such dealership contracts during the first quarter of fiscal 2014 and 2013, respectively.

During the first quarter of fiscal 2014, subsidiaries of ours held various junior unsecured notes of SAC Holdings. Substantially all of the equity interest of SAC Holdings is controlled by Blackwater. We do not have an equity ownership interest in SAC Holdings. We recorded interest income of \$ 1.9 million and \$ 2.5 million, and received cash interest payments of \$ 12.3 million and \$ 7.2 million, from SAC Holdings during the first quarter of fiscal 2014 and 2013, respectively. The largest aggregate amount of notes receivable outstanding during the first quarter of fiscal 2014 was \$ 72.4 million and the aggregate notes receivable balance at June 30, 2013 was \$ 72.2 million. In accordance with the terms of these notes, SAC Holdings may prepay the notes without penalty or premium at any time. The scheduled maturities of these notes are between 2017 and 2019.

These agreements along with notes with subsidiaries of SAC Holdings, 4 SAC, 5 SAC, Galaxy and Private Mini, excluding Dealer Agreements, provided revenues of \$ 7.9 million, expenses of \$ 0.7 million and cash flows of \$ 21.7 million during the first quarter of fiscal 2013. Revenues and commission expenses related to the Dealer Agreements were \$ 60.5 million and \$ 13.3 million, respectively during the first quarter of fiscal 2014.

Fiscal 2014 Outlook

We will continue to focus our attention on increasing transaction volume and improving pricing, product and utilization for self-moving equipment rentals. Maintaining an adequate level of new investment in our truck fleet is an important component of our plan to meet our operational goals. Revenue in the U-Move program could be adversely impacted should we fail to execute in any of these areas. Even if we execute our plans, we could see declines in revenues due to unforeseen events including the continuation of adverse economic conditions that are beyond our control.

With respect to our storage business, we have added new locations and expanded at existing locations. In fiscal 2014, we are looking to continue to acquire new locations, complete current projects and increase occupancy in our existing portfolio of locations. New projects and acquisitions will be considered and pursued if they fit our long-term plans and meet our financial objectives. In the current environment, we have focused fewer resources on new construction than in recent history. We will continue to invest capital and resources in the U-Box storage container program throughout fiscal 2014.

Our Property and Casualty Insurance operating segment will continue to provide loss adjusting and claims handling for U-Haul and underwrite components of the Safemove, Safetow, Safemove Plus, Safestor and Safestor Mobile protection packages to U-Haul customers.

Our Life Insurance operating segment is pursuing its goal of expanding its presence in the senior market through the sales of its Medicare supplement, life and annuity policies. This strategy includes growing its agency force, expanding its new product offerings, and pursuing business acquisition opportunities.

Cautionary Statements Regarding Forward-Looking Statements

This Quarterly Report contains "forward-looking statements" regarding future events and our future results of operations. We may make additional written or oral forward-looking statements from time to time in filings with the SEC or otherwise. We believe such forward-looking statements are within the meaning of the safe-harbor provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Such statements may include, but are not limited to, projections of revenues, earnings or loss, estimates of capital expenditures, plans for future operations, products or services, financing needs and plans, our perceptions of our legal positions and anticipated outcomes of government investigations and pending litigation against us, liquidity, goals and strategies, plans for new business, storage occupancy, growth rate assumptions, pricing, costs, and access to capital and leasing markets as well as assumptions relating to the foregoing. The words "believe," "expect," "anticipate," "estimate," "project" and similar expressions identify forward-looking statements, which speak only as of the date the statement was made.

Forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified. Factors that could significantly affect results include, without limitation, the risk factors set forth in the section entitled Item 1A. Risk Factors contained in our Annual Report on Form 10-K for the fiscal year ended March 31, 2013, as well as the following: our ability to operate pursuant to the terms of its credit facilities; our ability to maintain contracts that are critical to our operations; the costs and availability of financing; our ability to execute our business plan; our ability to attract, motivate and retain key employees; general economic conditions; fluctuations in our costs to maintain and update our fleet and facilities; our ability to refinance our debt; changes in government regulations, particularly environmental regulations; our credit ratings; the availability of credit; changes in demand for our products; changes in the general domestic economy; the degree and nature of our competition; the resolution of pending litigation against us; changes in accounting standards and other factors described in this Quarterly Report or the other documents we file with the SEC. The above factors, the following disclosures, as well as other statements in this Quarterly Report and in the Notes to Condensed Consolidated Financial Statements, could contribute to or cause such risks or uncertainties, or could cause our stock price to fluctuate dramatically. Consequently, the forward-looking statements should not be regarded as representations or warranties by us that such matters will be realized. We assume no obligation to update or revise any of the forward-looking statements, whether in response to new information, unforeseen events, changed circumstances or otherwise.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

We are exposed to financial market risks, including changes in interest rates and currency exchange rates. To mitigate these risks, we may utilize derivative financial instruments, among other strategies. We do not use derivative financial instruments for speculative purposes.

Interest Rate Risk

The exposure to market risk for changes in interest rates relates primarily to our variable rate debt obligations and one variable rate operating lease. We have used interest rate swap agreements and forward swaps to reduce our exposure to changes in interest rates. We enter into these arrangements with counterparties that are significant financial institutions with whom we generally have other financial arrangements. We are exposed to credit risk should these counterparties not be able to perform on their obligations.

(a) forward swap

(b) operating lease

As of June 30, 2013, we had \$ 476.9 million of variable rate debt obligations and \$ 13.7 million of a variable rate operating lease. If LIBOR were to increase 100 basis points, the increase in interest expense on the variable rate debt would decrease future earnings and cash flows by \$ 0.4 million annually (after consideration of the effect of the above derivative contracts.)

Additionally, our insurance subsidiaries' fixed income investment portfolios expose us to interest rate risk. This interest rate risk is the price sensitivity of a fixed income security to changes in interest rates. As part of our insurance companies' asset and liability management, actuaries estimate the cash flow patterns of our existing liabilities to determine their duration. These outcomes are compared to the characteristics of the assets that are currently supporting these liabilities assisting management in determining an asset allocation strategy for future investments that management believes will mitigate the overall effect of interest rates.

Foreign Currency Exchange Rate Risk

The exposure to market risk for changes in foreign currency exchange rates relates primarily to our Canadian business. Approximately 5.7% and 6.2% of our revenue was generated in Canada during the first quarter of fiscal 2014 and 2013, respectively. The result of a 10.0% change in the value of the U.S. dollar relative to the Canadian dollar would not be material to net income. We typically do not hedge any foreign currency risk since the exposure is not considered material.

Item 4. Controls and Procedures

Attached as exhibits to this Quarterly Report are certifications of our Chief Executive Officer ("CEO") and Chief Accounting Officer ("CAO"), which are required in accordance with Rule 13a-14 of the Exchange Act. This "Controls and Procedures" section includes information concerning the controls and procedures evaluation referred to in the certifications and it should be read in conjunction with the certifications for a more complete understanding of the topics presented in the section, Evaluation of Disclosure Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

The Company's management, with the participation of the CEO and CAO, conducted an evaluation of the effectiveness of the design and operation of the Company's "disclosure controls and procedures" (as such term is defined in the Exchange Act Rules 13a-15(e) and 15d-15(e)) ("Disclosure Controls") as of the most recently completed fiscal quarter covered by this Quarterly Report. Our Disclosure Controls are designed to reasonably assure that information required to be disclosed in our reports filed under the Exchange Act, such as this Quarterly Report, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Our Disclosure Controls are also designed to reasonably assure that such information is accumulated and communicated to our management, including our CEO and CAO, as appropriate to allow timely decisions regarding required disclosure. Based upon the controls evaluation, our CEO and CAO have concluded that as of the end of the period covered by this Quarterly Report, our Disclosure Controls were effective related to the above stated design purposes.

Inherent Limitations on the Effectiveness of Controls

The Company's management, including our CEO and CAO, does not expect that our Disclosure Controls or our internal control over financial reporting will prevent or detect all error and all fraud. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the control system's objectives will be met. The design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Further, because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that misstatements due to error or fraud will not occur or that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Controls can also be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the controls. The design of any system of controls is based in part on certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Projections of any evaluation of controls effectiveness to future periods are subject to risks. Over time, controls may become inadequate because of changes in conditions or deterioration in the degree of compliance with policies or procedures.

Changes in Internal Control over Financial Reporting

There have not been any changes in the Company's internal control over financial reporting as such term is defined in Exchange Act Rules 13a-15(f) and 15d-15(f) during the most recently completed fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Substitution of Eligible Properties

. The Borrowers shall have the right, upon not less than 30 days notice to the Lender, to substitute a new Property for an Eligible Property included in the Collateral; provided, that (a) such Property shall satisfy all of the Eligibility Criteria as an Eligible Property, and the Borrowers shall provide the Lender with such information as the Lender shall reasonably request to confirm the same; (b) all of the conditions specified in Section 5.2(c) and (d) shall have been satisfied with respect to such new Property and the environmental searches and reports required under Section 6.8(f) shall have been performed and delivered; (c) the representations and warranties specified in Sections 4.20 and 4.21 (with respect to such new Property) shall be true and correct in all material respects after giving effect to such requested substitution; (d) if the appraisal on such Property is dated more than 24 months prior to the date of such requested substitution, the Lender shall have the right to receive a new appraisal by an appraiser, and in form, satisfactory to the Lender; (e) the sum of the Appraised Value of such new Property, plus the amount of any concurrent reduction of the Term Loan Commitment made pursuant to Section 2.4(b)(ii) divided by 65%, shall be not less than the Appraised Value of the Property being substituted; and (f) after giving effect to such substitution, no Default or Event of Default shall have occurred and be continuing; provided, further, however, that if such new Property is a Property that has been released from the Lien of the CMBS Documents and would not satisfy the requirements set forth in clause (b) and (c) of the immediately preceding proviso solely because the representation in Section 4.21(b) would not be true and correct, the Borrowers may, prior the applicable CMBS Release Date, nonetheless substitute such Eligible Property for such new Property as long as the Borrowers prepay the Term Loan pursuant to Section 3.5 not later than five Business Days following the date the Borrowers receive any proceeds of any Award in respect of such new Property in an amount equal to the greater of 65% of the Appraised Value of such new Property and the amount of the Award received in respect of such new Property. If the conditions specified in the immediately preceding sentence shall have been satisfied, the substituted Eligible Property shall cease to be an Eligible Property and the Lender shall release the substituted Eligible Property from the Liens of the Mortgages, and the new Property shall thereafter be deemed to be an Eligible Property for all purposes of the Loan Documents.

(c) Interest shall be payable in arrears on each Payment Date, provided that interest accruing pursuant to paragraph (b) of this Section shall be payable from time to time on demand.

[Reserved]

.

3.4 Repayment of Term Loan: Evidence of Debt.

- (a) Each of the Borrowers hereby unconditionally promises, jointly and severally, to pay to the Lender the then unpaid principal amount of the Term Loan on the Termination Date. Each of the Borrowers hereby further agrees, jointly and severally, to pay interest on the unpaid principal amount of the Term Loan from time to time outstanding from the date hereof until payment in full thereof at the rates per annum, and on the dates, set forth in Section 3.1.
- (b) The Lender shall maintain in accordance with its usual practice an account or accounts evidencing indebtedness of the Borrowers to the Lender resulting from the Term Loan, including the amounts of principal and interest payable and paid to the Lender from time to time under this Agreement.
- (c) The Borrowers agree that, upon the request by the Lender, the Borrowers will execute and deliver to the Lender a promissory note of the Borrowers evidencing the Term Loan of the Lender, substantially in the form of Exhibit A (the "Note") which Note shall amend and restate the note issued to the Lender under the Existing Loan Agreement.

Optional Prepayments.

- (a) The Borrower may at any time prepay the Term Loan, in whole or in part, upon irrevocable notice to the Lender (in the form of Annex III) prior to 2:00 p.m., New York City time, at least three (3) Business Days prior thereto, specifying the date and amount of prepayment. If any such notice is given, the amount specified in such notice shall be due and payable on the date specified therein, together with any amounts payable pursuant to Section 3.13.
- (b) Partial prepayments pursuant to this Section shall be in an aggregate principal amount of \$1,000,000 or a whole multiple of \$100,000 in excess thereof, exclusive of any fees or accrued interest then due.

Mandatory Prepayments

.

- (a) If on any date the aggregate outstanding principal amount of the Term Loan exceeds the Term Loan Commitment, the Borrowers shall immediately prepay the Term Loan in an amount equal to the amount of such excess.
- (b) Any prepayment of the Term Loan pursuant to this Section 3.6 and/or the reduction of the Term Loan Commitment pursuant to Section 2.4(b), and the rights of the Lender in respect thereof, are subject to the provisions of Sections 3.12 and 3.13.

Computation of Interest and Fees

.

- (a) All facility fees and interest shall be calculated on the basis of a 360 day year for the actual days elapsed. The Lender shall as soon as practicable notify the Borrowers of each determination of a Eurodollar Rate. Any change in the interest rate on the Term Loan resulting from a change in the Eurocurrency Reserve Requirements shall become effective as of the opening of business

on the day on which such change becomes effective. The Lender shall as soon as practicable notify the Borrowers, by facsimile transmission or electronic mail, of the effective date and the amount of each such change in interest rate.

(b) Each determination of an interest rate by the Lender pursuant to any provision of this Agreement shall be conclusive and binding on the Borrowers in the absence of manifest error. The Lender shall, at the request of the Borrowers, deliver to the Borrowers a statement showing the quotations used by the Lender in determining any interest rate pursuant to Section 3.1(a).

Inability to Determine Interest Rate

. If prior to the first day of any Interest Period:

(a) the Lender shall have determined (which determination shall be conclusive and binding upon the Borrowers) that, by reason of circumstances affecting the relevant market, adequate and reasonable means do not exist for ascertaining the Eurodollar Rate for such Interest Period, or

(b) the Lender shall have determined that the Eurodollar Rate determined or to be determined for such Interest Period will not adequately and fairly reflect the cost to the Lender (as conclusively certified by the Lender) of making or maintaining their affected Term Loan during such Interest Period,

the Lender shall give facsimile or electronic mail notice thereof to the Borrowers as soon as practicable thereafter. If such notice is given and until such notice has been withdrawn by the Lender the Eurodollar Base Rate shall be determined as provided in the proviso to the definition of "Eurodollar Base Rate" in Section 1.1. The Lender shall withdraw any such notice pursuant to clauses (a) or (b) above if the Lender determines that the relevant circumstances have ceased to exist.

Payments

. All payments (including prepayments) to be made by the Borrowers hereunder, whether on account of principal, interest, fees or otherwise, shall be made without set-off or counterclaim and shall be made prior to 5:00 p.m., New York City time, on the due date thereof to the Lender, in Dollars and in immediately available funds, in accordance with the instructions designated in the Account and Payment Instructions Certificate as the Lender payment instructions, or as otherwise specified by the Lender; provided that the Collection Sub-Account Deposits shall be paid and deposited into the Collection Sub-Account. If any payment hereunder (other than payments on the Term Loan) becomes due and payable on a day other than a Business Day, such payment shall be extended to the next succeeding Business Day, and, with respect to payments of principal, interest thereon shall be payable at the then applicable rate during such extension. If any payment on the Term Loan becomes due and payable on a day other than a Business Day, the maturity thereof shall be extended to the next succeeding Business Day unless the result of such extension would be to extend such payment into another calendar month in which event such payment shall be made on the immediately preceding Business Day. In the case of any extension of any payment of principal pursuant to the preceding two sentences, interest thereon shall be payable at the then applicable rate during such extension.

Illegality

. Notwithstanding any other provision herein, if the adoption of or any change in any Requirement of Law or in the interpretation or application thereof shall make it unlawful for the Lender to make or maintain Eurodollar Loans as contemplated by this Agreement, the Eurodollar Base Rate shall be determined as provided in the proviso to the definition of "Eurodollar Base Rate" in Section 1.1.

Requirements of Law

(a) If the adoption of or any change in any Requirement of Law or in the interpretation or application thereof or compliance by the Lender with any request or directive (whether or not having the force of law) from any central bank or other Governmental Authority made subsequent to the date hereof:

(i) does or shall subject the Lender to any tax of any kind whatsoever with respect to this Agreement, the Note or any Eurodollar Loan made by it, or change the basis of taxation of payments to the Lender in respect thereof (except for Non – Excluded Taxes covered by Section 3.12 and changes in the rate of tax on the overall net income of the Lender);

(ii) does or shall impose, modify or hold applicable any reserve, special deposit, compulsory loan or similar requirement against assets held by, deposits or other liabilities in or for the account of, advances, loans or other extensions of credit by, or any other acquisition of funds by, any office of the Lender which is not otherwise included in the determination of the Eurodollar Rate; or

(iii) does or shall impose on the Lender any other condition;

and the result of any of the foregoing is to increase the cost to the Lender, by an amount which the Lender deems to be material, of making, Continuing or maintaining Eurodollar Loans or to reduce any amount receivable hereunder in respect thereof, then, in any such case, the Borrowers shall promptly, after receiving notice as specified in clause (e) of this Section, pay the Lender such additional amount or amounts as will compensate the Lender for such increased cost or reduced amount receivable.

(b) If claiming any additional amounts payable pursuant to this Section 3.11 or Section 3.12, the Lender shall use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions and so long as, in its sole determination, such efforts would not be disadvantageous to it) to file any certificate or document reasonably requested in writing by the Borrowers if the making of such a filing would avoid the need for or reduce the amount of any such additional amounts.

(c) If the Lender shall have determined that the adoption of or any change in any Requirement of Law regarding capital adequacy or in the interpretation or application thereof or compliance by the Lender or any corporation controlling the Lender with any request or directive regarding capital adequacy (whether or not having the force of law) from any Governmental Authority made subsequent to the date hereof shall have the effect of reducing the rate of return on the Lender's or such corporation's capital as a consequence of its obligations hereunder to a level below that which the Lender or such corporation could have achieved but for such adoption, change or compliance (taking into consideration the Lender's or such corporation's policies with respect to capital adequacy) by an amount deemed by the Lender to be material, then from time to time, the Borrowers shall promptly pay to the Lender such additional amount or amounts as will compensate the Lender for such reduction.

(d) If the Lender becomes entitled to claim any additional amounts pursuant to this Section, it shall promptly notify the Borrowers of the event by reason of which it has become so entitled. A certificate as to any additional amounts payable pursuant to this Section submitted by the Lender to the Borrowers shall be conclusive in the absence of manifest error. The agreements in this Section shall survive the termination of this Agreement and the payment of the Term Loan and all other amounts payable hereunder.

Taxes

(a) All payments made by the Borrowers under this Agreement and any Notes shall be made free and clear of, and without deduction or withholding for or on account of, any present or future income, stamp or other taxes, levies, imposts, duties, charges, fees, deductions or withholdings, now or hereafter imposed, levied, collected, withheld or assessed by any Governmental Authority, excluding net income taxes and franchise taxes imposed in lieu of net income taxes imposed on the Lender as a result of a present or former connection between the Lender and the jurisdiction of the Governmental Authority imposing such tax or any political subdivision or taxing authority thereof or therein (other than any such connection arising solely from the Lender having executed, delivered or performed its obligations or received a payment under, or enforced, this Agreement or any other Loan Documents). If any such non-excluded taxes, levies, imposts, duties, charges, fees deductions or withholdings (“Non-Excluded Taxes”) are required to be withheld from any amounts payable to the Lender hereunder or under any Note, the amounts so payable to the Lender shall be increased to the extent necessary to yield to the Lender (after payment of all Non-Excluded Taxes) interest or any such other amounts payable hereunder at the rates or in the amounts specified in this Agreement, provided, however, that the Borrowers shall not be required to increase any such amounts payable to the Lender if it is not organized under the laws of the United States of America or a state thereof if the Lender fails to comply with the requirements of clause (c) of this Section. Whenever any Non-Excluded Taxes are payable by the Borrowers, as promptly as possible thereafter the Borrowers shall send to the Lender for its own account a certified copy of an original official receipt received by the Borrowers showing payment thereof. If the Borrowers fail to pay any Non-Excluded Taxes when due to the appropriate taxing authority or fails to remit to the Lender the required receipts or other required documentary evidence, the Borrowers shall indemnify the Lender for any incremental taxes, interest or penalties that may become payable by the Lender as a result of any such failure. The agreements in this Section shall survive the termination of this Agreement and the payment of the Term Loan and all other amounts payable hereunder.

(b) In addition, the Borrowers agree to pay to the relevant Governmental Authority in accordance with applicable law any current or future stamp or documentary taxes or any other excise or property taxes, charges or similar levies (including, without limitation, mortgage recording taxes and similar fees) imposed by any Governmental Authority that arise from any payment made hereunder or under any Note, or from the execution, delivery or registration of, or otherwise with respect to, this Agreement or any Note (“Other Taxes”).

(c) If the Lender is not a United States Person (as such term is defined in Section 7701(a)(30) of the Code (a “US Person”)) for United States federal income tax purposes (a “Non-US Lender”), it shall deliver or caused to be delivered to the Borrower the following properly completed and duly executed documents:

(1) two complete and executed (x) U.S. Internal Revenue Forms W – 8BEN (or any successor form thereto) with respect to an income tax treaty providing for a zero rate of withholding tax on interest, or (y) U.S. Internal Revenue Service Forms W – 8ECI (or any successor form thereto); or

(2) two complete and executed U.S. Internal Revenue Service Forms W-8BEN (or any successor form thereto), including all appropriate attachments, documenting the status of the Lender (or Transferee) as a Non-U.S. Lender and (y) a certificate substantially in the form of Exhibit E (a “Non-Bank Status Certificate”).

Such documents shall be delivered by the Lender on or before the date it becomes a party to this Agreement and on or before the date, if any, the Lender (or Transferee) changes its applicable lending office by designating a different lending office (a “New Lending Office”). In addition, the Lender shall

deliver or cause to be delivered such Forms and/or Certificates promptly upon or before the expiration, obsolescence or invalidity of any document previously delivered by the Lender. Notwithstanding any other provision of this Section 3.12(c), the Lender shall not be required to deliver any document pursuant to this Section 3.12(c) that the Lender is not legally able to deliver.

(d) The Borrowers shall not be required to indemnify the Lender or to pay any additional amounts to the Lender in respect of any U.S. federal income or withholding tax pursuant to paragraph (a) or (c) above to the extent that:

(i) the obligation to withhold any amounts with respect to U.S. federal income tax existed on the date the Lender became a party to this Agreement or, with respect to payments to a New Lending Office, the date the Lender designated such New Lending Office, provided, however, that this clause (i) of this paragraph (d) shall not apply (x) to any New Lending Office that becomes a New Lending Office as a result of an assignment, participation, transfer or designation made at the request of the Borrowers or (y) to the extent the indemnity payment or additional amounts the Lender, acting through a New Lending Office, would be entitled to receive (without regard to this paragraph (d)) do not exceed the indemnity payment or additional amounts that the person making the assignment, participation or transfer to the Lender or making the designation of such New Lending Office, would have been entitled to receive in the absence of such assignment, participation, transfer or designation, or

(ii) the obligation to pay such indemnity payment or additional amounts would not have arisen but for a failure by the Lender to comply with the provisions of paragraph (c) above.

(e) Nothing contained in this Section 3.12 shall require the Lender to make available any of its tax returns or any other information that it deems to be confidential or proprietary.

Indemnity

The Borrowers agree to indemnify the Lender and to hold the Lender harmless from any actual loss or expense which the Lender may sustain or incur as a consequence of (a) default by any Borrower in making a borrowing of or Continuation of Eurodollar Loans after any Borrower has given a notice requesting the same in accordance with the provisions of this Agreement, (b) default by any Borrower in making any prepayment after any Borrower has given a notice thereof in accordance with the provisions of this Agreement or (c) the making of a prepayment of Eurodollar Loans on a day which is not the last day of an Interest Period with respect thereto. This covenant shall survive the termination of this Agreement and the payment of the Term Loan and all other amounts payable hereunder.

Lending Offices; Change of Lending Office

(a) The Term Loan made by the Lender shall be made and maintained at the Lender's Applicable Lending Office.

(b) The Lender agrees that if it makes any demand for payment under Section 3.11 or 3.12(a), or if any adoption or change of the type described in Section 3.10 shall occur with respect to it, it will use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions and so long as such efforts would not be disadvantageous to it, as determined in its sole discretion) to designate a different lending office if the making of such a designation would reduce or obviate the need for the Borrowers to make payments under Section 3.11 or 3.12(a), or would eliminate or reduce the effect of any adoption or change described in Section 3.10.

SECTION 4. REPRESENTATIONS AND WARRANTIES

To induce the Lender to enter into this Agreement and to make the Term Loan, the Borrowers and the Guarantor hereby represent and warrant to the Lender that:

Financial Condition

(a) The audited consolidated balance sheet of AMERCO and its consolidated Subsidiaries for the fiscal year ended March 31, 2012 and the related audited consolidated statements of operations, stockholders' equity and cash flows for the fiscal year ended on such date, reported on without a "going concern" or like qualification or exception, or qualification arising out of the scope of the audit, by BDO USA LLP, copies of which have heretofore been furnished to the Agent, are complete and correct and present fairly the consolidated financial condition of AMERCO and its consolidated Subsidiaries as at such date, and the consolidated results of their operations and their consolidated cash flows for the fiscal year then ended.

(b) The unaudited consolidated balance sheet of AMERCO and its consolidated Subsidiaries as at December 31, 2012 and the related unaudited consolidated statements of income and of cash flows for the nine-month period ended on such date, copies of which have heretofore been furnished to the Agent and each Lender, are complete and correct and present fairly the consolidated financial condition of AMERCO and its consolidated Subsidiaries as at such date, and the consolidated results of their operations and their consolidated cash flows for the nine-month period then ended (subject to normal year-end audit adjustments).

(c) All such financial statements, including the related schedules and notes thereto, have been prepared in accordance with GAAP applied consistently throughout the periods involved (except as approved by such Responsible Officer, and as disclosed therein). Neither AMERCO nor any of its consolidated Subsidiaries had, at the date of the most recent balance sheet referred to above, any material Guarantee Obligation, contingent liability or liability for taxes, or any long term lease or unusual forward or long term commitment, including, without limitation, any interest rate or foreign currency swap or exchange transaction or other financial derivative, which is not reflected in the foregoing statements or in the notes thereto. During the period from December 31, 2012 to and including the date hereof there has been no sale, transfer or other disposition by AMERCO or any of its consolidated Subsidiaries of any material part of its business or property and no purchase or other acquisition of any business or property (including any Capital Stock of any other Person) material in relation to the consolidated financial condition of AMERCO and its consolidated Subsidiaries at December 31, 2012.

No Change

. Since December 31, 2012 there has been no development or event which has had or could reasonably be expected to have a Material Adverse Effect.

Existence; Compliance with Law

. Each Loan Party (a) is duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization, (b) has the power and authority, and the legal right, to own and operate its property, to lease the property it operates as lessee and to conduct the business in which it is currently engaged, (c) is duly qualified as a foreign Person and in good standing under the laws of each jurisdiction where its ownership, lease or operation of property or the conduct of its business requires such qualification except where the failure to so qualify could not, in the aggregate, reasonably be expected to have a Material Adverse Effect, and (d) is in compliance with all Requirements of Law except to the extent that the failure to comply therewith could not, in the aggregate, reasonably be expected to have a Material Adverse Effect.

Power; Authorization; Enforceable Obligations

. Each Loan Party has the power and authority, and the legal right, to make, deliver and perform the Loan Documents to which it is a party and, in the case of the Borrowers, to borrow hereunder, and has taken all necessary action to authorize the execution, delivery and performance of the Loan Documents to which it is a party and, in the case of the Borrowers, to authorize the borrowings on the terms and conditions of this Agreement and any Notes. No

consent or authorization of, filing with, notice to or other act by or in respect of, any Governmental Authority or any other Person is required in connection with the borrowings hereunder or with the execution, delivery, performance, validity or enforceability of the Loan Documents to which any Loan Party is a party other than the consents, authorizations, filings, notices and other acts listed on Schedule 4.4, all of which have been obtained or made and are in full force and effect. This Agreement has been, and each other Loan Document to which it is a party will be, duly executed and delivered on behalf of the Loan Parties party thereto. This Agreement constitutes, and each other Loan Document to which it is a party when executed and delivered will constitute, a legal, valid and binding obligation of the Loan Parties party thereto enforceable against such Loan Parties in accordance with its terms, subject to the effects of bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium and other similar laws relating to or affecting creditors' rights generally, general equitable principles (whether considered in a proceeding in equity or at law) and an implied covenant of good faith and fair dealing.

No Legal Bar

. The execution, delivery and performance of the Loan Documents to which any Loan Party is a party, the borrowings hereunder and the use of the proceeds thereof will not violate any Requirement of Law or Contractual Obligation (except those with respect to which consents have been obtained as listed on Schedule 4.4 and which are in full force and effect) of any Loan Party or of any of their respective Subsidiaries and will not result in, or require, the creation or imposition of any Lien on any of its or their respective properties or revenues pursuant to any such Requirement of Law or Contractual Obligation (other than Liens created by the Security Documents in favor of the Lender).

No Material Litigation

. Except as disclosed in the public filings of Guarantor, dated December 31, 2012, and any subsequent Current Report on Form 8-K filed prior to the date hereof, as of the date hereof, no litigation, investigation or proceeding of or before any arbitrator or Governmental Authority is pending or, to the knowledge of the Loan Parties, threatened by or against any Loan Party or any of their respective Subsidiaries or against any of its or their respective properties or revenues (a) with respect to any of the Loan Documents or any of the transactions contemplated hereby or thereby, or (b) which could reasonably be expected to have a Material Adverse Effect.

No Default

. Neither any Loan Party nor any of their respective Subsidiaries is in default under or with respect to any of its Contractual Obligations in any respect which could reasonably be expected to have a Material Adverse Effect. No Default or Event of Default has occurred and is continuing.

Ownership of Property; Liens

. Each Loan Party has good record and marketable title in fee simple to, or a valid leasehold interest in, all its real property, and good title to, or a valid leasehold interest in, all its other property, and none of such property to the extent the same constitutes Collateral is subject to any Lien except Liens in favor of the Lender under the Security Documents and other Permitted Liens.

Taxes

. Each of the Loan Parties and their respective Subsidiaries has filed or caused to be filed all tax returns which, to the knowledge of the Loan Parties, are required to be filed and has paid all taxes shown to be due and payable on said returns or on any assessments made against it or any of its property and all other taxes, fees or other charges imposed on it or any of its property by any Governmental Authority (other than any the amount or validity of which are currently being contested in good faith by appropriate proceedings and with respect to which reserves in conformity with GAAP have been provided on the books of the applicable Loan Party or its Subsidiaries, as the case may be); no tax Lien has been filed, and, to the knowledge of the Loan Parties, no claim is being asserted, with respect to any such tax, fee or other charge.

Federal Regulations

. No part of the proceeds of the Term Loan will be used for “purchasing” or “carrying” any “margin stock” within the respective meanings of each of the quoted terms under Regulation U of the Board of Governors of the Federal Reserve System as now and from time to time hereafter in effect, or for any purpose which violates, or which would be inconsistent with, the provisions of the regulations of such Board of Governors. If requested by the Lender, the Borrowers will furnish to the Lender a statement to the foregoing effect in conformity with the requirements of FR Form G – 3 or FR Form U – 1 referred to in said Regulation U.

ERISA

. Neither a Reportable Event nor a n “accumulated funding deficiency” (within the meaning of Section 412 of the Code or Section 302 of ERISA) has occurred during the five-year period prior to the date on which this representation is made or deemed made with respect to any Single Employer Plan, and each Plan (other than a Multiemployer Plan or a multiemployer welfare plan maintained pursuant to a collective bargaining agreement) has complied in all material respects with the applicable provisions of ERISA and the Code. No termination of a Single Employer Plan has occurred (other than a termination described in Section 4041(b) of ERISA with respect to which any Loan Party has incurred no liability (i) to the PBGC or (ii) in excess of \$1,000,000), and no Lien in favor of the PBGC or a Plan has arisen, during such five-year period. Except to the extent that any such excess could not have a Material Adverse Effect, the present value of all accrued benefits under each Single Employer Plan (based on those assumptions used to fund such Plans) did not, as of the last annual valuation date prior to the date on which this representation is made or deemed made, exceed the value of the assets of such Plan allocable to such accrued benefits. Neither any Borrower nor any Commonly Controlled Entity has had a complete or partial withdrawal from any Multiemployer Plan for which any withdrawal liability remains unpaid, and, to the knowledge of the Loan Parties, any Borrower would not become subject to any material liability under ERISA if any Borrower or any Commonly Controlled Entity were to withdraw completely from all Multiemployer Plans as of the valuation date most closely preceding the date on which this representation is made or deemed made. To the knowledge of the Loan Parties, no such Multiemployer Plan is in Reorganization or Insolvent. Except to the extent that any such excess could not have a Material Adverse Effect, the present value (determined using actuarial and other assumptions which are reasonable in respect of the benefits provided and the employees participating) of the liability of the Borrowers and each Commonly Controlled Entity for post retirement benefits to be provided to their current and former employees under Plans which are welfare benefit plans (as defined in Section 3(1) of ERISA) other than such liability disclosed in the financial statements of the Borrowers does not, in the aggregate, exceed the assets under all such Plans allocable to such benefits.

Investment Company Act; Other Regulations

. No Borrower is an “investment company”, or a company “controlled” by an “investment company”, within the meaning of the Investment Company Act of 1940, as amended. No Borrower is subject to regulation under any Federal or State statute or regulation (other than Regulation X of the Board of Governors of the Federal Reserve System) which limits its ability to incur Indebtedness.

Subsidiaries, Corporate Structure

. Schedule 4.13 hereto sets forth as of the date hereof the name of each Loan Party, the name of each Loan Party which is a direct or indirect Subsidiary of a Loan Party, its form of organization, its jurisdiction of organization and the percentage of all outstanding shares or other interests of such class of Capital Stock held by the immediate parent entity.

Security Documents

(a) The provisions of each Security Document are effective to create in favor of the Lender for the ratable benefit of the Lender a legal, valid and enforceable security interest in all right, title and interest of the Loan Party thereto in the “Collateral” described therein.

(b) Proper financing statements have been filed in the offices in the jurisdictions listed in Schedule 4.14(b), and the Collection Account Control Agreement has been duly executed and delivered by the Collection Account Bank, the Collection Sub-Account Control Agreement has been duly executed and delivered by the Collection Sub-Account Bank and the Security Agreement therefore constitutes a fully perfected first Lien on, and security interest in, all right, title and interest of the Loan Parties thereto in the "Collateral" described therein.

(c) The Mortgages have been duly recorded in the recording offices for the counties in which the respective Eligible Properties are located and the Lender has a fully perfected first mortgage Lien on each of the Eligible Properties listed on Schedule 1.1.

4.15 Accuracy and Completeness of Information.

(a) All factual information, reports and other papers and data with respect to the Loan Parties (other than projections) furnished, and all factual statements and representations made, to the Lender by a Loan Party, or on behalf of a Loan Party, were, at the time the same were so furnished or made, when taken together with all such other factual information, reports and other papers and data previously so furnished and all such other factual statements and representations previously so made, complete and correct in all material respects, and did not, as of the date so furnished or made, contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements contained therein not misleading in light of the circumstances in which the same were made.

(b) All projections with respect to the Loan Parties furnished by or on behalf of a Loan Party to the Lender were prepared and presented in good faith by or on behalf of such Loan Party. No fact is known to a Loan Party which (so far as such Loan Party can reasonably foresee) could reasonably be expected to have a Material Adverse Effect which has not been set forth in the financial statements referred to in Section 4.1 or in such information, reports, papers and data referred to in this Section 4.15 or otherwise disclosed in writing to the Lender prior to the Closing Date.

Labor Relations

. No Loan Party is engaged in any unfair labor practice which could reasonably be expected to have a Material Adverse Effect. As of the date hereof there is (a) no unfair labor practice complaint pending or, to the best knowledge of each Loan Party and each of the Subsidiaries, threatened against a Loan Party before the National Labor Relations Board which could reasonably be expected to have a Material Adverse Effect and no grievance or arbitration proceeding arising out of or under a collective bargaining agreement is so pending or threatened; (b) no strike, labor dispute, slowdown or stoppage pending or, to the best knowledge of each Loan Party, threatened against a Loan Party; and (c) no union representation question existing with respect to the employees of a Loan Party and no union organizing activities are taking place with respect to any thereof.

Insurance

. As of the date hereof, each Loan Party has, with respect to its properties and business, insurance covering the risks, in the amounts, with the deductible or other retention amounts, as set forth on Schedule 6.5 and meeting the requirements of Section 6.5 hereof as of the date hereof and the Closing Date.

Solvency

. As of the date hereof, the Closing Date, and each other date of determination, after giving effect to the Term Loan and the granting of the mortgages on the Eligible Properties and the granting of the security interests in the other Collateral to be made on or prior to such date, (i) the amount of the "present fair saleable value" of the assets of the Borrowers, taken as a whole, and of the Guarantor and its Subsidiaries, taken as a whole, will, as of such date, exceed the amount of all "liabilities of the Borrowers, taken as a whole, and of the Guarantor and its Subsidiaries, taken as a whole, contingent or otherwise", as of such date, as such quoted terms are determined in accordance with

Guarantee Provisions; Joint and Several Liability .

Each Borrower acknowledges and agrees that, whether or not specifically indicated as such in a Loan Document, all Obligations shall be joint and several Obligations of each individual Borrower, and in furtherance of such joint and several Obligations, each Borrower hereby irrevocably guarantees the payment of all Obligations of each other Borrower as set forth below:

(a) Guarantee. Each Borrower hereby jointly and severally, absolutely, unconditionally and irrevocably guarantees the full and punctual payment when due, whether at stated maturity, by required prepayment, declaration, acceleration, demand or otherwise, of all Obligations; provided, however, that each Borrower shall only be liable under this Agreement for the maximum amount of such liability that can be hereby incurred without rendering this Agreement, as it relates to such Borrower, voidable under applicable law relating to fraudulent conveyance or fraudulent transfer, and not for any greater amount. This guarantee constitutes a guaranty of payment when due and not of collection, and each Borrower specifically agrees that it shall not be necessary or required that the Lender exercise any right, assert any claim or demand or enforce any remedy whatsoever against any Obligor or any other Person before or as a condition to the obligations of such Borrower hereunder.

(b) Guarantee Absolute, etc. The guarantee agreed to above shall in all respects be a continuing, absolute, unconditional and irrevocable guarantee of payment, and shall remain in full force and effect until the Termination Date. Each Borrower jointly and severally guarantees that the Obligations shall be paid strictly in accordance with the terms of each Loan Document under which such Obligations arise, regardless of any law, regulation or order now or hereafter in effect in any jurisdiction affecting any of such terms or the rights of the Lender with respect thereto. The liability of each

Borrower under this Agreement shall be joint and several, absolute, unconditional and irrevocable irrespective of (i) any lack of validity, legality or enforceability of any Loan Document; (ii) the failure of the Lender (A) to assert any claim or demand or to enforce any right or remedy against any Obligor or any other Person (including any other guarantor) under the provisions of any Loan Document or otherwise, or (B) to exercise any right or remedy against any other guarantor (including any Obligor) of, or collateral securing, any Obligations; (iii) any change in the time, manner or place of payment of, or in any other term of, all or any part of the Obligations, or any other extension, compromise or renewal of any Obligation; (iv) any reduction, limitation, impairment or termination of any Obligations for any reason, including any claim of waiver, release, surrender, alteration or compromise, and shall not be subject to (and each Borrower hereby waives any right to or claim of) any defense or setoff, counterclaim, recoupment or termination whatsoever by reason of the invalidity, illegality, irregularity, compromise, unenforceability of, or any other event or occurrence affecting, any Obligations or otherwise; (v) any amendment to, rescission, waiver, or other modification of, or any consent to or departure from, any of the terms of any Loan Document; (vi) any addition, exchange, release, surrender or non-perfection of any collateral, or any amendment to or waiver or release or addition of, or consent to or departure from, any other guarantee held by the Lender securing any of the Obligations; or (vii) any other circumstance which might otherwise constitute a defense available to, or a legal or equitable discharge of, any Obligor, any surety or any guarantor.

(c) Reinstatement, etc. Each Borrower agrees that its guarantee shall continue to be effective or be reinstated, as the case may be, if at any time any payment (in whole or in part) of any of the Obligations is rescinded or must otherwise be restored by the Lender, upon the insolvency, bankruptcy or reorganization of any other Borrower, any other Obligor or otherwise, all as though such payment had not been made.

(d) Waiver, etc. Each Borrower hereby waives promptness, diligence, notice of acceptance and any other notice with respect to any of the Obligations and this Agreement and any requirement that the Lender protect, secure, perfect or insure any Lien, or any property subject thereto, or exhaust any right or take any action against any other Obligor or any other Person (including any other guarantor) or entity or any collateral securing the Obligations, as the case may be.

(e) Postponement of Subrogation, etc. Each Borrower agrees that it shall not exercise any rights which it may acquire by way of rights of subrogation under any Loan Document to which it is a party, nor shall any Borrower seek or be entitled to seek any contribution or reimbursement from any Obligor, in respect of any payment made hereunder, under any other Loan Document or otherwise, until following the Termination Date. Any amount paid to any Borrower on account of any such subrogation rights prior to the Termination Date shall be held in trust for the benefit of the Lender and shall immediately be paid and turned over to the Lender in the exact form received by such Borrower (duly endorsed in favor of the Lender, if required), to be credited and applied against the Obligations, whether matured or unmatured; provided, however, that if (i) any Borrower has made payment to the Lender of all or any part of the Obligations; and (ii) the Termination Date has occurred; then at such Borrower's request, the Lender shall, at the expense of such Borrower, execute and deliver to such Borrower appropriate documents (without recourse and without representation or warranty) necessary to evidence the transfer by subrogation to such Borrower of an interest in the Obligations resulting from such payment. In furtherance of the foregoing, at all times prior to the Termination Date, each Borrower shall refrain from taking any action or commencing any proceeding against any Obligor (or its successors or assigns, whether in connection with a bankruptcy proceeding or otherwise) to recover any amounts in the respect of payments made under any Loan Document to the Lender.

(f) Right of Contribution. Each Borrower hereby agrees that, to the extent that a Borrower shall have paid more than its proportionate share of any payment made hereunder or in respect

of the Obligations, such Borrower shall be entitled to seek and receive contribution from and against the other Borrower hereunder which has not paid its proportionate share of such payment. The provisions of this Section shall in no respect limit the obligations and liabilities of any Borrower to the Lender, and each Borrower shall remain liable to the Lender for the full amount guaranteed by it here under.

(g) Each Borrower hereby acknowledges and agrees that such Borrower shall be jointly and severally liable to the Lender for all representations, warranties, covenants, obligations and indemnities of the Borrowers hereunder.

Cooperation by Lender .

The Lender agrees that, in the case that the Borrowers notify the Lender that the Term Loan is to be paid in full or refinanced (including by assignment of all the Term Loan for a price not less than all outstanding Obligations), in a manner not prohibited by this Agreement, the Lender shall cooperate with the Borrowers to provide to the Borrowers, in connection with such payment or refinancing or assignment (and subject to the payment in full of the Obligations and such other terms as the Lender may reasonably require), to use its reasonable efforts to execute and deliver such releases, termination statements, mortgage satisfactions and other similar instruments, prepared by the Borrowers and reasonably acceptable to the Lender, all at the Borrowers' expense, as the Borrowers may reasonably request in connection with such repayment or refinancing or assignment.

Keepwell .

Each Qualified ECP Guarantor hereby jointly and severally absolutely, unconditionally and irrevocably undertakes to provide such funds or other support as may be needed from time to time by each other Loan Party to honor all of its obligations under the Guaranty or the provisions of Section 9.16 hereof in respect of Swap Obligations (provided, however, that each Qualified ECP Guarantor shall only be liable under this Section 9.18 for the maximum amount of such liability that can be hereby incurred without rendering its obligations under this Section 9.18, or otherwise under the Guaranty or Section 9.16 hereof, voidable under applicable law relating to fraudulent conveyance or fraudulent transfer, and not for any greater amount). The obligations of each Qualified ECP Guarantor under this Section 9.18 shall remain in full force and effect until the Term Loan has been paid in full and no Term Loan Commitment remains outstanding. Each Qualified ECP Guarantor intends that this Section 9.18 constitute, and this Section 9.18 shall be deemed to constitute, a "keepwell, support, or other agreement" for the benefit of each other Loan Party for all purposes of Section 1a(18)(A)(v)(II) of the Commodity Exchange Act.
